TPL Trakker's comprehensive Internet of Things (IoT) solutions are customized for businesses seeking operational automation. Our expertise lies in establishing seamless connections between individuals and machinery, culminating in an intricate network of streamlined commands and swift actions. Our solutions cater to diverse industries, empowering them to efficiently manage remotely connected devices, leverage insightful analytics, and derive informed, data-driven results for impactful results. One of the most compelling advantages of our IOT solutions is the unparalleled potential for cost savings. Through real-time monitoring and data-driven insights, businesses can optimize their operations, leading to potential operational cost reductions of up to 25%.

Trakking

With an impressive track record spanning more than two decades in the GPS tracking industry, we excel in connecting the future for our clients. Our specialized services are dedicated to assisting clients in the precise acquisition of vehicle data, transforming this information into actionable insights. This strategic approach not only serves to mitigate costs and potential risks but also significantly elevates operational efficiency and safety standards, ensuring you're prepared for the challenges and opportunities of tomorrow. Our comprehensive suite of products and services is designed with customization in mind, allowing you to maintain vigilant control over your valuable assets while connecting you to the future. Telematics

As trailblazers in the Telematics sector within Pakistan, we specialize in facilitating the seamless integration of smart devices and corporate entities. Our mission is to empower corporations to streamline their operational costs while harnessing data and information resources with utmost efficiency. With a track record of serving over half a million vehicles, we are committed to enabling businesses to forge connections with the cutting-edge technology and future prospects. Armed with cutting-edge technology and advanced analytics, we unleash the potential within data streams, transforming them into strategic resources that drive data-driven decisions.

Creating value through digital transformation.

Mission

Delivering telematics to connect mobile assets, people and businesses.

Core Values

Integrity | Entrepreneurial Spirit | Value Creation | Team Work | Diversity | Gender equality

Business Transformations

Innovative Solutions Driving Operational Efficiency

In a world increasingly reliant on uninterrupted power supply, TPL Trakker remains at the forefront, revolutionizing the industry with our state-of-the-art genset monitoring and power-saving solutions. As we reflect on the past year, we take pride in the strides we have made in enhancing operational efficiency, reducing costs, and supporting sustainable practices.

With up to 25% cost saving, our genset monitoring system, powered by cutting-edge IoT technology, has emerged as a cornerstone in ensuring reliable backup power solutions. Real-time data collection and analysis of critical parameters, including fuel levels, engine performance, and load dynamics, enable proactive maintenance and precise decision-making. Through continuous monitoring, we empower our clients to predict, prevent, and swiftly address any potential issues, minimizing downtime and maximizing performance.

A Sustainable Approach

At TPL Trakker, sustainability is at the heart of our operations. Our power-saving solutions are designed to not only optimize energy consumption but also minimize the environmental impact. By smartly implementing advanced technologies, we enable our clients to achieve significant cost saving without compromising productivity.

We are dedicated to further advancements in genset monitoring, integrating Al-driven analytics, expanding our IoT capabilities, and fostering strategic partnerships to offer comprehensive and reliable solutions to our esteemed clients.

Upgraded Digital Experience

Over the past year, we have proven a steadfast commitment to delivering an exceptional and seamless digital experience to our valued customers. We successfully launched a secure 24/7 digital online portal, enabling our customers to conduct transactions, purchase and pay for Trakker, upgrade their packages, and manage payments for pending dues and annual maintenance charges. This significant milestone was achieved to simplify the digital journey for our esteemed clientele.

Upgraded App

we undertook a comprehensive revamp of our mobile app, introducing a simplified interface to enrich our customers' experience. We also integrated a crucial 'SOS' button, reinforcing our dedication to their safety and well-being.

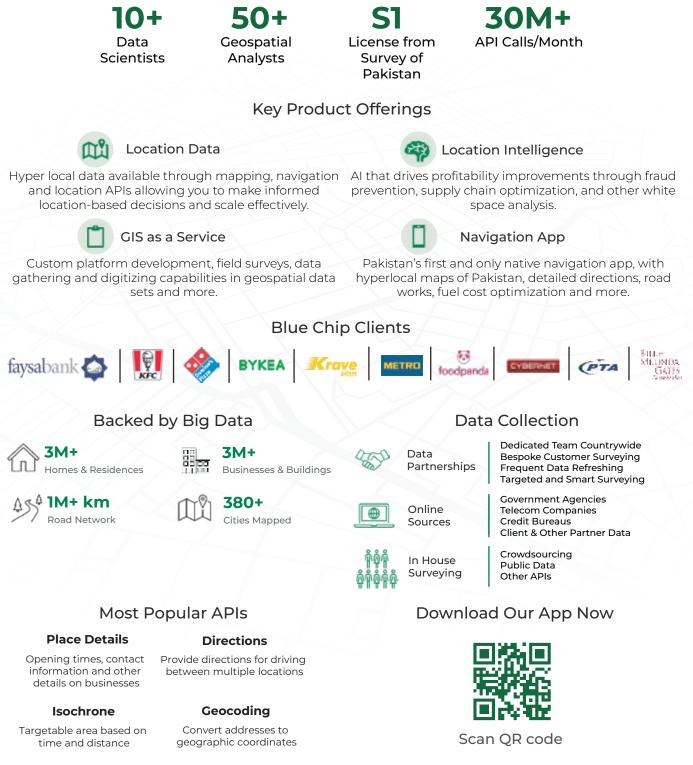

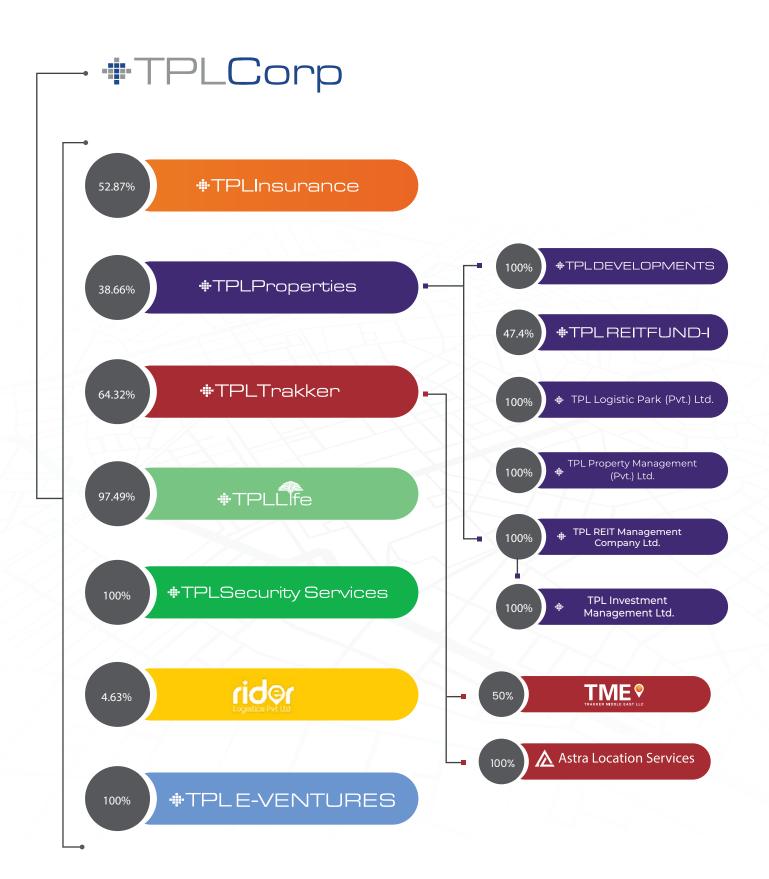

Scan QR Code to Download App

TPL Maps uses location data and AI to help enterprises optimize their supply chains and revenue channels. TPL Maps is Pakistan's only native location player and works with leading enterprises to drive operational, revenue, and cost optimizations to increase profitability. Moreover, TPL Maps launched Pakistan's first native navigation app, which provides hyperlocal solutions to everyday mobility challenges in Pakistan.

Chairman's Review

I am privileged to announce to our esteemed members the performance of the Board of Directors of TPL Trakker Limited ("Company"). Despite the challenges posed by the country's economic downturn and currency devaluation, the Company has made significant strides in operational profitability, and the Board is pleased with the Company's progress.

Our Board comprises of individuals with diverse skills, knowledge, and industry experience, providing invaluable support to the Management team, which in turn, drives the consistent and positive growth of the Company. This enables the Board to consistently offer expert guidance and support to the management team. The Board is dedicated to upholding principles of transparency, accountability, and sound corporate governance as essential components of fulfilling its responsibilities. The Board sub-committees have met regularly throughout the year, ensuring the correct implementation of audit and remuneration structures and processes by the management.

On behalf of the Board, I would like to extend my gratitude to our valued shareholders, management, employees, and all other stakeholders of the Company. We hope that the Company continues to thrive and progresses toward a profitable future in the years ahead.

Mr. Jameel Yusuf S.St. Chairman of the Board As of June 30, 2023

CEO's Message

Our journey from a vehicle tracking service provider to a leading force in telematics, IoT, and location-based intelligence is an homage to our ingenious spirit and global competitiveness. This legacy of ambition fills me with confidence for both our exceptional team and the future of our iconic brand.

As we navigate through the complexities of this age of data, our dedication fortifies harnessing technology's potential and efficiency for our valued clientele. Tracking over 1 billion kilometers and generating over 3 million alerts during the year, the power of our data analytics platforms provided our clients with real-time visibility and actionable intelligence to streamline their growing operations and serve their customers better.

Our IoT solutions present an array of compelling benefits, allowing users to analyze fuel consumption and optimize predictive schedules, ensuring seamless business operations, and enabling remote monitoring and control while simultaneously reducing costs and minimizing carbon footprints. I want to highlight how the power of innovation and persistence has allowed us to develop truly localized telematics and IoT solutions to help our fellow corporate citizens across Pakistan and the GCC.

The most recent milestone to highlight here is our localized Gen-Set Fuel Monitoring product. Deployed along with our proprietary digital dashboards and analytics, the solution provides a one-stop shop for all operational and cost optimization needs for valuable assets spread across any diverse network nationwide. We have already on-boarded and deployed this solution across major corporations, including banks, who are continuously validating the product while also providing new insights for continuous advancements and customization locally.

Additionally, our strategic alliances with government entities, such as FBR, SNGPL, and Punjab's municipal corporations and waste management companies, have further strengthened our presence and authority in the local market. Our Stolen Vehicle Recovery rate remained well above 90%, which is a testament to our Control Tower Task Force, which works round-the-clock to protect your valuable assets.

With PACRA reaffirming our A-/A2 rating along with a stable outlook, and TPL Trakker recently bagging the Brand of the Year Award for Excellence in Telematics, IOT, and Fleet Management Solutions, this is proof not only of the resilience of our business model but also of the financial discipline underpinning our exceptional growth.

Our presence in the GCC region has been growing stronger and bigger by the year. Trakker Middle East successfully achieved 99% 2G/4G conversion of its total fleet in compliance with UAE regulations this year. Moreover, new partnerships matured with organizations like Emirates Transports, Fast Riders, Gargash Equipment Solutions, Veolia, and Emirates Global Aluminum, to name a few.

As we begin a new chapter in our journey ahead, our corporate mission of connecting the future—which includes delivering cutting-edge telematics and IOT solutions and building sustainable value for businesses—remains steadfast. I have faith that our adaptability and resilient nature will continue to set us apart despite the challenges ahead.

Thank you for your trust and support.

Board Of Directors

Mr. Jameel Yusuf S.St. Chairman

Mr. Rao Salman CEO

Ms. Nausheen Javaid Amjad Director

Mr. Omar Askari

Mr. Amjad Waqar Director

Mr. Jamil Akbar Director

Mr. Sarwar Ali Khan Director

Brigadier (R) Muhammad Tahir Chaudhary Director

Mr. Mohammad Riaz

Mr. Jameel Yusuf S.St. - Chairman

A businessman by profession and the Chairman of TPL Corp Ltd. He is the founding Chairman of Citizen-Police Liaison Committee (CPLC) and remained its Chairman from September 1989 to March 2003. He is also the Director of Asia Crime Prevention Foundation (ACPF) and is the founding trustee of "PANAH", a shelter established for women in distress. Mr. Yusuf has also been a member of the Advisory Council Fellowship (WWC) since 2004. He was awarded the Presidential Award "Sitara-e-Shujaat" for gallant services in August 1992 and was also nominated for the First United Nations Vienna Civil Society Award in 1999. He has also been appointed as a Member of the Committee formulated by National Accountability Bureau for redressal of business community's grievances.

Rao Salman - CEO

Mr. Rao Salman is the Chief Executive Officer at TPL Trakker Limited & Trakker Middle East. With over 22 years of expertise in Leadership, Business Management, Customer Success, Organizational Development, and Business Transformation, he has consistently delivered sustainable growth and remarkable results throughout his career. His recent role as Director of Sales & International Business Development at Pakistan Cables Limited stands as a testament to his strategic insights and global partnership skills, which resulted in impressive sales contributions and historical bottom-line figures. Prior leadership roles at IBL Group and TCS Express & Logistics showcased his exceptional abilities in expanding organizational presence. With a Master's degree in Marketing from IoBM and a bachelor's degree in Engineering from NED University of Engineering, Mr. Salman's unique educational background complements his well-rounded business expertise.

Nausheen Javaid Amjad - Director

Ms. Nausheen has been in the Government Service for 36 years and retired as a Federal Secretary in April 2021. She held many key positions in the Federal Government including the Chairperson of the Federal Board of Revenue, also being the first female to finalize the Federal Budget 2021. She spent majority of her time in the Inland Revenue Services and held key positions in the field formation and at FBR headquarters including Member, Administration, Audit and Information Technology. She played a pivotal role in improving and formulating the Audit, IT along with external and internal Communication Policies. She has also garnered vast experience of working with international agencies including IMF, World Bank, OECD, DIFD and HMRC. Earlier, she has been the Chief Commissioner and Commissioner of largest tax jurisdictions of Pakistan i.e. Large Taxpayers Unit, Karachi.

She is a certified director from Pakistan Institute of Corporate Governance and is representing Government of Pakistan on many important boards including, Pakistan Media Regulatory Authority, National Council of Arts, Academy of Letters etc. Nausheen is part of non-profit organizations including Parveen Shakir Foundation and has been an advocate of Women Empowerment and Diversity.

Sarwar Ali Khan - Director

Mr. Sarwar Ali Khan is the Director of TPL Trakker Limited, which has for over 19 years been a pioneer in the Telematics + IoT industry in Pakistan. TPL Trakker helps customers extract and turn data about vehicles and their use into intelligence that improves operations and safety while reducing costs and risks. Trakker provides reliable end-to-end solutions for individuals, commercial fleets, businesses and automotive industry suppliers.

Sarwar started his career with Accenture, US where he worked for over 5 years. In 2010 he started working with National Bank of Pakistan where he headed the IT Department until 2012. On completion of his MBA in 2013 he was recruited by Samsung, Seoul to work for the Samsung Global Strategy Group which is part of the Samsung Chairman's Office.

Sarwar received his BS in Computer Science from the University of Wisconsin – Madison in 2005. He later went on to complete his MBA from INSEAD, France in 2013.

Brigadier (R) Muhammad Tahir Chaudhary - Director

Brigadier (R) Chaudhary is Non-Executive Director on the Board of the Company and comes along with more than 30 years of experience. Due to his known R & D skills and IT qualifications, he conceptualized and developed surveillance & Control system. He has also developed many projects related to Cyber Security recognized at national level.

Brigadier Chaudhary is MS (IT), M.Phil. Engineering Management and Ph.D. Scholar for Information Security Management. He is specialized in Engineering Project Management from Center for Advanced Studies in Engineering. Due to his acumen and highest qualification in the field of Information Technology and Information Security Management, he also framed "Pakistan's Cyber Security Policy".

Mohammad Riaz - Director

Mr. Mohammad Riaz holds a Master's degree in Development Economics from Williams College, Massachusetts USA and MSc in Defense and Strategic Studies from National Defense University.

He has served as Commercial and Economic Counselor in Paris and Counsel General, Turkey. Due to his active involvement in Public Affairs, he was posted as DG Social Sector at the Prime Minister's Secretariat. Mr. Riaz has also served as Member/DG Customs for 4 years. He retired as the Federal Secretary and his last posting was Secretary, National Assembly of Pakistan. He also served as Director, State Bank of Pakistan (SBP) in 2016. Moreover, he was a member of the Monetary Policy Committee of Pakistan. Mr. Riaz has served the Government of Pakistan for over 37 years. He is presently the Independent director at Pakistan Tobacco Company.

Mr. Riaz is also serving as Director on the Board of TPL Life Insurance Limited, TPL REIT Management Company Limited and TPL Trakker Limited.

Jamil Akbar - Director

Mr. Jamil Akbar has more than 20 years of multinational experience as an investor and operator having led M&A and Strategy at Fauji Foundation, been Pakistan Country Head for Emaar, and spent a decade at the Abraaj Group, including an operational and turnaround role at K-Electric. His early career was spent in London with KPMG UK. Mr. Akbar holds an MBA from INSEAD, is a Chartered Accountant from the Institute of Chartered Accountants in England & Wales (ICAEW) and holds a BEng. (Mechanical) from Imperial College (UK).

Amjad Waqar - Director

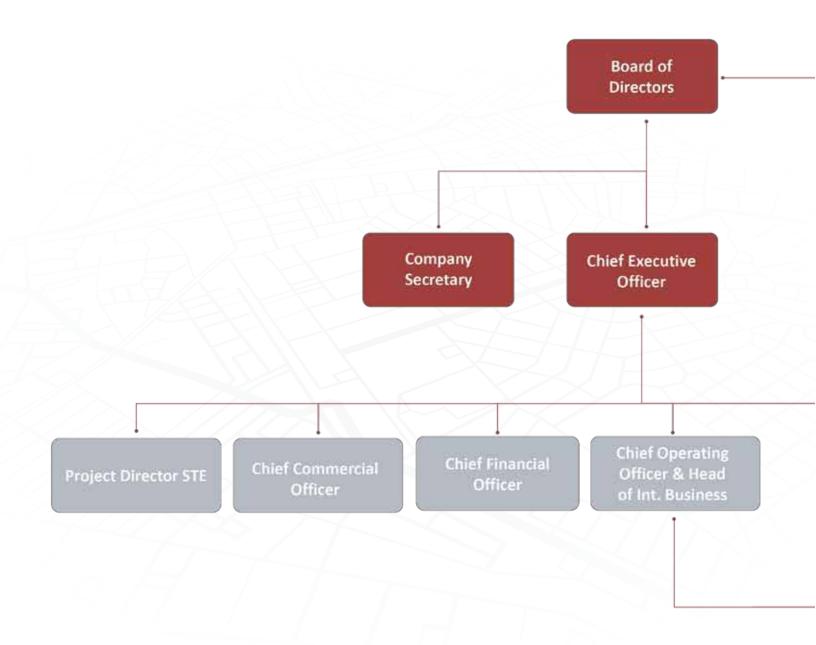

Mr. Amjad Waqar has nineteen (19) years of experience with various listed and unlisted companies as Group CFO, CFO and HOD of various departments in large business houses and conglomerates. Yunus Brother Group / Lucky Cement Ltd, Pioneer Cement Limited, Mega & Forbes Group, Abbas Steel Group are the few names where he served and supported organizations in achieving their business goals and objectives.

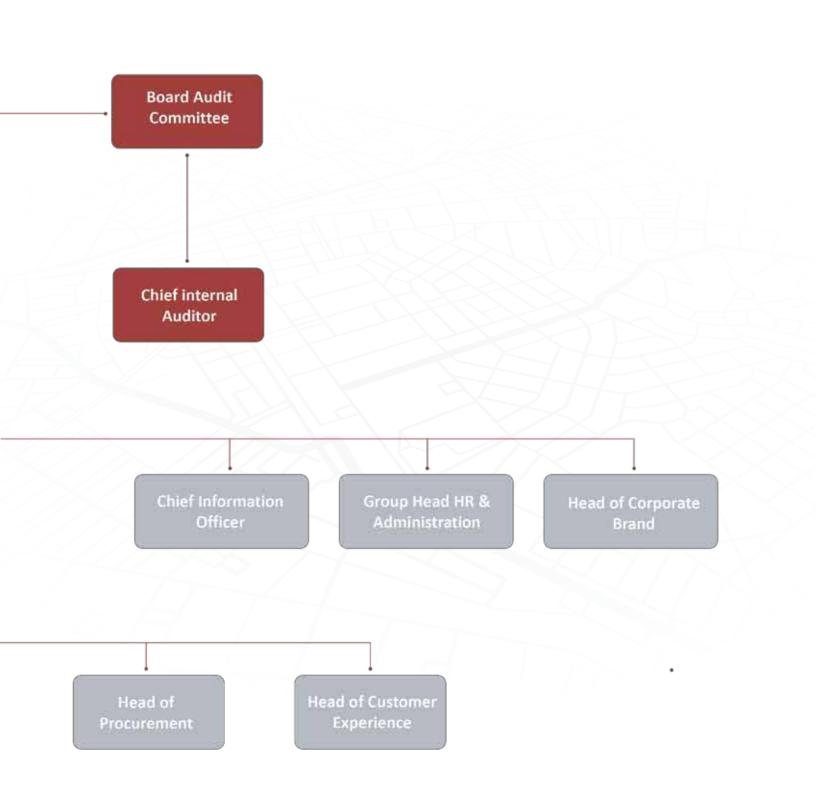

Amjad has vast experience of Investments, business expansions, merger & acquisitions within Pakistan and abroad. He is a fellow member ICAP (The Institute of Chartered Accountant of Pakistan) and ACCA (The Association of Chartered Certified Accountants, UK).

Omar Askari - Director

Mr. Askari is the founder and CEO of Wali Venture Technologies, a company that is making Islamic insurance and financing easily accessible for the Muslim world. Mr. Askari has previously been the global head of business development for Revolut in London and before that Head of Business for Uber in Pakistan. His career spans twenty years in investment banking, hedge fund asset management, real estate and energy. He has been a visiting lecturer in IBA and earned his MSC. from the London School of Economics and undergraduate degree from Brown University.

Organizational Structure

Sustainable Actions

Childlife Foundation

ChildLife is providing the full spectrum of medical care, from emergency rooms, to primary clinics, down to preventive practices. The Foundation has 11 state-of-the-art model emergency rooms in Pakistan. ChildLife Foundation also runs 30 primary care clinics in Karachi's slum area and runs a Preventive Healthcare Program that has reached over 190,000 families so far. Our contribution towards the Emergency Room (ER) has positively impacted approximately 1500 children's well-being.

Blood Donation Drive

In collaboration with the Indus Hospital & Health Network (IHHN), we organized a Blood Donation Drive at the TPL Trakker office in November where our employees voluntarily donated to save lives

Diversity & Inclusion

Embracing the principles of diversity and inclusion, we have taken substantial strides to cultivate a work environment that values and welcomes individuals from all backgrounds.

TPL Women Leaders Award

We introduced the TPL Women Leaders Award with the primary objective of recognizing and celebrating the significant contributions of women within our organization. This award serves as a platform to honour the exceptional achievements, leadership qualities, and relentless dedication displayed by women at TPL. Pehchaan Program

Climate2Equal

As an equal opportunity employer, we proudly welcomed a new cohort of uniquely-abled individuals for internships under the 'Pehchaan Program' in partnership with Ida Rieu. This not only embodies our commitment to promoting diversity and inclusion within the workplace but also reflects our values of empathy, empowerment, and equality. TPL takes pride in its involvement in the Climate2equal initiative, a project led by the International Finance Corporation (IFC) and the Pakistan Business Council (PBC). This collaboration focuses on increasing the inclusion of women within the workplace and incorporating climate action to help boost Pakistan's economy. Our active participation focuses on promoting gender equality and recognizing its contribution towards climate action.

11th Annual International Women Leaders' Summit

The 11th Annual 'International Women Leaders' Summit, organized by New World Concepts, convened global leaders to share their success stories and inspire others to assume leadership roles. This year, a selected group of our female employees attended the conference to gain insights from prominent global and local women leaders.

Employee Friendly Policies

• Flexible Working Hours We have implemented a flexible working hours policy exclusively designed for our female employees. The policy empowers new mothers to customize their work schedules and responsibilities when returning from maternity leave. It is a clear demonstration of our commitment to supporting our employees through various stages of life.

• Cender-Inclusive Hiring TPL Insurance has established a policy to allocate a minimum of 30% of available positions to the hiring of female staff across all departments. This proactive measure aims to address gender imbalances in the economy and create equitable opportunities for both men and women.

Climate Change Conference

As the platinum sponsor of the conference; 'Climate Change And Karachi - Building Coastal Resilience', TPL provided the platform for key government officials and industry experts to address pressing environmental issues and the need to build a climate action roadmap. The conference also embraced sustainable practices by transitioning to eco-friendly giveaways for the attendees, limiting the use of plastics and choosing consumable items. Additionally, marketing materials like panaflex skins were recycled post-event.

Weekly Sustainability Tips

To empower our employees across TPL to take responsibility for their actions, we have initiated a series of weekly emails to share tips that can be used in everyday life to create a sustainable environment for future generations.

Hepatitis Screening

In partnership with The Health Foundation, we hosted a Hepatitis Screening Camp at our offices. The primary objective of this initiative was to promote awareness of the disease and provide a platform for early detection and timely treatment.

TPL Recharge

A cycling activity was organized under the TPL Recharge program which focuses on nurturing the holistic wellness of our employees and fostering a healthy workplace

Learning & Development Training

For the continuous growth of our employees in their professional endeavours, we regularly conduct trainings (soft and technical).

Awareness Sessions

Some of the well received awareness sessions in collaboration with Mentor Health were as follows:

Scaling for Impact

Over the years, TPL has supported over 50 non-profit organizations, educational institutes, and charitable trusts across Pakistan, ranging from local charities to international NGOs and universities. At TPL, we believe a collective change begins with understanding the challenges faced by our communities.

Directors' Report

On behalf of the Board of Directors of TPL Trakker Limited, we are pleased to present the annual financial statements with the performance review of the Company for the year ended June 30, 2023.

1. ECONOMIC OUTLOOK

Inflation, natural disasters and currency depreciation marked the theme of the year 2022-2023, which in turn resulted in a meagre real GDP growth of 0.29%. IAs highlighted by the Pakistan Economic Survey 2022-23, an average inflation of around 29% was witnessed by the country, which prompted the SBP to raise its key interest rate to 22% in June 2023 to support bringing down inflation to 5 – 7% by end of FY2025. Furthermore, Pakistan's rupee against US Dollar depreciated by almost 28% relative to the beginning of the year.

Owing to the above, the sales volumes of automobiles and POL remained subdued. The sale of cars during the fiscal year 2022-23, has dropped by almost 59% as compared to last year, according to the latest data released by the Pakistan Automobile Manufacturing Association (PAMA).

2. GROUP PERFORMANCE

Business Performance

For the financial year 2022-2023 ended, the Company achieved consolidated revenues of Rs. 2.784 billion representing a growth of 19% when compared with last year. The Company also witnessed an improvement in its operating profit by 115% relative to the last year. The STE segment contributed 46% to the topline of the Company, whereas the Industrial Internet of Things (IOT) far exceeded expectations by achieving 211% over last year. The Company reported operating profit of PKR 339.817 million and PKR 259.300 million on unconsolidated and consolidated basis respectively. Growth in revenue is contributed by both the Company and its subsidiaries.

Future Outlook - Telematics, IIoT & Trakker Middle East LLC (TME)

Due to the debilitating economic downturn that was witnessed throughout the year, the Telematics segment was impacted but the overall performance improved due to the offset by significant growth that was achieved in the STE and IIOT segments. Despite a slowdown that was witnessed in Q3 due to trade restrictions and border closures, the volumes picked up significantly in the last quarter to give the required push to double the revenue growth in STE relative to last year. For IIOT, we continued to penetrate the market with more advanced solutions and analytics, which helped our clients manage the escalating costs and the growing complexity of their businesses. As a result, the IIOT topline quadrupled compared to last year. Our main focus remained on customer retention and value selling to ensure that we remained the trusted partner of choice.

TME exceeded its annual topline and bottom line targets in the current year. We continue our focus on increasing our international revenue mix on both product and integrated solutions. Key clients included the full spectrum from global blue-chip accounts to start-ups in hyper growth mode. Some of these clients are expected to allow us to expand towards other GCC markets over the coming years and therefore are a key focus area in our pipeline.

On the technology front, we had completely digitized the Technician journey in Q3 and in the first quarter of the upcoming year, we upgraded our Trakker App to further enrich the customer journey and experience by enhancing In-App notifications and digitizing customer service. It also provides greater control and benefits from deeper analytics and intelligence. Furthermore, the development of our SaaS platform is on track to start commercial trials by end of Q4 FY2023. The platform will drive significant operational synergies at TPLT while also opening a significantly larger addressable market both in Pakistan and in the region.

Future Outlook - Digital Mapping & Location Based Services (LBS)

In FY23, we made significant progress in repositioning our business towards a recurring revenue model and expanded our product offering across enterprise and consumer. Over the year, we made notable improvements to the quality of our location data APIs, improving our competitive edge in the Pakistani market. During the period, we continued to optimise our location database, with over 8 million POIs and close to 1 million KMs of road network digitised and collected. We were able to successfully do this by continuing to enhance our data collection and digitisation infrastructure outside of traditional surveying activities, and via online collection and data bartering partnerships with local and foreign players. We've also partnered with global partners to make it easier to integrate our APIs on websites and mobile applications.

Over the year, we added blue chip names to our portfolio, including KFC, Dominos, Metro, Faysal Bank and Kravemart. We are also in advanced stages of integration with other industry leaders, such as McDonald's, UBL, and Cheezious, amongst others. As part of our growth initiatives, we are also in advanced discussions with various local partners for reseller partnerships to expand our sales efforts.

In our Location Intelligence division, we are finalising development of our two most popular platforms, Supply Intelligence and Fraud Prevention. Our proprietary algorithms for both products are currently in POC stage with multiple clients, and we hope to begin monetization towards Q3 of the ongoing fiscal year.

In August 2023, we successfully launched our Navigation App Beta, which is Pakistan's first native navigation app. Our core focus with the navigation app over Q2 will be to optimise our UI / UX following which we intend to launch our two USPs of 1) Fuel cost tracking and optimized cost routing and 2) Public and private bus routing.

COMPOSITION OF THE BOARD AND THE BOARD COMMITTEES

The total number of Directors are eight (08) as per the following:

Male	Female
7	1

The composition of the Board is as follows:

Category	Names
Independent Directors	Mr. Omar Askari
Executive Director	Mr. Amjad Waqar Brigadier (R)Muhammad Tahir Chaudhary
Non -Executive Directors	Mr. Jameel Yusuf Ahmed Mr. Muhammad Riaz Mr. Jamil Akbar Mr. Sarwar Ali Khan
Female Director (Independent)	Ms. Nausheen Javaid Amjad

The Board has formed committees comprising of members given below:

Audit Committee	Mr. Omar Askari- Chairman
	Mr. Muhammad Riaz - Member
	Mr. Jamil Akbar- Member
	Mr. Hashim Sadiq Ali – Secretary
HR and Remuneration Committee	Mr. Omar Askari- Chairman
	Mr. Muhammad Riaz - Member
	Mr. Muhammad Harris Jamali - Member
	Mr. Nader Nawaz - Secretary

BOARD MEETINGS

The Board of Directors held 5 meetings during the financial year. Attendance of Directors is indicated below;

Name of Director	Meetings Attended
Mr. Jameel Yusuf	4
Ms. Nausheen Javaid Amjad	5
Mr. Sarwar Ali Khan	5
Brigadier (R) Muhammad Tahir Chaudhary	5
Mr. Muhammad Riaz	5
Mr. Jamil Akbar*	2
Mr. Amjad Waqar*	3
Mr. Omar Askari	4
Mr. Ahmed Zuberi*	2
Mr. Ali Asgher*	2

During the financial year, Mr. Ali Asgher and Mr. Ahmed Zuberi were replaced by Mr. Jamil Akbar and Mr. Amjad Waqar respectively in the election of directors held on October 24, 2022.

انتخاب کے قابل بھروسہ سائتھی ہیں۔

TME نے موجو دہ سال میں اپنے سالانہ ٹاپ لائن اور باٹم لائن اہداف سے تجاوز کیا۔ ہم مصنوعات اور انٹیگریٹڈ سلوشنز دونوں پر اپنے بین الا قوامی آمدنی کے ملا کر بڑھانے پر اپنی توجہ جاری رکھے ہوئے ہیں۔ کلیدی کلا ننٹس نے گلوبل بلیوچپ اکاؤنٹس سے لے کر ہائیر گروتھ موڈ میں اسٹارٹ اپس تک مکمل اسپیکٹر م شامل کیا۔ ان میں سے پچھ کلا ننٹس سے توقع کی جاتی ہے کہ وہ ہمیں آنے والے سالوں میں دیگر GCC مارکیٹوں کی طرف بڑھنے کی اجازت دیں گے اور اس وجہ سے وہ ہماری پائپ لائن میں ایک اہم توجہ کامر کز ہیں۔

ٹیکنالوجی کے محاذیر، ہم نے تیسر می سہ ماہم میں ٹیکنیشن کے سفر کو مکمل طور پرڈیجیٹائز کیا تھااور آنےوالے سال کی پہلی سہ ماہم میں، ہم نے اپنی Trakker ایپ کواپ گریڈ کیا تا کہ ان ایپ نولنگیشنز کوبڑھا کر اور کسٹر سر وں کوڈیجیٹل بنا کر کسٹر کے سفر اور تجربے کو مزید تقویت بخش سکے۔ یہ گہرے انالینکس اور انٹیلی جنس سے زیادہ کنٹر ول اور فوائکہ بھی فراہم کر تاہے۔ مزید بر آں، ہمارے Saa8 پلیٹ فارم کی ڈیولپنٹ مالی سال ۲۰۷۲ کی چوتھی سہ ماہم کی تعلی پلیٹ فارم TPLT میں اہم آپریشنل ہم آپنگی پیدا کرے گا جبکہ پاکستان اور خطے دونوں میں ایک نمایاں طور پربڑی قابل شاخت مار کید جس کھولے گا۔

مستقتبل کا جائزہ-ڈیجیٹل میپنگ اور لو کیشن سر وسز۔

مالی سال ۲۳ میں، ہم نے اہم پیش رفت کرتے ہوئے اپنے کاروبار کوبار بار آنے والے ریونیوماڈل کی طرف تبدیل کرنے میں اور انٹر پر ائز اور صارفین کے در میان اپنی مصنوعات کی پیٹکش کوبڑھایا۔ ایک سال کے دوران، ہم نے پاکستانی مارکیٹ میں اپنی مسابقتی برتر کی کو بہتر کرتے ہوئے اپنے لوکیشن ڈیٹا APIs کے معیار میں قابل ذکر بہتر کی گی ہے۔ اس عرصے کے دوران، ہم نے ۸ ملین سے زیادہ POIs اور تقریباً آ ملین کلومیٹر روڈ نیٹ ورک کوڈیجیٹائز ڈاور اکٹھاکرنے کے ساتھ، اپنی ڈیٹا میں کو بہتر کی گی ہے۔ اس عرصے کے دوران، ہم نے ۸ ملین سے زیادہ POIs اور تقریباً آ ملین کلومیٹر روڈ نیٹ ورک کوڈیجیٹائز ڈاور اکٹھاکرنے کے ساتھ، اپنے لوکیشن ڈیٹا ہیں کو بہتر بانا جاری رکھا۔ ہم روایتی سروے کی سر گر میوں سے ہٹ کرڈیٹا اکٹھا کرنے اور ڈیجیٹیائز یشن کے بنایوں رکھتے ہوئے اور مقامی اور غیر ملکی کھلاڑیوں کے ساتھ آن لائن جن کر نے اور ڈیٹابار ٹرنگ پار ٹٹر شپ کے ذریعے کامیابی کے ساتھ ایساکر نے میں کامیاب رہے۔ ویب سائٹس اور موبائل ایپلیکیشنز پر اپنے APIs کو ضم آسان بنانے کے لیے ہم نے مالمی شر اکت داروں کے ساتھ ایس کی جن کی میں کا میں کارین اس میں میں میں قابل دی کر اس ک

سال بھر میں، ہم نے اپنے پورٹ فولیو میں بلیوچپ کے نام شامل کیے، جن میں KFC Dominos Metro Faysal Bank اور Kravemart شامل ہیں۔ ہم انڈ سٹر ی کے دیگر لیڈرز، جیسے McDonald's, UBL اور Cheezious کے ساتھ انغنام کے ایڈوانس لیول مر احل میں بھی ہیں۔ اپنی گروتھ کے اقد امات کے ایک حصے کے طور پر، ہم اپنی فروخت کی کو ششوں کو بڑھانے کے لیے ری سیلر پار ٹنر شپ کے لیے مختلف مقامی شر اکت دا روں کے ساتھ اعلی در جے کی بات چیت بھی کر رہے ہیں۔

ہمارے لو کیشن انٹیلی جنس ڈویژن میں، ہم اپنے دو مقبول ترین پلیٹ فار مز ، سپلائی انٹیلی جنس اور فراڈ کی روک تھام کو حتمی شکل دے رہے ہیں۔ دونوں پر وڈ کٹس کے لیے ہمارے ملکیتی الگور تھم اس وقت متعد د کلا ننٹس کے ساتھ POC مرحلے میں ہیں، اور ہم امید کرتے ہیں کہ جاری مالی سال کی تیسر کی سہ ماہی سے مونیٹائزیشن شر وع کر دیں گے۔

اگت 2023 میں، ہم نے کامیابی کے ساتھا پنی نیویکیشن ایپBetaلا پنج کہا، جو پاکستان کی پہلی مقامی نیویکیشن ایپ ہے۔ دوسر می سہ ماہی پر نیویکیشن ایپ کے ساتھ ہماری بنیادی توجہ اپنے UI/UV کو ہمتر بناناہو گی جس کے بعد ہم اپنے دو USPs)۱)ایند ھن کی لاگت سے باخبر رہنے اور لاگت کی بہترین روٹنگ اور (۲) پبلک اور پر ائیویٹ بس را وُٹنگ شر وع کرنے کاارا دہ رکھتے ہیں۔

«مالی سال کے دوران، ۲۴ اکتوبر ۲۰۲۲ کوہونے والے ڈائر یکٹر زکے الیکشن میں جناب علی اصغر اور جناب احمد زمیر می کو بالتر تنیب جناب جمیل اکبر اور جناب امجد و قارسے تبدیل کر دیا گیا۔

دائر یکٹر زکامعاوضہ /مشاہرہ:

بورڈ آف ڈائر یکٹر زکے ذریعہ منظور شدہ،ایک باضابطہ ڈائر یکٹر زکی معاوضہ پالیسی موجو دہے۔اس پالیسی میں کمپنیزا یک، ۱۰۷اور کارپوریٹ گور ننس کے درج شدہ کمپنیز کوڈ ۲۰۱۹ کے مطابق ڈائر یکٹر وں کے معاوضے کے لئےایک شفاف طریقۂ کار شامل ہے۔بورڈ اور سب تمیٹی / زیریں تمیٹی کے ہر اجلاس میں شرکت کرنے یااس کے سب میٹنگ میں شرکت کرنے کے لئے ڈائر یکٹر زکو ۲۰۰۰ ما پاکتانی روپے کا معاوضہ دیاجاتا ہے۔سال کے دوران ڈائر یکٹر زاور چیف اگز کیٹو کو اوا کیے گئار کی معاوضے / بونس کے درج شدہ کمپنیز کو ڈ اسٹاک آپشز کے لیے مناسب معلومات نوٹ ۲۹ میں غیر متفقہ مالیاتی گو شواروں میں فراہم کیا گئا ہے۔

دائر يكٹرز كى تربيت:

بورڈ ممبر ان کی اکثریت نے اپناسر ٹیفیکیٹن مکمل کرلیا ہے جبکہ وہڈائر یکٹر زجن کے پاس سر ٹیفیکیٹن نہیں ہے،لسٹڈ کمپنی کے ڈائر یکٹر زکے طور پر اپنے فرائض اور ذمہ داریوں سے بخوبی واقف ہیں۔ تاہم، کمپنی کامقصد باقی ڈائر یکٹر زکی حوصلہ افزائی کرناہے، تا کہ وہ اپنے سر ٹیفیکیٹن کو مکمل کریں۔

آڈیٹرز:

میسرز BDO ابراہیم اینڈ کمپنی، چارٹرڈاکاؤنٹنٹس ریٹائر ہو گئے ہیں اور انہوں نے خود کو دوبارہ تقرری کے لیے پیش کیا ہے۔ بورڈ آف ڈائر یکٹرزنے ۲۰۳۰ جون ۲۰۲۴ کو ختم ہونے والے سال کے لیے بطور آڈیٹر ان کی تقرری کی سفارش کی ہے جس کی فیس باہمی رضامند دی ہے کی جائے گی۔

کار بوریٹ اور مالی رپورٹنگ فریم ورک پر بیان / بیانیہ:

سیکورٹیزاینڈالیسی کیٹن آف پاکستان کے ذریعہ مقرر کردہ کوڈ آف کارپوریٹ گورننس کے تحت بورڈ کواپنی کارپوریٹ ذمہ داریوں سے بخوبی آگاہی حاصل ہے اور اس بات کی تصدیق کرنے پر خوش محسوس کرتے ہیں کہ:

- فائنانشل اسٹیمنٹ، جو کہ کمپنی کی طرف سے پیش کئے گئے ہیں میں اس کی کاردائیوں، نفذ بہاؤادر ایکو پٹی میں بدلاؤکا نتیجہ منصفانہ طور پر پیش کیا گیا ہے۔
 - سمچنی نے نبک آف اکاؤنٹس کو مناسب طریقے سے بر قرارر کھاہے جو کہ کمپنیز آرڈیننس ۲۰۱۷ تحت ہے۔
 - سمپنی نے فائنانشل اسٹیٹمنٹ کی تیاری میں مستقل اکاؤنٹنگ کی پالسییوں کی پیر دی کی ہے اور محاسبہ کا تخمینہ معقول اور محتاط فیصلے پر مبنی ہے۔
- بین الا قوامی مالیاتی رپور ٹنگ اسٹینڈرڈ، جو کہ پاکستان میں بھی حبیہا قابل اطلاق ہے، مالی بیانات کی تیاری میں اس پر عمل کیا گیاہے اور رپور ٹنگ میں کسی بھی طرح کی روائگی کا مناسب طور پر انکشاف اور وضاحت کی گئی ہے۔
 - اندرونی انتظام کو کنٹر ول کرنے کا نظام بہت ہی بہترین طریقے سے تیار کیا گیااور کافی موئڑ طریقے سے اسکانفاذ بھی کیا گیااور اس کی نگرانی بھی کی جارہی ہے۔
 - کمپنی کے بنیادی اصول مضبوط ہیں اور کمپنی کی صلاحیتوں کے بارے میں کو کی شک نہیں ہو ناچا ہے جیسا کہ کچھ تشویش ظاہر کی جارہی تقلی۔

- سمپنی نے تمام کوڈ آف کارپوریٹ گور ننس کے بہترین طریقوں کی پیروی وعمل کیا ہے جیسا کہ لسٹنگ ریگولیشن میں درج ہے۔
 - گذشتہ چار سالوں سے جاری اہم آپریٹنگ اور مالی اعد اد وشار کو خلاصہ کی شکل میں ، اس سالانہ رپورٹ میں شامل کیا گیا ہے۔
 - فائنانشل اسٹیٹمنٹ کے متعلقہ نوٹ میں بقایا محصول اور ادا کرنے والے ٹیکس کو ظاہر کیا گیا۔

INDEPENDENT AUDITOR'S REVIEW REPORT

To the Members of TPL Trakker Limited on the Statement of Compliance contained in Listed Companies (Code of Corporate Governance) Regulations, 2019

We have reviewed the enclosed Statement of Compliance with the Listed Companies (Code of Corporate Governance) Regulations, 2019 (the Regulations) prepared by the Board of Directors of TPL Trakker Limited (the Company) for the year ended June 30, 2023 in accordance with the requirements of Regulation 36 of the Regulations.

The responsibility for compliance with the Regulations is that of the Board of Directors of the Company. Our responsibility is to review whether the Statement of Compliance reflects the status of the Company's compliance with the provisions of the Regulations and report if it does not and to highlight any non-compliance with the requirements of the Regulations. A review is limited primarily to inquiries of the Company's personnel and review of various documents prepared by the Company to comply with the Regulations.

As a part of our audit of the financial statements, we are required to obtain an understanding of the accounting and internal control systems sufficient to plan the audit and develop an effective audit approach. We are not required to consider whether the Board of Directors' statement on internal control covers all risks and controls or to form an opinion on the effectiveness of such internal controls, the Company's corporate governance procedures and risks.

The Regulations require the Company to place before the Audit Committee, and upon recommendation of the Audit Committee, place before the Board of Directors for their review and approval, its related party transactions and also ensure compliance with the requirements of section 208 of the Companies Act, 2017. We are only required and have _ensured compliance of this requirement to the extent of the approval of the related party transactions by the Board of Directors upon recommendation of the Audit Committee.

Based on our review, nothing has come to our attention, which causes us to believe that the Statement of Compliance does not appropriately reflect the Company's compliance, in all material respects, with the requirements contained in the Regulations as applicable to the Company for the year ended June 30, 2023.

KARACHI Dated: September 12, 2023 UDIN: CR20231006750p7j9YfK

MIA

BDO EBRAHIM & CO. CHARTERED ACCOUNTANTS

STATEMENT OF COMPLIANCE WITH LISTED COMPANIES (CODE STATEMENT OF COMPLIANCE WITH LISTED COMPANIES (CODE OF CORPORATE GOVERNANCE) RECULATIONS, 2019

Name of companyTPL Trakker LimitedYear ended:June 30, 2023

The company has complied with the requirements of the Regulations in the following manner:

1. The total number of Directors are eight (08) as per the following:

Male	Female			
7]			

2. The composition of the Board is as follows:

Category	Names			
Independent Directors	Mr. Omar Askari			
Executive Director	Mr. Amjad Waqar			
	Brigadier (R)Muhammad Tahir			
	Chaudhary			
Non-Executive Directors	Mr. Jameel Yusuf Ahmed			
	Mr. Muhammad Riaz			
	Mr. Jamil Akbar			
	Mr. Sarwar Ali Khan			
Female Director (Independent)	Ms. Nausheen Javaid Amjad			

NOTE: With regard to compliance with Regulation 6 of the CCG, it may be noted that the Company has not rounded up the fraction, as one, since the Board considers it already has a satisfactory representation of Independent Directors. There are currently six non-executive directors, who are not involved in the day-to-day management of the company, compared to only two executive directors who hold executive positions within the company. By highlighting this distinction, the company aims to emphasize the significant presence of independent perspectives on the Board, ensuring a balanced and diverse decision-making process that takes into account the interests of various stakeholders.

- 3. The directors have confirmed that none of them is serving as a director on more than seven listed companies, including this Company.
- 4. The Company has prepared a Code of Conduct and has ensured that appropriate steps have been taken to disseminate it throughout the Company along with its supporting policies and procedures.
- 5. The Board has developed a vision/mission statement, overall corporate strategy and significant policies of the Company. The Board has ensured that complete record of

particulars of significant policies along with the dates on which they were approved or amended has been maintained by the Company.

- 6. All the powers of the Board have been duly exercised and decisions on relevant matters have been taken by Board/ Shareholders as empowered by the relevant provisions of the Companies Act, 2017 ("**Act**") and the Listed Companies (Code of Corporate Governance), 2019 ("**Regulations**").
- 7. The meetings of the Board were presided over by the Chairman and in his absence, by a Director elected by the Board for this purpose. The Board has complied with the requirements of Act and the Regulations with respect to frequency, recording and circulating minutes of meeting of Board.
- 8. The Board of Directors has a formal policy and transparent procedures for remuneration of directors in accordance with the Act and these Regulations.
- 9. The Board is in the process of compliance with the Directors' Training Program as required under Regulation 19 of the Listed Companies Code of Corporate Governance, 2019. Six of the Board members have completed their certification while the directors, who do not hold the certification, are well conversant with their duties and responsibilities as directors of a listed company. The Company, however, aims to encourage the remaining directors, to complete their certification.
- 10. The Board has approved appointment of Chief Financial Officer, Company Secretary and Head of Internal Audit, including their remuneration and terms and conditions of employment and complied with relevant requirements of the Regulations.
- 11. The Chief Financial Officer and Chief Execution Officer have duly endorsed the financial statements before approval of the Board.
- 12. The Board has formed committees comprising of members given below:

Audit Committee	Mr. Omar Askari - Chairman			
	Mr. Muhammad Riaz - Member			
	Mr. Jamil Akbar - Member			
	Mr. Hashim Sadiq Ali - Secretary			
HR and Remuneration Committee	Mr. Omar Askari - Chairman			
	Mr. Muhammad Riaz - Member			
	Mr. Muhammad Harris Jamali - Member			
	Mr. Nader Nawaz - Secretary			

13. The terms of reference of the aforesaid Committees have been formed, documented and advised to the Committee for compliance.

14. The frequency of meetings (quarterly/half yearly/ yearly) of the committee were as per following:

Name of Committee	Frequency of Meeting				
Audit Committee	4 meetings were held during the Year. The				
	meetings of the Audit Committee are held				
	on a quarterly basis				
HR and Remuneration Committee	2 meetings were held during the Year. The				
	meeting of the HR and Remuneration				
	Committee is held on a half-yearly basis.				

- 15. The Board has set up an effective internal audit function which is considered suitably qualified and experienced for the purpose and is conversant with the policies and procedures of the company.
- 16. The statutory auditors of the company have confirmed that they have been given a satisfactory rating under the quality control review program of the ICAP and registered with Audit Oversight Board of Pakistan, that they or any of the partners of the firm, their spouses and minor children do not hold shares of the company and that the firm and all its partners are in compliance with International Federation of Accountants (IFAC) guidelines on code of ethics as adopted by the ICAP and that they and the partners of the firm involved in the audit are not close relative (spouse, parents, dependent and non-dependent children) of the chief executive officer, chief financial officer, head of internal audit, company secretary or director of the Company.
- 17. The statutory auditors or the persons associated with them have not been appointed to provide other services except in accordance with the Act, these regulations or any other regulatory requirement and the auditors have confirmed that they have observed IFAC guidelines in this regard.
- 18. We confirm that all other requirements of the Regulations 3,6,7,8,27,32,33 and 36 of the Regulations have been complied with.

Independent Auditor's Report To the Members of TPL Trakker Limited Report on the Audit of the Unconsolidated Financial Statements

Opinion

We have audited the annexed unconsolidated financial statements of TPL Trakker Limited (the Company), which comprise the unconsolidated statement of financial position as at June 30, 2023, and the unconsolidated statement of profit or loss and other comprehensive income, the unconsolidated statement of changes in equity, the unconsolidated statement of cash flows for the year then ended, and notes to the unconsolidated financial statements, including a summary of significant accounting policies and other explanatory information, and we state that we have obtained all the information and explanations which, to the best of our knowledge and belief, were necessary for the purposes of the audit.

In our opinion and to the best of our information and according to the explanations given to us, the unconsolidated statement of financial position, the unconsolidated statement of profit or loss and other comprehensive income, the unconsolidated statement of changes in equity and the unconsolidated statement of cash flows together with the notes forming part thereof conform with the accounting and reporting standards as applicable in Pakistan and give the information required by the Companies Act, 2017 (XIX of2017), in the manner so required and respectively give a true and fair view of the state of the Company's affairs as at June 30, 2023 and of the loss and other comprehensive income, the changes in equity and its cash flows for the year then ended.

Basis for Opinion

We conducted our audit in accordance with International Standards on Auditing (ISAs) as applicable in Pakistan. Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are independent of the Company in accordance with the International Ethics Standards Board for Accountants' Code of Ethics for Professional Accountants as adopted by the Institute of Chartered Accountants of Pakistan (the Code) and we have fulfilled our other ethical responsibilities in accordance with the Code. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Key Audit Matters

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the financial statements of the current period. These matters were addressed in the context of our audit of the financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters.

Following are the key audit matters:

S. No.	Key audit matters	How the matter was addressed in our audit					
1	Revenue recognition						
	 (Refer note 36 to the accompanying unconsolidated financial statements) The Company has four main steams of revenue which are equipment installation and sales, monitoring fees, rentals from tracking devices and navigation revenue. The recognition of revenue against each steam involved complex IT systems including system integration. In addition, the amount of revenue recognized is material to the unconsolidated financial statements. Based on the above factors, we have considered revenue recognition as a key audit matter. 	 Obtained an understanding of the process of revenue recognition including the design and implementation of internal controls. Tested the operating effectiveness of the controls to ensure that they operated throughout the year as deigned and implemented. Involved our internal IT department to perform tests on IT general controls. 					
		 Performed procedures on revenue to ensure that revenue is recognized according to IFRS and cut off procedures to ensure that revenue has been recorded in the correct accounting period. 					
2	Impairment of goodwill and intangible assets	4					
	 (Refer note 7 to the accompanying unconsolidated financial Statements) The intangible assets include goodwill, intangible assets with indefinite life and intangible assets under development having carrying value aggregating to Rs. 42 .337 million as of June 30, 2023 and tested for impairment at least on an annual basis. The determination of recoverable amount requires judgement in both identifying and then valuing the relevant Cash Generating Units (CGUs). 	 assets, in particular, revenue and cash flow projections, useful economic lives and discount rates. Assessing the methodologies used by the management in the impairment analysis and determination of CGUs, to which it relates. 					
	The impairment assessment for such assets involves significant judgments and estimates about future business performance, with key assumptions including cash flows, inflation rates, the overall long-term growth rates, discount rates used and to the extent relevant, the fair value less costs to dispose. Changes in these assumptions might lead to a significant change in the carrying values of the related assets. Based on the above factors we considered this as a key audit matter.	 analysis, in particular growth rates inflation rate and discount rate applied; examine the approved business plans and assumptions used by management including forecasted revenue base, profi from operations, capital calculations and 					

S. No.	Key audit matters	How the matter was addressed in our audit
		evaluate the sensitivity analysis performed by management around the key assumptions for various CGU's as well as performing break— even analysis on key assumptions and challenged the outcomes of the assessment.
3	Investments in Subsidiaries	1
	 (Refer notes 9 to the accompanying unconsolidated financial statements) The Company has investments in Subsidiaries namely Trakker Middle East LLC and Astra Location Services (Private) Limited which are measured at fair value on the basis of observable market prices, where such prices are available, and by applying valuation techniques, where quoted prices are not available. We considered the valuation of the Subsidiaries as a key audit matter due to the judgment involved in estimating future cashflows in relation to the Subsidiary for the purpose of applying valuation techniques. 	 periods, and that assumptions and inputs used are consistent, in all material respects, with the business' past performance and management business strategy. Involved our specialists to:

Information Other than the Unconsolidated Financial Statements and Auditor's Report Thereon

Management is responsible for the other information. The other information comprises the information included in the annual report but does not include the unconsolidated financial statements and our auditor's report thereon.

Our opinion on the unconsolidated financial statements does not cover the other information and we do not express any form of assurance conclusion thereon. In connection with our audit of the unconsolidated financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the unconsolidated financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Responsibilities of Management and Board of Directors for the unconsolidated Financial Statements

Management is responsible for the preparation and fair presentation of the unconsolidated financial statements in accordance with the accounting and reporting standards as applicable in Pakistan and the requirements of Companies Act, 2017(XIX of 2017) and for such internal control as management determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the unconsolidated financial statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

Board of Directors are responsible for overseeing the Company's financial reporting process.

Auditor's Responsibilities for the Audit of the unconsolidated Financial Statements

Our objectives are to obtain reasonable assurance about whether the unconsolidated financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with ISAs as applicable in Pakistan will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these unconsolidated financial statements.

As part of an audit in accordance with ISAs as applicable in Pakistan, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the unconsolidated financial statements, whether due to
 fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is
 sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement
 resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional
 omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Company's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the
 audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast
 significant doubt on the Company's ability to continue as a going concern. If we conclude that a material
 uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the
 unconsolidated financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions
 are based on the audit evidence obtained up to the date of our auditor's report. However, future events or
 conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the unconsolidated financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with the board of directors regarding, among other matters, the planned scope and timing of the

audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide the board of directors with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with the board of directors, we determine those matters that were of most significance in the audit of the unconsolidated financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Report on Other Legal and Regulatory Requirements

Based on our audit, we further report that in our opinion:

- a) proper books of account have been kept by the Company as required by the Companies Act, 2017 (XIX of 2017);
- b) the unconsolidated statement of financial position, the unconsolidated statement of profit or loss and other comprehensive income, the unconsolidated statement of changes in equity and the unconsolidated statement of cash flows together with the notes thereon have been drawn up in conformity with the Companies Act, 2017 (XIX of 2017) and are in agreement with the books of account and returns;
- c) investments made, expenditure incurred and guarantees extended during the year were for the purpose of the Company's business; and
- d) no zakat was deductible at source under the Zakat and Ushr Ordinance, 1980 (XVIII of 1980).

The engagement partner on the audit resulting in this independent auditor's report is Zulfikar Ali Causer.

mmm CHIEF FINANCIAL OFFICER

For the year ended June 30, 2023

1. LEGAL STATUS AND OPERATIONS

1.1 TPL Vehicle Tracking (Private) Limited (the Company) was incorporated in Pakistan on December 27, 2016 as a private limited company under the repealed Companies Ordinance, 1984 (now Companies Act, 2017). Effective from November 30, 2017, the name of the Company was changed to TPL Trakker (Private) Limited. The Company was later converted into a public company on January 17, 2018 and accordingly, the name was changed to TPL Trakker Limited. On August 10, 2020, the Company got listed on Pakistan Stock Exchange Limited. TPL Corp Limited and TPL Holdings (Private) Limited are the Parent Company and ultimate Parent Company, respectively.

The registered office of the Company is situated at Plot No. 1, Sector # 24, near Shan Chowrangi, Korangi Industrial Area, Karachi. The principal activities of the Company include installation and sale of tracking devices, vehicle tracking, fleet management.

1.2 In the meeting held on September 18, 2021, the Board had approved the demerger of the mapping segment of the business from the Company by creating a separate entity in Pakistan and transferred the net assets to the same. During the year dated July 05, 2022, the Company has incorporated this new Company by the name of Astra Location Services (Private) Limited (ALS) under Companies Act, 2017 and transferred the net assets amounting to Rs. 194 million to the same. The following is the details of Net Assets as at June 30, 2022:

	Rupees
Assets:	
Property, plant and equipment	15,980,050
Intangible assets	989,570,337
Right-of-use assets	4,368,331
Long-term deposits	490,000
	1,010,408,718
Liabilities:	
Long-term financing	18,334,150
Accrued mark-up	245,708,976
Current portion of non-current liabilities	24,796,244
Due to related parties	527,566,321
	816,405,691
Net Assets	194,003,027

Moreover, the Board has also authorized the management to incorporate a foreign entity in a suitable jurisdiction for investments in the mapping business.

1.3 The geographical location and addresses of business units are as under:

Location	Address
Corporate office, Karachi	Plot No. 1, Sector #24, near Shan Chowrangi, Korangi Industrial Area, Karachi – 74900.
Regional offices:	
Lahore office	Tower 75, 4th Floor, L Block, Gulberg III, Kalma Chowk, Main Ferozpur Road, Lahore.
Islamabad office	10th floor (South) ISE Towers, 55-B, Jinnah Avenue, Blue Area, Islamabad.
Faisalabad office	Office No. 2, 4th Floor, Meezan Executive Tower, Liaquat Road, Faisalabad.
Multan office	House No. 2, Shalimar Colony, Haider Street, Bosan Road, near Northern Bypass, Multan.
Hyderabad office	2nd Floor, Plot # 15/5, Railway Cooperative Housing Society, Main Auto Bhan Road Latifabad, Hyderabad.

For the year ended June 30, 2023

2. BASIS OF PREPARATION

2.1 Statement of compliance

These unconsolidated financial statements have been prepared in accordance with the accounting and reporting standards as applicable in Pakistan. The accounting and reporting standards applicable in Pakistan comprise of:

- International Financial Reporting Standards (IFRS Standards) issued by the International Accounting Standards Board (IASB) and Islamic Financial Accounting Standards (IFAS) as notified under the Companies Act, 2017 (the Act);
- Islamic Financial and Accounting standards (IFAS) issued by the Institute of Chartered Accountants of Pakistan as notified under the Companies Act, 2017 and;

- Provisions of and directives issued under the Companies Act, 2017.

For the year ended June 30, 2023

Where provisions of and directives issued under the Act differ from IFRSs or IFAs, the provisions of and directives issued under the Act have been followed.

2.2 Basis of measurement

These unconsolidated financial statements have been prepared under the historical cost convention unless stated otherwise.

2.3 Functional and presentation currency

These unconsolidated financial statements are presented in Pakistani Rupee ('Rupees' or 'Rs.'), which is the Company's functional and presentation currency.

3. APPLICATION OF NEW STANDARDS, AMENDMENTS AND INTERPRETATIONS TO PUBLISHED APPROVED ACCOUNTING AND REPORTING STANDARDS

3.1 New accounting standards, amendments and IFRS interpretations that are effective for the year ended June 30, 2023

The following standards, amendments and interpretations are effective for the year ended June 30, 2023. These standards, amendments and interpretations are either not relevant to the Company's operations or did not have significant impact on the financial statements other than certain additional disclosures.

	Effective date (annual periods beginning on or after)
Amendmends to IFRS 3 'Business Combinations' - Reference to the conceptual framework	January 01, 2023
Amendmends to IAS 16 'Property, Plant and Equipment' - Proceeds before intended use	January 01, 2023
Amendmends to IAS 37 'Provisions, Contingent Liabilities and Contingent Assets' - Onerous Contracts - Cost of fulfilling a contract	January 01, 2023

Certain annual improvements have also been made to a number of IFRSs.

3.2 New accounting standards, amendments and interpretations that are not yet effective

The following standards, amendments and interpretations are only effective for accounting periods, beginning on or after the date mentioned against each of them. These standards, amendments and interpretations are either not relevant to the Company's operations or are not expected to have significant impact on the Company's financial statements other than certain additional disclosures.

	Effective date (annual periods beginning on or after)
Amendments to IFRS 7 'Financial Instruments: Disclosures' - Supplier finance arrangements	January 01, 2024
Amendments to IFRS 16 'Leases' - Amendments to clarify how a seller-lessee subsequently measures sale and leaseback transactions	January 01, 2024
Amendmends to IAS 1 'Presentation of Financial Statements' - Classification of liabilities as current or non-current	January 01, 2024
Amendmends to IAS 1 'Presentation of Financial Statements' - Disclosure of Accounting Policies	January 01, 2024

For the year ended June 30, 2023

	Effective date (annual periods beginning on or after)
Amendmends to IAS 1 'Presentation of Financial Statements' - Non-current liabilities with covenants	January 01, 2024
Amendments to IAS 7 'Statement of Cash Flows' - Supplier finance arrangements	January 01, 2024
Amendments to IAS 8 'Accounting Policies, Changes in Accounting Estimates and Errors' - Definition of Accounting Estimates	January 01, 2024
Amendments to IAS 12 'Income Taxes' - Deferred Tax related to Assets and Liabilities arising from a single transaction	January 01, 2024
Amendments to IAS 12 'Income Taxes' - Temporary exception to the requirements regarding deferred tax assets and liabilities related to pillar two income taxes	January 01, 2024

The following new standards and interpretations have been issued by the International Accounting Standards Board (IASB), which have not been adopted locally by the Securities and Exchange Commission of Pakistan (SECP):

IFRS1 First Time Adoption of International Financial Reporting Standards

IFRS 17 Insurance Contracts

4. SIGNIFICANT ACCOUNTING JUDGMENTS, ESTIMATES AND ASSUMPTIONS

The preparation of the unconsolidated financial statements in conformity with accounting and reporting standards requires the use of certain critical accounting estimates. It also requires management to exercise its judgments in the process of applying the Company's accounting policies. Judgments, estimates and assumptions are continually evaluated and are based on historic experience and other factors, including expectations of future events that are believed to be reasonable under the circumstances. Revisions to accounting estimates are recognised in the period in which the estimate is revised and in any future periods affected.

In the process of applying the Company's accounting policies, management has made the following judgments, estimates and assumptions which are significant to these unconsolidated financial statements:

a) Operating fixed assets and intangible assets

The Company reviews the useful lives, methods of depreciation / amortisation and residual values of operating fixed assets on the reporting date. Any change in the estimates in future years might affect the carrying amounts of the respective items of operating fixed assets and intangible assets with a corresponding effect on the depreciation / amortisation charge and impairment.

The Company assesses at each reporting date whether there is any indication that assets may be impaired. If such indication exists, the carrying amounts of such assets are reviewed to assess whether they are recorded in excess of their recoverable amount. Where carrying value exceeds recoverable amount, assets are written down to the recoverable amounts and the resulting impairment loss is recognized as expense in the profit or loss, unless the asset is carried at revalued amount. Any impairment loss of revalued assets is treated as revaluation decrease.

For the year ended June 30, 2023

b) Investment in subsidiaries

The Company values its investment in subsidiaries at fair value using fair value hierarchy; Level 1 - quoted prices (unadjusted) in active markets, Level 2 - valuations based on directly or indirectly observable market input and Level 3 - valuations based on unobservable market input. The determination of fair value of unquoted subsidiaries involves inherent subjectivity, key assumptions (such as future cash flow forecasts, discount and growth rates and volatility), and estimation relating to valuation inputs and techniques. Any change in these assumptions and estimates may have significant impact on the fair value of investments with corresponding impact in other comprehensive income.

c) Stock-in-trade

The Company reviews the net realisable value of stock-in-trade to assess any diminution in the carrying values. Net realisable value is determined with reference to estimated selling price less estimated expenditure to make the sales.

d) Provision for expected credit losses (ECL) of certain financial assets

The Company has established a provision matrix that is based on the Company's historical credit loss experience, adjusted for forward-looking factors specific to the debtors and the economic environment. However, in certain cases, the Company may also consider a financial asset to be in default when internal or external information indicates that the Company is unlikely to receive the outstanding contractual amounts in full before taking into account any credit enhancements held by the Company.

The Company will calibrate the matrix to adjust the historical credit loss experience with forwardlooking information. The amount of ECLs is sensitive to changes in circumstances and of forecast economic conditions. The Company's historical credit loss experience and forecast of economic conditions may also not be representative of customer's actual default in the future. At each reporting date, the historical observed default rates are updated and changes in the forward-looking estimates are analysed. Any change might affect the carrying value and amount of expected credit loss charge to profit or loss.

e) Recognition of tax and deferred tax

The provision for taxation is accounted for by the Company after taking into account the relevant laws and decisions taken by appellate authorities. Instances, where the Company's view differs from the view taken by the tax authorities at the assessment stage and where the Company considers that its view on items of material nature is in accordance with law, the amounts are shown as contingent liabilities / assets.

Significant management judgement is required to determine the amount of deferred tax that can be recognised, based upon the likely timing and the level of future taxable profits, together with future tax planning strategies. The management consider tax consequences that would follow from the manner in which the entity expects, at the end of the reporting period, to recover or settle the carrying amount of its assets and liabilities.

Other areas where judgments, estimates and assumptions involved are disclosed in respective notes to these unconsolidated financial statements.

For the year ended June 30, 2023

5. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

5.1 Property, plant and equipment

5.1.1 Owned

Property, plant and equipment (except for leasehold land and buildings on leasehold land) are stated at cost less accumulated depreciation and accumulated impairment losses, if any. Leasehold land and buildings on leasehold land are stated at revalued amounts, which are the fair value at the date of revaluation. Subsequently, these are stated at revalued amounts less subsequent accumulated depreciation and subsequent impairment losses, if any. Depreciation is charged to the statement of profit or loss applying the straight-line method. Depreciation on additions during the year is charged from the month of addition when the asset is available for use, whereas, depreciation on disposals is charged upto the month in which the disposal takes place.

Rates of depreciation which are disclosed in note 6.1 to these financial statements are designed to writeoff the cost over the estimated useful lives of the assets.

Major renewals and improvements for assets are capitalised and the assets so replaced, if any, are retired. Maintenance and normal repairs are charged to the statement of profit or loss, as and when incurred.

Assets residual values, useful lives and method of depreciation are reviewed and adjusted, if appropriate at each reporting date. An asset's carrying amount is written down immediately to its recoverable amount if the asset's carrying amount is greater than its estimated recoverable amount.

Valuations are performed frequently enough to ensure that the fair value of a revalued asset does not differ materially from its carrying amount at the reporting date. Accumulated depreciation at the date of the revaluation is eliminated against the gross carrying amount of the asset and the net amount restated to the revalued amount of the asset.

An item of property, plant and equipment is derecognised upon disposal or when no future economic benefits are expected to arise from the continued use of the asset. Gains or losses on disposal or retirement of an asset represented by the difference between the sale proceeds and the carrying amount of the asset is charged to the statement profit or loss.

5.1.2 Capital work-in-progress

Capital work-in-progress is stated at cost less accumulated impairment losses, if any, and consist of expenditure incurred in respect of operating fixed assets in the course of their acquisition, erection, construction and installation. The assets are transferred to relevant category of operating fixed assets when they are available for use.

5.2 Surplus on revaluation of property, plant and equipment

A revaluation surplus is recorded in other comprehensive income and credited to the asset revaluation surplus in equity. However, to the extent that it reverses a revaluation deficit of the same asset previously recognised in profit or loss, the increase is recognised in profit or loss. A revaluation deficit is recognised in the profit or loss, except to the extent that it offsets an existing surplus on the same asset recognised in the asset revaluation surplus.

An annual transfer from the asset revaluation surplus to unappropriated profit is made for the difference between depreciation based on the revalued carrying amount of the asset and depreciation based on the asset's original cost. Additionally, accumulated depreciation as at the revaluation date is eliminated against the gross carrying amount of the asset and the net amount is restated to the revalued amount of the asset. Upon disposal, any revaluation surplus relating to the particular asset being sold is transferred to unappropriated profit.

For the year ended June 30, 2023

5.3 Intangible assets

Intangible assets other than goodwill, customers related intangible assets and marketing related intangible assets are stated at cost less accumulated amortisation and accumulated impairment losses, if any. Goodwill, customers related intangible assets and marketing related intangible assets are stated at cost less accumulated impairment losses, if any, as their useful life is indefinite and are tested for impairment annually. For other intangibles, amortisation is charged to the profit or loss applying the straight line method, whereby, the cost of intangible asset is written off over its useful economic life. The amortisation rate of the intangible assets are stated in note 7.1 to these unconsolidated financial statements. Full month's amortisation is charged upto the month of addition when the asset is available for use, whereas, amortisation on disposals is charged upto the month in which the disposal takes place.

5.3.1 Intangible assets under development

Intangible assets under development are stated at cost less accumulated impairment losses, if any. It consists of expenditure incurred in respect of intangible assets under development in the course of their acquisition, erection, development and installation. The assets are transferred to relevant category of intangible assets when they are available for use.

5.4 Leases

The Company assesses at contract inception whether a contract is, or contains a lease. That is, if the contract conveys the right to control the use of an identified asset for a period of time in exchange for consideration.

5.4.1 Company as a lessee

The Company acts as a lessee and applies a single recognition and measurement approach for all the leases except for short-term leases and leases of low value assets (if any). The Company recognises lease liability to make lease payments and right-of-use assets representing the right to use the underlying assets.

a) Right-of-use assets

The Company recognises right-of-use assets (ROU assets) at the commencement date of the lease (i.e., the date the underlying asset is available for use). ROU assets are measured at cost less any accumulated depreciation and accumulated impairment losses, and adjusted for any remeasurement of lease liabilities, if any. The cost of ROU assets includes the amount of lease liabilities recognised, initial direct costs incurred, if any, and lease payments made at or before the commencement date less any lease incentives received. Unless the Company is reasonably certain to obtain ownership of the leased asset at the end of the lease term, the recognised ROU assets are depreciated on a straight-line basis over the shorter of its estimated useful life and the lease term, on the rates as disclosed in the note 8.1 to these unconsolidated financial statements. ROU assets are subject to impairment.

b) Lease liabilities

At the commencement date of the lease, the Company recognises lease liabilities measured at the present value of lease payments to be made over the lease term. The lease payments include fixed payments (including in substance fixed payments) less any lease incentives receivable, variable lease payments that depend on an index or a rate, and amounts expected to be paid under residual value guarantees. The lease payments also include the exercise price of a purchase option (if any) reasonably certain to be exercised by the Company and payments of penalties for terminating a lease, if the lease term reflects the Company exercising the option to terminate. The variable lease payments that do not depend on an index or a rate are recognised as expense in the period on which the event or condition that triggers the payment occurs.

For the year ended June 30, 2023

In calculating the present value of lease payments, the Company uses the incremental borrowing rate at the lease commencement date. After the commencement date, the amount of lease liabilities is increased to reflect the accretion of interest and reduced for the lease payments made. In addition, the carrying amount of lease liabilities is remeasured if there is a modification, a change in the lease term, a change in the in-substance fixed lease payments or a change in the assessment to purchase the underlying asset.

The Company determines the lease term as the non-cancellable term of the lease, together with any periods covered by an option to extend the lease if it is reasonably certain to be exercised, or any periods covered by an option to terminate the lease, if it is reasonably certain not to be exercised.

The Company has the option, under its lease arrangements to lease the assets for additional term under the contract. The Company applies judgement in evaluating whether it is reasonably certain to exercise the option to renew. That is, it considers all relevant factors that create an economic incentive for it to exercise the renewal. After the commencement date, the Company reassesses the lease term if there is a significant event or change in circumstances that is within its control and affects its ability to exercise (or not to exercise) the option to renew (e.g., a change in business strategy). Any change is accounted for change in estimate and applied prospectively with corresponding change in ROU assets and lease liabilities.

c) Short-term leases and leases of low-value assets

The Company applies the short-term lease recognition exemption to its short-term leases (i.e. those leases that have a lease term of 12 months or less from the commencement date and do not contain a purchase option). It also applies the lease of low-value assets recognition exemption to leases that are considered of low value. Lease payments on short-term leases and leases of low-value assets are recognised as expense on a straight-line basis over the lease term.

5.4.2 Company as a lessor

Leases in which the Company does not transfer substantially all the risks and rewards incidental to ownership of an asset are classified as operating leases. Rental income arising is accounted for on a straight-line basis over the lease terms and is included in revenue in the statement of profit or loss due to its operating nature. Initial direct costs incurred in negotiating and arranging an operating lease are added to the carrying amount of the leased asset and recognised over the lease term on the same basis as rental income. Contingent rents are recognised as revenue in the period in which they are earned.

5.5 Financial instruments

A financial instrument is any contract that gives rise to a financial asset of one entity and a financial liability or equity instrument of another entity.

5.5.1 Financial assets

5.5.1.1 Initial recognition and measurement

Financial assets are classified, at initial recognition, as subsequently measured at amortised cost, fair value through other comprehensive income (OCI), and fair value through profit or loss.

The classification of financial assets at initial recognition depends on the financial asset's contractual cash flow characteristics and the Company's business model for managing them. With the exception of trade debts, the Company initially measures a financial asset at its fair value plus, in the case of a financial asset not at fair value through profit or loss, transaction costs. Trade debts are measured at the transaction price determined under IFRS 15.

For the year ended June 30, 2023

In order for a financial asset to be classified and measured at amortised cost or fair value through OCI, it needs to give rise to cash flows that are 'solely payments of principal and interest (SPPI)' on the principal amount outstanding. This assessment is referred to as the SPPI test and is performed at an instrument level. The Company's business model for managing financial assets refers to how it manages its financial assets in order to generate cash flows. The business model determines whether cash flows will result from collecting contractual cash flows, selling the financial assets, or both.

Purchases or sales of financial assets that require delivery of assets within a time frame established by regulation or convention in the market place (regular way trades) are recognised on the trade date, i.e., the date that the Company commits to purchase or sell the asset.

5.5.1.2 Subsequent measurement

For purposes of subsequent measurement, financial assets are classified into following categories:

a) Financial assets at amortised cost (debt instruments)

This category is the most relevant to the Company. The Company measures financial assets at amortised cost if both of the following conditions are met:

- the financial asset is held within a business model with the objective to hold financial assets in order to collect contractual cash flows; and
- the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

Financial assets at amortised cost are subsequently measured using the effective interest (EIR) method and are subject to impairment. Gains and losses are recognised in profit or loss when the asset is derecognised, modified or impaired.

b) Financial assets designated at fair value through OCI with recycling of cumulative gains and losses (debt instruments)

The Company measures debt instruments at fair value through OCI if both of the following conditions are met:

- the financial asset is held within a business model with the objective of both holding to collect contractual cash flows and selling; and
- the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

For debt instruments at fair value through OCI, interest income, foreign exchange revaluation and impairment losses or reversals are recognised in the profit or loss and computed in the same manner as for financial assets measured at amortised cost. The remaining fair value changes are recognised in OCI. Upon derecognition, the cumulative fair value change recognised in OCI is recycled to profit or loss.

c) Financial assets designated at fair value through OCI with no recycling of cumulative gains and losses upon derecognition (equity instruments)

Upon initial recognition, the Company can elect to classify irrevocably its equity investments as equity instruments designated at fair value through OCI when they meet the definition of equity under IAS 32 Financial Instruments: Presentation and are not held for trading. The classification is determined on an instrument-by-instrument basis.

Gains and losses on these financial assets are never recycled to profit or loss. Dividends are

For the year ended June 30, 2023

recognised as dividend income in the profit or loss when the right of payment has been established, except when the Company benefits from such proceeds as a recovery of part of the cost of the financial asset, in which case, such gains are recorded in OCI. Equity instruments designated at fair value through OCI are not subject to impairment assessment.

The Company elected to classify irrevocably its non-listed equity investments, if any, under this category.

d) Financial assets at fair value through profit or loss

Financial assets at fair value through profit or loss include financial assets held for trading, financial assets designated upon initial recognition at fair value through profit or loss, or financial assets mandatorily required to be measured at fair value. Financial assets are classified as held for trading if they are acquired for the purpose of selling or repurchasing in the near term. Financial assets with cash flows that are not solely payments of principal and interest are classified and measured at fair value through profit or loss, irrespective of the business model. Notwithstanding the criteria for debt instruments to be classified at amortised cost or at fair value through OCI, as described above, debt instruments may be designated at fair value through profit or loss on initial recognition if doing so eliminates, or significantly reduces, an accounting mismatch.

Financial assets at fair value through profit or loss are carried in the statement of financial position at fair value with net changes in fair value recognised in the profit or loss.

This category includes listed equity investments which the Company had not irrevocably elected to classify at fair value through OCI. Dividends on listed equity investments are also recognised as dividend income in the profit or loss when the right of payment has been established.

5.5.1.3 Derecognition

A financial asset (or, where applicable, a part of a financial asset or part of a group of similar financial assets) is primarily derecognised (i.e., removed from the Company's statement of financial position) when:

- the rights to receive cash flows from the asset have expired; or
- the Company has transferred its rights to receive cash flows from the asset or has assumed an obligation to pay the received cash flows in full without material delay to a third party under a 'pass-through' arrangement and either (a) the Company has transferred substantially all the risks and rewards of the asset, or (b) the Company has neither transferred nor retained substantially all the risks and rewards of the asset, but has transferred control of the asset.

When the Company has transferred its rights to receive cash flows from an asset or has entered into a pass-through arrangement, it evaluates if, and to what extent, it has retained the risks and rewards of ownership.

When it has neither transferred nor retained substantially all of the risks and rewards of the asset, nor transferred control of the asset, the Company continues to recognise the transferred asset to the extent of its continuing involvement. In that case, the Company also recognises an associated liability. The transferred asset and the associated liability are measured on a basis that reflects the rights and obligations that the Company has retained.

Continuing involvement that takes the form of a guarantee over the transferred asset is measured at the lower of the original carrying amount of the asset and the maximum amount of consideration that the Company could be required to repay.

For the year ended June 30, 2023

5.5.1.4 Impairment

The Company recognises an allowance for expected credit losses (ECLs) for all debt instruments not held at fair value through profit or loss. ECLs are based on the difference between the contractual cash flows due in accordance with the contract and all the cash flows that the Company expects to receive, discounted at an approximation of the original effective interest rate.

The expected cash flows will include cash flows from the sale of collateral held or other credit enhancements that are integral to the contractual terms. For trade and other receivables (if any), the Company applies a simplified approach in calculating ECLs. Therefore, the Company does not track changes in credit risk, but instead recognises a loss allowance based on lifetime ECLs at each reporting date. The Company has established a provision matrix that is based on its historical credit loss experience, adjusted for forward-looking factors specific to the debtors and the economic environment. For other assets including deposits, accrued interest and bank balances that are held with reputational banks and other third parties, the Company applies low credit risk simplifications. At each reporting date, the Company evaluates whether these assets are considered to have low credit risk using all reasonable and supportable information that is available without un-due cost or effort including their credit ratings assessed by reputable agencies and therefore assessed to have immaterial impact of allowances for ECL.

The Company considers a financial asset in default when contractual payments are past due over the agreed credit terms. However, in certain cases, the Company may also consider a financial asset to be in default when internal or external information indicates that the Company is unlikely to receive the outstanding contractual amounts in full before taking into account any credit enhancements held by the Company. A financial asset is written off when there is no reasonable expectation of recovering the contractual cash flows.

- 5.5.2 Financial liabilities
- 5.5.2.1 Initial recognition and measurement

Financial liabilities are classified, at initial recognition, as financial liabilities at fair value through profit or loss, loans and borrowings, payables, or as derivatives designated as hedging instruments in an effective hedge, as appropriate.

All financial liabilities are recognised initially at fair value and, in the case of loans and borrowings and payables, net of directly attributable transaction costs.

5.5.2.2 Subsequent measurement

The measurement of financial liabilities depends on their classification, as described below:

a) Financial liabilities at fair value through profit or loss

Financial liabilities at fair value through profit or loss include financial liabilities held for trading and financial liabilities designated upon initial recognition as at fair value through profit or loss. Gains or losses on liabilities held for trading are recognised in the profit or loss. Financial liabilities designated upon initial recognition at fair value through profit or loss are designated at the initial date of recognition, and only if the criteria in IFRS 9 are satisfied.

b) Loans and borrowings

After initial recognition, interest-bearing loans and borrowings are subsequently measured at amortised cost using the EIR method. Gains and losses are recognised in profit or loss when the liabilities are derecognised as well as through the EIR amortisation process.

For the year ended June 30, 2023

Amortised cost is calculated by taking into account any discount or premium on acquisition and fees or costs that are an integral part of the EIR. The EIR amortisation is included as finance costs in the profit or loss.

5.5.2.3 Derecognition

A financial liability is derecognised when the obligation under the liability is discharged or cancelled or expires. When an existing financial liability is replaced by another from the same lender on substantially different terms, or the terms of an existing liability are substantially modified, such an exchange or modification is treated as the derecognition of the original liability and the recognition of a new liability. The difference in the respective carrying amounts is recognised in the profit or loss.

5.5.3 Offsetting of financial instruments

Financial assets and financial liabilities are offset and the net amount is reported in the financial position if there is a currently enforceable legal right to offset the recognised amounts and there is an intention to settle on a net basis, to realise the assets and settle the liabilities simultaneously.

5.6 Impairment of non-financial assets

The Company assesses at each reporting date whether there is an indication that an asset may be impaired. If any indication exists, or when annual impairment testing for an asset is required, the Company estimates the asset's recoverable amount. An asset's recoverable amount is the higher of an asset's fair value less costs to sell and its value in use. Where the carrying amount of an asset exceeds its recoverable amount, the asset is considered impaired and is written down to its recoverable amount.

In assessing value in use, the estimated future cash flows are discounted to their present value using a pre-tax discount rate that reflects current market assessments of the time value of money and the risks specific to the asset. The fair value less costs to sell calculation is based on available data from binding sales transactions, conducted at arm's length, for similar assets or observable market prices less incremental costs to sell of the asset.

In determining fair value less costs to sell, the recent market transactions are taken into account. If no such transactions can be identified, an appropriate valuation model is used. These calculations are corroborated by valuation multiples, quoted share prices for publicly traded companies or other fair value indicators.

Goodwill is tested for impairment annually at year end and when the circumstances indicate that the carrying value may be impaired. Impairment is determined for goodwill by assessing the recoverable amount of each cash generating unit (CGU) or group of CGUs to which the goodwill relates. When the recoverable amount of CGU is less than its carrying amount, an impairment loss is recognised.

Intangible assets with indefinite useful lives are tested for impairment annually at year end either individually or at the CGU level, as appropriate, and when circumstances indicate that the carrying value may be impaired.

For assets excluding goodwill, an assessment is made at each reporting date as to whether there is any indication that previously recognised impairment losses may no longer exist or may have decreased. If such indication exists, the Company estimates the asset's recoverable amount.

A previously recognised impairment loss is reversed only if there has been a change in the assumptions used to determine the asset's recoverable amount since the last impairment loss was recognised. The reversal is limited so that the carrying amount of the asset does not exceed its recoverable amount, nor exceed the carrying amount that would have been determined, net of depreciation, had no impairment loss been recognised for the asset in prior years. Such reversal is recognised in the profit or loss.

Impairment losses relating to goodwill are not reversed in future periods.

For the year ended June 30, 2023

5.7 Investments in subsidiaries and associates

5.7.1 Investments in subsidiaries

Investment in subsidiaries are stated at fair value through other comprehensive income.

5.7.2 Investments in associates

An associate is an entity over which the Company has significant influence. Significant influence is the power to participate in the financial and operating policy decisions of the investee, but is not control or joint control over those policies. The considerations made in determining significant influence or joint control are similar to those necessary to determine control over subsidiaries.

The Company's investment in its associate is accounted at cost less accumulated impairment losses, if any, under the exemption available in relevant accounting standards.

5.8 Stock-in-trade

Stock-in-trade is valued at the lower of cost, determined on a first-in-first-out basis and net realisable value. Items in transit are valued at cost comprising invoice value plus other charges incurred thereon.

Spare parts and loose tools are valued at lower of weighted average cost and net realisable value, except items in transit, which are stated at cost. Spare parts and loose tools are charged to cost of goods sold on an estimated consumption pattern.

Net realisable value is the estimated selling price in the ordinary course of business less estimated costs of completion and estimated costs necessarily to be incurred to make the sale.

5.9 Cash and cash equivalents

Cash and cash equivalents are stated at cost and are defined as cash in hand, cash at banks and short-term highly liquid investments that are readily convertible to known amounts of cash and subject to insignificant risk of changes in value. For the purpose of statement of cash flows, cash and cash equivalents comprise of bank balances including short-term deposits net of bank overdraft, if any.

5.10 Staff retirement benefits - Defined contribution plan

The Company operates a recognised provident fund (defined contribution scheme) for its permanent employees who have completed the minimum qualifying period of service. Equal monthly contributions are made, both by the Company and the employees at the rate of 8.33 percent of the basic salary. The contribution from the Company is charged to the statement of profit or loss for the year.

5.11 Taxation

Current

Provision for current taxation is computed on taxable income at the current rates of taxation, after taking into account tax credits and rebates available, if any, in accordance with the provision of the Income Tax Ordinance, 2001. It also includes any adjustment to tax payable in respect of prior years. However, for income covered under final tax regime, taxation is based on applicable tax rates under such regime.

Deferred

Deferred tax is recognised using the balance sheet method, on all temporary differences arising at the reporting date between the tax bases of assets and liabilities and their carrying amounts for financial reporting purposes.

Deferred tax liabilities are recognised for all taxable temporary differences, while deferred tax assets are recognised for all deductible temporary differences, carry-forward of unused tax losses and unused tax credits, to the extent that it is probable that taxable profit will be available against which the deductible temporary differences, carry forwards of unused tax losses and unused tax credits can be utilised.

For the year ended June 30, 2023

The carrying amount of deferred tax assets is reviewed at each reporting date and reduced to the extent that it is no longer probable that sufficient taxable profit will be available to allow all or part of the deferred tax asset to be utilised. Unrecognised deferred tax assets are reassessed at each reporting date and are recognised to the extent that it has become probable that future taxable profits will allow deferred tax asset to be recovered.

Deferred tax assets and liabilities are measured at the tax rates that are expected to apply to the period when the asset is realised or the liability is settled, based on tax rates (and tax laws) that have been enacted or substantially enacted at the reporting date. Deferred tax is charged or credited to the statement of profit or loss.

Deferred tax relating to items recognised directly in the other comprehensive income is recognised in the other comprehensive income and not in profit or loss.

Deferred tax assets and deferred tax liabilities are offset only if there is a legally enforceable right to offset current tax assets and liabilities and they relate to the income tax levied by the same tax authority.

5.12 Provisions

Provisions are recognised when the Company has a present (legal or constructive) obligation as a result of past events and it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation and a reliable estimate of the obligation can be made. Provisions are reviewed at each reporting date and accordingly adjusted to reflect current best estimates.

5.13 Ijarah arrangements

Payments made under ijarah arrangements / agreements are charged to the statement of profit or loss on a straight line basis over the ijarah term.

- 5.14 Revenue recognition
 - 5.14.1 Revenue from contracts with customers

The Company is in the business of sale of equipment and provides associated monitoring and other services. Revenue from contracts with customers is recognised when control of the goods and services are transferred to the customer at an amount that reflects the consideration to which the Company expects to be entitled in exchange for those goods and services. The Company has generally concluded that it is the principal in its revenue arrangements because it typically controls the goods and services before transferring them to the customer.

- Revenue from sale of goods is recognised at the point in time when control of the goods is transferred to the customer i.e. when goods are installed.
- Revenue from rendering of monitoring services is recognised over the time i.e. as and when services are rendered, revenue from rendering of other associated services are recognised at the point in time when services are rendered.
- For maps navigation business, revenue from sale of goods and rendering of map navigation services are recognised at the point in time when control of the goods and services are transferred to the customer, generally on delivery of goods and rendering of services for installation of goods.

The Company considers whether there are other promises in the contract that are separate performance obligations to which a portion of the transaction price needs to be allocated (e.g., right of returns, volume rebates). In determining the transaction price for the sale of goods and rendering of services, the Company considers the effects of variable consideration, the existence of significant financing components, non-cash consideration, and consideration payable to the customer (if any).

For the year ended June 30, 2023

- 5.14.2 Other revenues
 - a) Rental income from equipment is recognised on accrual basis.
 - b) Income on bank accounts are recognised using effective interest rate.
 - c) Dividend income is recognised when the right to receive the dividend is established and other income, if any is recognised on accrual basis.

5.15 Foreign currency translation

Transactions in foreign currencies are translated into Pakistani Rupee at the rate ruling at the date of the transaction. Monetary assets and liabilities denominated in foreign currencies are retranslated at the exchange rate ruling at the reporting date. Exchange gains and losses are recognised in the statement of profit or loss. Non-monetary items that are measured in terms of historical cost in a foreign currency are translated using the exchange rates as at the dates of the initial transactions. Non-monetary items measured at fair value in a foreign currency are translated using the exchange rates at the date when the fair value was determined.

5.16 Borrowing costs

Borrowing and other related costs directly attributable to the acquisition, construction or production of qualifying assets, which are assets that necessarily take a substantial period of time to get ready for their intended use, are added to the cost of those assets, until such time as the assets are substantially ready for their intended use. All other borrowing costs are recognised as an expense in the period in which they are incurred.

5.17 Dividend and appropriation to reserves

Dividend and appropriation to reserves are recognised in the financial statements in the period, in which these are approved. However, if these are approved after the reporting period but before the financial statements are authorised for issue, they are disclosed in the notes to these unconsolidated financial statements.

5.18 Government grant

Government grant is recognised where there is reasonable assurance that the grant will be received and all attached conditions will be complied with. When the grant related to an expense item, it is recognised in the statement of profit or loss on a systematic basis over the periods that the related costs, for which it is intended to compensate, are expensed. When the grant relates to an asset, it is recognised as income in equal amounts over the expected useful life of the related asset.

5.19 Segment reporting

Operating segments are reported in a manner consistent with the internal reporting provided to the Chief Operating Decision Maker (i.e. a single segment at the Company level). Segment results, assets and liabilities include items directly attributable to a segment. Segment capital expenditure is the total cost incurred during the year to acquire property, plant and equipment and intangible assets.

5.20 Employees share option plan

Eligible employees of the Company receive remuneration in the form of share-based payments, whereby employees render services as consideration for equity instruments (equity-settled transactions). The cost of share option transactions is determined using intrinsic value method. That cost is recognised in salaries and benefits expense, together with a corresponding increase in equity (other capital reserves), over the period in which the service and, where applicable, the performance conditions are fulfilled (the vesting period). The cumulative expense recognised for equity-settled transactions at each reporting date until the vesting date reflects the extent to which the vesting period has expired and the Company's best estimate of the number of equity instruments that will ultimately vest. The expense or credit in the statement of profit or loss for the year represents the movement in cumulative expense recognised as at the beginning and end of that year. The dilutive effect of outstanding options is reflected as additional share dilution in the computation of diluted earnings per share.

7.2 Impairment testing of goodwill and intangibles with indefinite lives

Goodwill acquired through business combinations and intangibles with indefinite useful lives have been allocated and monitored at the Company level (tracking business - excluding non-operating assets). Intangible assets with indefinite useful lives include customer and marketing related intangibles assets. The Company has performed its annual impairment test as at June 30, 2023. The recoverable amount of the Company is determined based on using cash flow projections from financial budgets approved by the senior management covering a five year period. The discount rate applied to cash flow projections is 22.9% (2022: 15.7%). The growth rate used to extrapolate the cash flows beyond the five-year period is 8% (2022: 5.8%). As a result of this assessment, the management did not identify any impairment for the cash generating unit to which these assets are allocated.

WRITTEN

For the year ended June 30, 2023

Key assumptions used in discounted cashflow calculations

The calculation of discounted cashflow is most sensitive to the following assumptions:

- Discount rates
- Key business assumptions

Discount rates

The discount rate reflects current market assessment of the rate of return required for the business and is calculated using the Capital Asset Pricing Model. The discount rate reflects the Weighted Average Cost of Capital of the Company.

Key business assumptions

These assumptions are based on industry data for growth rates and management assess how the unit's position might change over the projected period. Management expects revenues and margins to improve on the basis of multiple strategies planned including increase in vehicle tracking sales volume and greater focus on container tracking business.

Sensitivity to changes in assumptions

Management believes that after considering the various scenarios, no reasonably possible change in any of the above key assumptions would cause the carrying value of the unit to materially exceed its recoverable amount.

7.2.1 The Company has also determined the recoverable amount based on fair value less cost to sell considering the relationship between its market capitalisation, using the Level 1 input of the fair value hierarchy - quoted prices of the Company, and its book value, among other factors. As a result of this analysis also, the management did not identify any impairment for the cash generating unit to which goodwill and intangible asset with indefinite useful lives are allocated.

			►2023	▶2022
		Note	Rup	pees
7.3	Intangible assets under development			
	Balance as at July 01 Add : Additions during the year Less: Transfer to new Subsidiary Company - ALS		940,064,721 42,336,567 (940,064,721)	914,859,367 25,205,354 -
	Balance as at June 30	7.3.1 & 7.3.2	42,336,567	940,064,721

- 7.3.1 This represents expenditure incurred for the development of a SaaS Platform encompassing the SaaS Core System, Fleet Telematics and IoT Platform, APIs, and Mobile Apps for both Android and iOS. This cloud-based solution aims to empower both entities and individuals in managing, overseeing, and governing their devices and information through a centralized software application. The anticipated culmination is in the last quarter of the fiscal year 2023-2024. The Company's projection indicates that the complete outlay for the development of these intangible assets will sum up to Rs. 120 million, out of which Rs. 42.336 million has already been incurred by the Company as of the reporting date.
- 7.3.2 The management has carried out an annual impairment assessment for intangible assets under development based on the discounted cashflow calculations. The discount rate applied to the cashflow projections is 22.9% (2022: 15.7%) and the growth rate used to extrapolate the cashflows beyond the five year period is 8% (2022: 5.8%). As a result of this assessment, the management did not identify any impairment in the carrying value of intangible assets under development as of the reporting date.

For the year ended June 30, 2023

Key assumptions used in discounted cashflow calculations

The calculation of discounted cashflow is most sensitive to the following assumptions:

- Discount rates
- Key business assumptions

Discount rates

The discount rate reflects current market assessment of the rate of return required for the business and is calculated using the Capital Asset Pricing Model. The discount rate reflects the target Weighted Average Cost of Capital of the Company.

Key business assumptions

These assumptions are based on industry data for growth rates and management's assessment on how the technology might change over the projected period. Management expects revenues and margins to improve on the basis of multiple strategies planned including, greater focus on development of new databases, applications and solutions, and expected increase in navigation business.

Sensitivity to changes in assumptions

Management believes that after considering the various scenarios, no reasonably possible change in any of the above key assumptions would cause the carrying value of the unit to materially exceed its recoverable amount.

- 7.3.3 The Company has also determined the recoverable amount based on fair value less cost to sell considering the relationship between its market capitalization, using the Level 1 input of the fair value hierarchy quoted prices of the Company, and its book value, among other factors. As a result of this analysis also, the management did not identify any impairment for the cash generating unit to which goodwill and intangible asset with indefinite useful lives are allocated.
- 7.4 Amortisation charge for the year has been allocated as follows:

		▶2023	► 2022
	Note	Rup	pees
Cost of sales and services Distribution expenses Administrative expenses	37 38 39	3,212,317 103,623 507,791 3,823,731	13,135,627 423,730 2,076,433 15,635,790

7.5 This includes fully amortized intangible assets having cost of Rs. 374.077 million (2022: Rs. 355.581 million).

8. RIGHT-OF-USE ASSETS

The carrying amounts of right-of-use assets recognized and movement during the year is as follows:

For the year ended June 30, 2023

26.1 The Company and the Parent Company (TPL Corp Limited) has obtained long-term financing from a commercial bank of Rs. 150 million under Refinance Scheme for payment of Wages & Salaries by State Bank of Pakistan. Out of total facility limit, Rs. 96.7 million was availed by the Company and Rs. 51.7 million was availed by the parent company. It carries a flat mark-up at the rate of 3% per annum and is repayable in 8 quarterly instalments commencing from January 2021 discounted at effective rate of interest of 9.72% to 11.31% per annum.

The differential mark-up has been recognised as government grant which will be amortised to interest income over the period of the facility. The facility is secured against existing charge over Company's current assets, fixed assets and pledge of shares of TPL Insurance Limited and TPL Properties Limited. During the year, the Company repaid the outstanding balance in full and charge on this facility was released.

26.2 The Company has obtained long-term financing from a commercial bank of Rs. 98 million under Refinance Scheme for payment of Wages and Salaries by State Bank of Pakistan. Out of total facility limit, Rs. 97.8 million was availed by the Company. It carries a flat mark-up at the rate of 3% per annum and is repayable in 8 quarterly instalments commencing from January 2021 discounted at effective rate of interest of 10.25% to 10.26% per annum. The differential mark-up has been recognised as government grant which will be amortised to interest income over the period of the facility. The facility is secured against ranking charge over current assets of the Company and pledge of shares of TPL Corp Limited and TPL Properties Limited of Rs. 163.333 million with 40% margin. During the year, the Company repaid the outstanding balance in full and charge on this facility was released.

35. CONTINGENCIES AND COMMITMENTS

35.1 Contingencies

35.1.1 The Company is defending various suits filed against it in various courts in Pakistan for sums, aggregating to Rs. 13.279 million (2022: 13.279 million), related to its business operations. The legal counsel is confident that these suits are expected to be decided in the favor of the Company and, accordingly, no provision has been made for any liability against these law suits in these unconsolidated financial statements. Details of these legal cases are given below:

Court	Factual Description	Date of institution	Party	Relief Sought
High Court of Sindh	Dispute arising on the reimbursement on return of tracking device and un-utilised monitoring charges	April 01, 2011	Geofizyka Krakow Limited vs TPL Trakker Limited	Reimbursement of Rs.10.929 million being the price paid for the equipment in respect of returned units and un- utilised monitoring charges
District and Session Court (East)	Dispute arising due to the non-functionality of tracking device	April 08, 2013	Muhammad Aziz Khan vs TPL Trakker Limited	Recovery of Rs. 1.350 million being the cost of the car and Rs.1 million as damages

35.1.2 The Deputy Commissioner, Inland Revenue has passed an Order-in-Original u/s 11 (2) of the Sales Tax Act, 1990, dated June 05, 2023, where the difference between sales revenue as declared in financial statements for the year ended June 30, 2017 and the returns filed by the company for the same tax periods was made taxable, after considering reconciliation submitted by the Company and has raised tax demand of Rs. 56.869 million.

The Company has filed an appeal to Commission Appeals (CIR-A) against the aforesaid order, whose hearing is affixed after the reporting year. Based on the advice of the legal advisor, management is confident that the outcome of the case will be in favour of the Company.

35.2 Commitments

35.2

35.2.1 Ijarah agreements

The Company has ijarah agreement with Islamic financial institution in respect of purchase of computer equipment for a period upto three years. As of reporting date, total ijarah payments due under the agreements are Rs. 71.149 million (2022: Rs. Nil) .Taxes and repairs are to be borne by the Company (lessee), however, major repairs and insurance costs are to be borne by the lessors. These payments are secured against promissory notes in favor of the lessors for the entire amount of the ijarah rentals and security deposits of Rs. 18.7 million (2022: Rs. Nil). Future minimal rentals payable under ijarah agreements as at reporting date are as follows:

FINANCIAL RISK MANAGEMENT OBJECTIVES AND POLICIES 47.

The Company finances its operations through equity, borrowings and management of working capital with a view of maintaining appropriate mix between various sources of finance to minimize risks. Taken as a whole, the Company is exposed to market risk, credit risk, and liquidity risk. No changes were made in the objectives, policies or processes and assumptions during the year ended June 30, 2023. The policies for managing each of these risks are summarised below:

For the year ended June 30, 2023

47.1 Financial assets and liabilities (excluding statutory assets and liabilities) by categories and their respective maturities are as follows:

47.1.1 The carrying values of all financial assets and liabilities reflected in these financial statements approximate their fair values.

For the year ended June 30, 2023

47.2 Market risk

Market risk is the risk that the fair value of future cash flows of a financial instrument will fluctuate because of changes in market prices. Market prices comprise three types of risk: interest rate risk, currency risk and other price risk. The sensitivity analysis in the following sections relate to the position as at June 30, 2023.

47.2.1 Interest rate risk

Interest rate risk is the risk that the fair value or future cash flows of the financial instruments will fluctuate because of changes in market interest rates. The Company's exposure to the risk of changes in market interest rates relates primarily to the Company's long-term and short-term financing arrangements at floating interest rates to meet its business operations and working capital requirements.

47.2.2 Interest rate sensitivity

The following table demonstrates the sensitivity to a reasonably possible change in interest rates, with all other variables held constant, on the Company's profit / (loss) before tax (through impact on floating rate borrowings). There is no direct impact on Company's equity. This analysis excludes the impact of movement in market variables on the carrying values of provisions and on non-financial assets and liabilities of the Company.

	(Increase) / decrease in basis points	Effect on profit / (loss) before tax (Rupees)
2023	+100	16,160,787
	-100	(16,160,787)
2022	+100	17,036,683
	-100	(17,036,683)

47.2.3 Currency risk

Currency risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in foreign exchange rates. The Company's exposure to the risk of changes in foreign currency exchange rates primarily relates to the Company's supplier payments and operating activities. The Company manages its currency risk by effective fund management and timely repayment of its current liabilities. The Company, however, has not hedged its foreign currency liabilities as the management has assessed that it will not be cost beneficial. The Company's exposure to currency risk is as follows:

	2023 Foreign cur	2022 rency	2023 Equivalent F	2022 Rupees
Assets Advances (USD)	-	43,215	-	8,878,522
Liabilities Trade creditors (USD) Trade creditors (EUR)	(468,506) (45,000)	(373,179) (90,000)		(76,348,617) (19,262,673)

The exchange rates applied during the year and at year end were as follows:

	Average	e rate	Spo	ot rate
	2023	2022	2023	2022
	Rup	ees	Ru	ipees
US Dollar	245.59	179.50	286.60	204.59
Euro	263.66	206.00	313.30	214.03

For the year ended June 30, 2023

Sensitivity analysis

Every 5% increase or decrease in exchange rate, with all other variables held constant, will decrease or increase profit / (loss) before tax for the year by Rs 7.418 million (2022: Rs 4.338 million).

47.2.4 Other price risk

Other price risk is the risk that the fair value of future cash flows of the financial instruments will fluctuate because of changes in market prices such as equity price risk. Equity price risk is the risk arising from uncertainties about future values of investments securities. As at reporting date, the Company is not exposed to equity price risk other than its investment in subsidiaries (note 9).

47.3 Credit risk

47.3.1 Credit risk is the risk that one party to a financial instrument will cause a financial loss for the other party by failing to discharging an obligation. The financial assets excludes statutory assets and includes deposits, loans, trade and other receivables, interest accrued, investments, due from related parties and cash and bank balances. Out of the total financial assets of Rs. 3,052.234 million (2022: Rs. 2,509.715 million), the financial assets which are subject to credit risk amounted to Rs. 3,048.254 million (2022: Rs. 2,506.854 million). The Company's credit risk is primarily attributable to its trade debts and bank balances. The Company has large number of customers, including corporate and individuals, due to large number and diversity of its customer base, concentration of credit risk with respect to trade debtors is limited. Further, the Company manages its credit risk by obtaining advance monitoring fee for device and service charges and effective implementation of credit policy for its customers.

The credit quality of financial assets that are past due but not impaired is disclosed in note 15.5 to these unconsolidated financial statements. As at the reporting date, there are no financial assets that would otherwise be past due or impaired whose terms have been renegotiated.

47.3.2 The Company monitors the credit policy of its financial assets with reference to historical performance of such assets and available external credit ratings. The carrying values of financial assets which are neither past due nor impaired are as under:

48. FAIR VALUE OF FINANCIAL INSTRUMENTS

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The fair value measurement is based on the presumption that the transaction to sell the asset or transfer the liability takes place either:

- in the principal market for the asset or liability; or
- in the absence of a principal market, in the most advantageous market for the asset or liability.

The principal or the most advantageous market must be accessible by the Company.

The fair value of an asset or a liability is measured using the assumptions that market participants would use when pricing the asset or liability, assuming that market participants act in their economic best interest.

A fair value measurement of a non-financial asset takes into account a market participant's ability to generate economic benefit by using the asset in its highest and best use or by selling it to another market participant that would use the asset in its highest and best use.

The Company uses valuation techniques that are appropriate in the circumstances and for which sufficient data are available to measure fair value, maximising the use of relevant observable inputs and minimising the use of unobservable inputs. All assets and liabilities for which fair value is measured or disclosed in the financial statements are categorised within the fair value hierarchy, described as follows, based on the lowest level input that is significant to the fair value measurement as a whole:

For the year ended June 30, 2023

Level 1: Quoted market price

Level 2: Valuation techniques (market observable)

Level 3: Valuation techniques (non-market observables)

	Total	Level 1	Level 2	Level 3
Financial assets - Designated at FVTOCI		Rup	ees	
Long term investments 2023	694,552,732	-	-	694,552,732
2022	194,552,732	-	-	194,552,732

No transfers were made during the year within the fair value hierarchy.

As of reporting date, the Company has no assets carried at fair value other than long-term investments in a subsidiary companies as stated above.

48.1 Description of significant unobservable inputs to valuation

The significant unobservable inputs used in the fair value measurements categorised within Level 3 of the fair value hierarchy, as at June 30, 2023 are shown below:

	Significant unobservable inputs	Range (weightee average)	
Non-listed equity investments - TME	Discount rate	11%	1% increase in the discount rate could result in decrease in fair value by Rs. 25.291 million.
			1% decrease in the discount rate could result in increase in fair value by Rs. 35 million."
	Terminal growth rate	3%	1% increase in the growth rate could result in increase in fair value by Rs. 27.237 million.
			1% decrease in the growth rate could result in decrease in fair value by Rs. 21.400 million.

REMUNERATION OF CHIEF EXECUTIVE, DIRECTORS AND EXECUTIVES 49.

The aggregate amounts charged in these unconsolidated financial statements for the year are as follows:

Independent Auditor's Report To The Members Of TPL Trakker Limited Report on the Audit of the Consolidated Financial Statements

Opinion

We have audited the annexed consolidated financial statements of TPL TRAKKER LIMITED (the Holding Company) and its subsidiaries namely Trakker Middle East LLC and Astra Location Services (Private) Limited which comprise the consolidated statement of financial position as at June 30, 2023, and the consolidated statement of the profit or loss and other comprehensive income, the consolidated statement of cash flows, the consolidated statement of changes in equity for the year then ended, and notes to the consolidated financial statements, including a summary of significant accounting policies and other explanatory information, and we state that we have obtained all the information and explanations which, to the best of our knowledge and belief, were necessary for the purposes of the audit.

In our opinion, the consolidated financial statements give a true and fair view of the consolidated financial positon of the group as at June 30, 2023 and its consolidated financial performance and its consolidated cash flows for the year then ended in accordance with the accounting and reporting standards as applicable in Pakistan.

Basis for Opinion

We conducted our audit in accordance with International Standards on Auditing (ISAs) as applicable in Pakistan. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Consolidated Financial Statements section of our report. We are independent of the Group in accordance with the International Ethics Standards Board for Accountants' Code of Ethics for Professional Accountants as adopted by the Institute of Chartered Accountants of Pakistan (the Code) and we have fulfilled our other ethical responsibilities in accordance with the Code. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Key Audit Matters

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the consolidated financial statements of the current year. These matters were addressed in the context of our audit of the consolidated financial statements as a whole, and in forming our opinion thereon, we do not provide a separate opinion on these matters.

Following are the key audit matters:

S. No.	Key audit matters	How the matter was addressed in our audit		
1	Revenue recognition			
	 (Refer note 35 to the accompanying consolidated financial statements) The Company has four main steams of revenue which are equipment installation and sales, monitoring fees, rentals from tracking devices and navigation revenue. The recognition of revenue against each steam involved complex IT systems including system integration. In addition, the amount of revenue recognized is material to the consolidated financial statements. Based on the above factors, we have considered revenue recognition as a key audit matter. 	perform tests on IT general controls.		
		 Performed procedures on revenue to ensur that revenue is recognized according to IFR and cut off procedures to ensure that revenu has been recorded in the correct accountin- period. 		
2	Impairment of goodwill and intangible assets			
	(Refer note 7 to the accompanying consolidated financial Statements) The intangible assets include goodwill, intangible assets with indefinite life and intangible assets under development having carrying value aggregating to Rs. 61. 412 million as of June 30, 2023 and tested for impairment at least on an annual basis. The determination of recoverable amount requires judgement in both identifying and then valuing the relevant Cash Generating Units (CGUs). The impairment assessment for such assets involves significant judgments and estimates about future business performance, with key assumptions including cash flows, inflation rates, the overall long-term growth rates, discount rates used and to the extent relevant, the fair value less costs to dispose. Changes in these assumptions might lead to a significant change in the carrying values of the related	determination of CGUS, to which it relates.		

S. No.	Key audit matters	How the matter was addressed in our audit		
		use of the CGU's assets and allocated goodwill; and		
		evaluate the sensitivity analysis performed by management around the key assumptions for various CGU's as well as performing break—even analysis on key assumptions and challenged the outcomes of the assessment.		

Information Other than the Consolidated Financial Statements and Auditor's Report Thereon

Management is responsible for the other information. The other information comprises the information included in the annual report but does not include the consolidated financial statements and our auditor's report thereon.

Our opinion on the consolidated financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the consolidated financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the consolidated financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Responsibilities of Management and Board of Directors for the Consolidated Financial Statements

Management is responsible for the preparation and fair presentation of the consolidated financial statements in accordance with the accounting and reporting standards as applicable in Pakistan and the requirements of Companies Act, 2017 (XIX of 2017) and for such internal control as management determines is necessary to enable the preparation of consolidated financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the consolidated financial statements, management is responsible for assessing the Group's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Group or to cease operations, or has no realistic alternative but to do so.

The Board of directors are responsible for overseeing the Group's financial reporting process.

Auditor's Responsibilities for the Audit of the Consolidated Financial Statements

Our objectives are to obtain reasonable assurance about whether the consolidated financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with ISAs as applicable in Pakistan will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these consolidated financial statements.

As part of an audit in accordance with ISAs as applicable in Pakistan, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

• Identify and assess the risks of material misstatement of the consolidated financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from

fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Group's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the
 audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast
 significant doubt on the Group's ability to continue as a going concern. If we conclude that a material uncertainty
 exists, we are required to draw attention in our auditor's report to the related disclosures in the consolidated financial
 statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit
 evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Group
 to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the consolidated financial statements, including the disclosures, and whether the consolidated financial statements represent the underlying transactions and events in a manner that achieves fair presentation.
- Obtain sufficient appropriate audit evidence regarding the financial information of the entities or business activities within the Group to express an opinion on the consolidated financial statements. We are responsible for the direction, supervision and performance of the group audit. We remain solely responsible for our audit opinion.

We communicate with the board of directors regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide the board of directors with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards. From the matters communicated with the board of directors, we determine those matters that were of most significance in the audit of the consolidated financial statements of the current year and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

The engagement partner on the audit resulting in this independent auditor's report is Zulfikar Ali Causer.

For the year ended June 30, 2023

2. BASIS OF PREPARATION

2.1 Statement of compliance

These consolidated financial statements have been prepared in accordance with the accounting and reporting standards as applicable in Pakistan. The accounting and reporting standards applicable in Pakistan comprise of:

- International Financial Reporting Standards (IFRS Standards) issued by the International Accounting Standards Board (IASB) and Islamic Financial Accounting Standards (IFAS) as notified under the Companies Act, 2017 (the Act);
- Islamic Financial and Accounting standards (IFAS) issued by the Institute of Chartered Accountants of Pakistan as notified under the Companies Act, 2017 and;
- Provisions of and directives issued under the Companies Act, 2017.

Where provisions of and directives issued under the Act differ from IFRSs or IFAs, the provisions of and directives issued under the Act have been followed.

2.2 Basis of measurement

These consolidated financial statements have been prepared under the historical cost convention, unless otherwise specifically stated.

2.3 Basis of consolidation

These consolidated financial statements comprises the financial statements of the Holding Company and its subsidiaries, TME and ALS as at June 30, 2023, here-in-after referred to as 'the Group'.

Subsidiaries

Subsidiaries are those entities over which the Group has control. Control is achieved when the Group is exposed, or has rights, to variable returns from its involvement with the investee and has the ability to affect those returns through its power over the investee.

Specifically, the Group controls an investee if, and only if, the Group has:

- power over the investee (i.e. existing rights that give it the current ability to direct the relevant activities of the investee);
- exposure, or rights, to variable returns from its involvement with the investee; and
- the ability to use its power over the investee to affect its returns.

Generally, there is a presumption that a majority of voting rights results in control. To support this presumption and when the Group has less than a majority of the voting or similar rights of an investee, the Group considers all relevant facts and circumstances in assessing whether it has power over an investee including:

- the contractual arrangement(s) with the other vote holders of the investee;
- rights arising from other contractual arrangements; and
- the Group's voting rights and potential voting rights.

The Group re-assesses whether or not it controls an investee if facts and circumstances indicate that there are changes to one or more of the three elements of control.

For the year ended June 30, 2023

Subsidiaries are consolidated from the date on which the Group obtains control, and continue to be consolidated until the date when such control ceases. Assets, liabilities, income and expenses of a subsidiary acquired or disposed off during the year are included in the profit or loss from the date the Group gains control until the date the Group ceases to control the subsidiary.

Identifiable assets acquired and liabilities and contingent liabilities assumed in a business combination are measured initially at their fair values at the acquisition date, irrespective of the extent of any non-controlling interest. The excess of the cost of acquisition is recorded as goodwill. If the cost of acquisition is less than fair value of the net assets of the subsidiary acquired, the difference is recognized directly in the profit or loss.

After initial recognition, goodwill is measured at cost less accumulated impairment losses, if any. For the purposes of impairment testing, goodwill acquired in a business combination is, on the acquisition date, allocated to each of the Group's cash generating units that are expected to benefit from the combination. Goodwill is tested annually or whenever there is an indication of impairment exists. Impairment loss in respect of goodwill is recognized in profit or loss and is not reversed in future periods.

The assets, liabilities, income and expenses of subsidiary companies are consolidated on a line by line basis and the carrying value of investments held by the Holding Company is eliminated against the subsidiaries' shareholders' equity in the consolidated financial statements.

All intra-group transactions, balances, income, expenses and unrealised gains and losses on transactions between Group companies are eliminated in full.

The subsidiaries have same reporting period as that of the Holding Group. The accounting policies of subsidiaries have been changed to confirm with accounting policies of the Group, wherever needed.

When the ownership of a subsidiary is less than 100 percent and, therefore, a non-controlling interest (NCI) exists, the NCI is allocated on its share of the total comprehensive income of the period, even if that results in a deficit balance.

A change in the ownership interest of subsidiary, without a loss of control, is accounted for as an equity transaction. If the Group losses control over subsidiary, it derecognises the assets (including goodwill) and liabilities of the subsidiary, carrying amount of any NCI, cumulative translation differences recognised in equity, and recognises fair value of consideration received, any investment retained, surplus or deficit in the profit or loss, and reclassifies the Holding Company share of component previously recognised in other comprehensive income to profit or loss, or retained earnings, as appropriate.

3. APPLICATION OF NEW STANDARDS, AMENDSMENTS AND INTERPRETATIONS TO PUBLISHED APPROVED ACCOUNTING AND REPORTING STANDARDS

3.1 New accounting standards, amendments and IFRS interpretations that are effective for the year ended June 30,
 2023

The following stantdards, amendments and interpretations are effective for the year ended June 30, 2023. These standards, amendments and interpretations are either not relevant to the Group's operations or did not have significant impact on the financial statements other than certain additional disclosures.

	Effective date (annual periods beginning on or after)
Amendmends to IFRS 3 'Business Combinations' - Reference to the conceptual framework	January 01, 2023
Amendmends to IAS 16 'Property, Plant and Equipment' - Proceeds before intended use	January 01, 2023
Amendmends to IAS 37 'Provisions, Contingent Liabilities and Contingent Assets' - Onerous Contracts - Cost of fulfilling a contract	January 01, 2023

For the year ended June 30, 2023

Certain annual improvements have also been made to a number of IFRSs.

3.2 New accounting standards, amendments and interpretations that are not yet effective

The following standards, amendments and interpretations are only effective for accounting periods, beginning on or after the date mentioned against each of them. These standards, amendments and interpretations are either not relevant to the Group's operations or are not expected to have significant impact on the Group's financial statements other than certain additional disclosures.

	Effective date (annual periods beginning on or after)
Amendments to IFRS 7 'Financial Instruments: Disclosures' - Supplier finance arrangements	January 01, 2024
Amendments to IFRS 16 'Leases' - Amendments to clarify how a seller-lessee subsequently measures sale and leaseback transactions	January 01, 2024
Amendmends to IAS 1 'Presentation of Financial Statements' - Classification of liabilities as current or non-current	January 01, 2024
Amendmends to IAS 1 'Presentation of Financial Statements' - Disclosure of Accounting Policies	January 01, 2024
Amendmends to IAS 1 'Presentation of Financial Statements' - Non-current liabilities with covenants	January 01, 2024
Amendments to IAS 7 'Statement of Cash Flows' - Supplier finance arrangements	January 01, 2024
Amendments to IAS 8 'Accounting Policies, Changes in Accounting Estimates and Errors' - Definition of Accounting Estimates	January 01, 2024
Amendments to IAS 12 'Income Taxes' - Deferred Tax related to Assets and Liabilities arising from a single transaction	January 01, 2024
Amendments to IAS 12 'Income Taxes' - Temporary exception to the requirements regarding deferred tax assets and liabilities related to pillar two income taxes	January 01, 2024

The following new standards and interpretations have been issued by the International Accounting Standards Board (IASB), which have not been adopted locally by the Securities and Exchange Commission of Pakistan (SECP):

IFRS 1 First Time Adoption of International Financial Reporting Standards

IFRS 17 Insurance Contracts

4. SIGNIFICANT ACCOUNTING JUDGMENTS, ESTIMATES AND ASSUMPTIONS

The preparation of the consolidated financial statements in conformity with accounting and reporting standards requires the use of certain critical accounting estimates. It also requires management to exercise its judgments in the process of applying the Group's accounting policies. Judgments, estimates and assumptions are continually evaluated and are based on historic experience and other factors, including expectations of future events that are believed to be reasonable under the circumstances. Revisions to accounting estimates are recognised in the period in which the estimate is revised and in any future periods affected.

In the process of applying the Group's accounting policies, management has made the following judgments, estimates and assumptions which are significant to these consolidated financial statements:

For the year ended June 30, 2023

a) Operating fixed assets and intangible assets

The Group reviews the useful lives, methods of depreciation / amortisation and residual values of operating fixed assets on the reporting date. Any change in the estimates in future years might affect the carrying amounts of the respective items of operating fixed assets and intangible assets with a corresponding effect on the depreciation / amortisation charge and impairment.

The Group assesses at each reporting date whether there is any indication that assets may be impaired. If such indication exists, the carrying amounts of such assets are reviewed to assess whether they are recorded in excess of their recoverable amount. Where carrying value exceeds recoverable amount, assets are written down to the recoverable amounts and the resulting impairment loss is recognized as expense in the profit or loss, unless the asset is carried at revalued amount. Any impairment loss of revalued assets is treated as revaluation decrease.

b) Investment in subsidiaries

The Group values its investment in subsidiaries at fair value using fair value hierarchy; Level 1 - quoted prices (unadjusted) in active markets, Level 2 - valuations based on directly or indirectly observable market input and Level 3 - valuations based on unobservable market input. The determination of fair value of unquoted subsidiaries involves inherent subjectivity, key assumptions (such as future cash flow forecasts, discount and growth rates and volatility), and estimation relating to valuation inputs and techniques. Any change in these assumptions and estimates may have significant impact on the fair value of investments with corresponding impact in other comprehensive income.

c) Stock-in-trade

The Group reviews the net realisable value of stock-in-trade to assess any diminution in the carrying values. Net realisable value is determined with reference to estimated selling price less estimated expenditure to make the sales.

d) Provision for expected credit losses (ECL) of certain financial assets

The Group has established a provision matrix that is based on the Group's historical credit loss experience, adjusted for forward-looking factors specific to the debtors and the economic environment. However, in certain cases, the Group may also consider a financial asset to be in default when internal or external information indicates that the Group is unlikely to receive the outstanding contractual amounts in full before taking into account any credit enhancements held by the Group. The Group will calibrate the matrix to adjust the historical credit loss experience with forward-looking information. The amount of ECLs is sensitive to changes in circumstances and of forecast economic conditions. The Group's historical credit loss experience and forecast of economic conditions may also not be representative of customer's actual default in the future. At each reporting date, the historical observed default rates are updated and changes in the forward-looking estimates are analysed. Any change might affect the carrying value and amount of expected credit loss charge to profit or loss.

e) Recognition of tax and deferred tax

The provision for taxation is accounted for by the Group after taking into account the relevant laws and decisions taken by appellate authorities. Instances, where the Group's view differs from the view taken by the tax authorities at the assessment stage and where the Group considers that its view on items of material nature is in accordance with law, the amounts are shown as contingent liabilities / assets.

Significant management judgement is required to determine the amount of deferred tax that can be recognised, based upon the likely timing and the level of future taxable profits, together with future tax planning strategies. The management consider tax consequences that would follow from the manner in which the entity expects, at the end of the reporting period, to recover or settle the carrying amount of its assets and liabilities.

For the year ended June 30, 2023

Other areas where judgments, estimates and assumptions involved are disclosed in respective notes to these consolidated financial statements.

5. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

- 5.1 Property, plant and equipment
 - 5.1.1 Owned

Property, plant and equipment (except for leasehold land and buildings on leasehold land) are stated at cost less accumulated depreciation and accumulated impairment losses, if any. Leasehold land and buildings on leasehold land are stated at revalued amounts, which are the fair value at the date of revaluation. Subsequently, these are stated at revalued amounts less subsequent accumulated depreciation and subsequent impairment losses, if any. Depreciation is charged to profit or loss applying the straight-line method. Depreciation on additions during the year is charged from the month of addition when the asset is available for use, whereas, depreciation on disposals is charged upto the month in which the disposal takes place.

Rates of depreciation which are disclosed in note 6.1 to these consolidated financial statements are designed to write-off the cost over the estimated useful lives of the assets.

Major renewals and improvements for assets are capitalised and the assets so replaced, if any, are retired. Maintenance and normal repairs are charged to profit or loss, as and when incurred.

Assets residual values, useful lives and method of depreciation are reviewed and adjusted, if appropriate at each reporting date. An asset's carrying amount is written down immediately to its recoverable amount if the asset's carrying amount is greater than its estimated recoverable amount.

Valuations are performed frequently enough to ensure that the fair value of a revalued asset does not differ materially from its carrying amount at the reporting date. Accumulated depreciation at the date of the revaluation is eliminated against the gross carrying amount of the asset and the net amount restated to the revalued amount of the asset.

An item of property and equipment is derecognised upon disposal or when no future economic benefits are expected to arise from the continued use of the asset. Gains or losses on disposal or retirement of an asset represented by the difference between the sale proceeds and the carrying amount of the asset is charged to profit or loss.

5.1.2 Capital work-in-progress

Capital work-in-progress is stated at cost less accumulated impairment losses, if any, and consist of expenditure incurred in respect of operating fixed assets in the course of their acquisition, erection, construction and installation. The assets are transferred to relevant category of operating fixed assets when they are available for use.

5.2 Surplus on revaluation of property, plant and equipment

A revaluation surplus is recorded in other comprehensive income and credited to the asset revaluation surplus in equity. However, to the extent that it reverses a revaluation deficit of the same asset previously recognised in profit or loss, the increase is recognised in profit or loss. A revaluation deficit is recognised in the profit or loss, except to the extent that it offsets an existing surplus on the same asset recognised in the asset revaluation surplus.

An annual transfer from the asset revaluation surplus to unappropriated profit is made for the difference between depreciation based on the revalued carrying amount of the asset and depreciation based on the asset's original cost. Additionally, accumulated depreciation as at the revaluation date is eliminated against the gross carrying amount of the asset and the net amount is restated to the revalued amount of the asset. Upon disposal, any revaluation surplus relating to the particular asset being sold is transferred to unappropriated profit.

For the year ended June 30, 2023

5.3 Intangible assets

Intangible assets other than goodwill, customers related intangible assets and marketing related intangible assets are stated at cost less accumulated amortisation and accumulated impairment losses, if any. Goodwill, customers related intangible assets and marketing related intangible assets are stated at cost less accumulated impairment losses, if any, as their useful life is indefinite and are tested for impairment annually. For other intangibles, amortisation is charged to the profit or loss applying the straight line method, whereby, the cost of intangible asset is written off over its useful economic life. The amortisation rate of the intangible assets are stated in note 7.1 to these consolidated financial statements. Full month's amortisation is charged upto the month in which the disposal takes place.

5.3.1 Intangible assets under development

Intangible assets under development are stated at cost less accumulated impairment losses, if any. It consists of expenditure incurred in respect of intangible assets under development in the course of their acquisition, erection, development and installation. The assets are transferred to relevant category of intangible assets when they are available for use.

5.3.2 Business combinations and Goodwill

The Group uses acquisition method of accounting for acquisition of assets or class of assets, whereby, the purchase consideration is allocated to the identifiable assets, liabilities and contingent liabilities assumed based on the fair value at the date of acquisition. Acquisition related costs are expensed as incurred and included in administrative expenses.

Goodwill is initially measured at the acquisition date, being the excess of:

- a) the aggregate of consideration transferred, the amount of any non-controlling interest in the acquiree and in a business combination achieved in stages, the acquisition date fair value of the previously held equity interest in the acquiree; and
- b) the net of the acquisition date amounts of the identifiable assets acquired and the liabilities assumed.

In case, the fair value attributable to the Group's interest in the identifiable net assets exceeds the fair value of consideration, the Group recognises the resulting gain in the profit or loss on the acquisition date.

Goodwill acquired in a business combination is measured subsequently, at cost less accumulated impairment losses, if any, and is tested annually or whenever, there is an indication of impairment. Impairment loss in respect of goodwill is recognised in profit or loss.

5.4 Leases

The Group assesses at contract inception whether a contract is, or contains a lease. That is, if the contract conveys the right to control the use of an identified asset for a period of time in exchange for consideration.

5.4.1 Group as a lessee

The Group acts as a lessee and applies a single recognition and measurement approach for all the leases except for short-term leases and leases of low value assets (if any). The Group recognises lease liability to make lease payments and right-of-use assets representing the right to use the underlying assets.

For the year ended June 30, 2023

a) Right-of-use assets

The Group recognises right-of-use assets (ROU assets) at the commencement date of the lease (i.e., the date the underlying asset is available for use). ROU assets are measured at cost less any accumulated depreciation and accumulated impairment losses, and adjusted for any remeasurement of lease liabilities, if any. The cost of ROU assets includes the amount of lease liabilities recognised, initial direct costs incurred, if any, and lease payments made at or before the commencement date less any lease incentives received. Unless the Group is reasonably certain to obtain ownership of the leased asset at the end of the lease term, the recognised ROU assets are depreciated on a straight-line basis over the shorter of its estimated useful life and the lease term, on the rates as disclosed in the note 8.1 to these consolidated financial statements. ROU assets are subject to impairment.

b) Lease liabilities

At the commencement date of the lease, the Group recognises lease liabilities measured at the present value of lease payments to be made over the lease term. The lease payments include fixed payments (including in substance fixed payments) less any lease incentives receivable, variable lease payments that depend on an index or a rate, and amounts expected to be paid under residual value guarantees. The lease payments also include the exercise price of a purchase option (if any) reasonably certain to be exercised by the Group and payments of penalties for terminating a lease, if the lease term reflects the Group exercising the option to terminate. The variable lease payments that do not depend on an index or a rate are recognised as expense in the period on which the event or condition that triggers the payment occurs.

In calculating the present value of lease payments, the Group uses the incremental borrowing rate at the lease commencement date. After the commencement date, the amount of lease liabilities is increased to reflect the accretion of interest and reduced for the lease payments made. In addition, the carrying amount of lease liabilities is remeasured if there is a modification, a change in the lease term, a change in the in-substance fixed lease payments or a change in the assessment to purchase the underlying asset.

The Group determines the lease term as the non-cancellable term of the lease, together with any periods covered by an option to extend the lease if it is reasonably certain to be exercised, or any periods covered by an option to terminate the lease, if it is reasonably certain not to be exercised.

The Group has the option, under its lease arrangements to lease the assets for additional term under the contract. The Group applies judgement in evaluating whether it is reasonably certain to exercise the option to renew. That is, it considers all relevant factors that create an economic incentive for it to exercise the renewal. After the commencement date, the Group reassesses the lease term if there is a significant event or change in circumstances that is within its control and affects its ability to exercise (or not to exercise) the option to renew (e.g., a change in business strategy). Any change is accounted for change in estimate and applied prospectively with corresponding change in ROU assets and lease liabilities.

c) Short-term leases and leases of low-value assets

The Group applies the short-term lease recognition exemption to its short-term leases (i.e. those leases that have a lease term of 12 months or less from the commencement date and do not contain a purchase option). It also applies the lease of low-value assets recognition exemption to leases that are considered of low value. Lease payments on short-term leases and leases of low-value assets are recognised as expense on a straight-line basis over the lease term.

For the year ended June 30, 2023

5.4.2 Group as a lessor

Leases in which the Group does not transfer substantially all the risks and rewards incidental to ownership of an asset are classified as operating leases. Rental income arising is accounted for on a straight-line basis over the lease terms and is included in revenue in the statement of profit or loss due to its operating nature. Initial direct costs incurred in negotiating and arranging an operating lease are added to the carrying amount of the leased asset and recognised over the lease term on the same basis as rental income. Contingent rents are recognised as revenue in the period in which they are earned.

5.5 Financial instruments

A financial instrument is any contract that gives rise to a financial asset of one entity and a financial liability or equity instrument of another entity.

- 5.5.1 Financial assets
- 5.5.1.1 Initial recognition and measurement

Financial assets are classified, at initial recognition, as subsequently measured at amortised cost, fair value through other comprehensive income (OCI), and fair value through profit or loss.

The classification of financial assets at initial recognition depends on the financial asset's contractual cash flow characteristics and the Group's business model for managing them. With the exception of trade debts, the Group initially measures a financial asset at its fair value plus, in the case of a financial asset not at fair value through profit or loss, transaction costs. Trade debts are measured at the transaction price determined under IFRS 15.

In order for a financial asset to be classified and measured at amortised cost or fair value through OCI, it needs to give rise to cash flows that are 'solely payments of principal and interest (SPPI)' on the principal amount outstanding. This assessment is referred to as the SPPI test and is performed at an instrument level. The Group's business model for managing financial assets refers to how it manages its financial assets in order to generate cash flows. The business model determines whether cash flows will result from collecting contractual cash flows, selling the financial assets, or both.

Purchases or sales of financial assets that require delivery of assets within a time frame established by regulation or convention in the market place (regular way trades) are recognised on the trade date, i.e., the date that the Group commits to purchase or sell the asset.

5.5.1.2 Subsequent measurement

For purposes of subsequent measurement, financial assets are classified into following categories:

a) Financial assets at amortised cost (debt instruments)

This category is the most relevant to the Group. The Group measures financial assets at amortised cost if both of the following conditions are met:

- the financial asset is held within a business model with the objective to hold financial assets in order to collect contractual cash flows; and
- the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

Financial assets at amortised cost are subsequently measured using the effective interest (EIR) method and are subject to impairment. Gains and losses are recognised in profit or loss when the asset is derecognised, modified or impaired.

b) Financial assets designated at fair value through OCI with recycling of cumulative gains and losses (debt instruments)

For the year ended June 30, 2023

The Group measures debt instruments at fair value through OCI if both of the following conditions are met:

- the financial asset is held within a business model with the objective of both holding to collect contractual cash flows and selling; and
- the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

For debt instruments at fair value through OCI, interest income, foreign exchange revaluation and impairment losses or reversals are recognised in the profit or loss and computed in the same manner as for financial assets measured at amortised cost. The remaining fair value changes are recognised in OCI. Upon derecognition, the cumulative fair value change recognised in OCI is recycled to profit or loss.

c) Financial assets designated at fair value through OCI with no recycling of cumulative gains and losses upon derecognition (equity instruments)

Upon initial recognition, the Group can elect to classify irrevocably its equity investments as equity instruments designated at fair value through OCI when they meet the definition of equity under IAS 32 Financial Instruments: Presentation and are not held for trading. The classification is determined on an instrument-by-instrument basis.

Gains and losses on these financial assets are never recycled to profit or loss. Dividends are recognised as dividend income in the profit or loss when the right of payment has been established, except when the Group benefits from such proceeds as a recovery of part of the cost of the financial asset, in which case, such gains are recorded in OCI. Equity instruments designated at fair value through OCI are not subject to impairment assessment.

The Group elected to classify irrevocably its non-listed equity investments, if any, under this category.

d) Financial assets at fair value through profit or loss

Financial assets at fair value through profit or loss include financial assets held for trading, financial assets designated upon initial recognition at fair value through profit or loss, or financial assets mandatorily required to be measured at fair value. Financial assets are classified as held for trading if they are acquired for the purpose of selling or repurchasing in the near term. Financial assets with cash flows that are not solely payments of principal and interest are classified and measured at fair value through profit or loss, irrespective of the business model. Notwithstanding the criteria for debt instruments to be classified at amortised cost or at fair value through OCI, as described above, debt instruments may be designated at fair value through profit or loss on initial recognition if doing so eliminates, or significantly reduces, an accounting mismatch.

Financial assets at fair value through profit or loss are carried in the statement of financial position at fair value with net changes in fair value recognised in the profit or loss.

This category includes listed equity investments which the Group had not irrevocably elected to classify at fair value through OCI. Dividends on listed equity investments are also recognised as dividend income in the profit or loss when the right of payment has been established.

5.5.1.3 Derecognition

A financial asset (or, where applicable, a part of a financial asset or part of a group of similar financial assets) is primarily derecognised (i.e., removed from the Group's statement of financial position) when:

- the rights to receive cash flows from the asset have expired; or

For the year ended June 30, 2023

- the Group has transferred its rights to receive cash flows from the asset or has assumed an obligation to pay the received cash flows in full without material delay to a third party under a 'pass-through' arrangement¹ and either (a) the Group has transferred substantially all the risks and rewards of the asset, or (b) the Group has neither transferred nor retained substantially all the risks and rewards of the asset, but has transferred control of the asset.

When the Group has transferred its rights to receive cash flows from an asset or has entered into a passthrough arrangement, it evaluates if, and to what extent, it has retained the risks and rewards of ownership.

When it has neither transferred nor retained substantially all of the risks and rewards of the asset, nor transferred control of the asset, the Group continues to recognise the transferred asset to the extent of its continuing involvement. In that case, the Group also recognises an associated liability. The transferred asset and the associated liability are measured on a basis that reflects the rights and obligations that the Group has retained.

Continuing involvement that takes the form of a guarantee over the transferred asset is measured at the lower of the original carrying amount of the asset and the maximum amount of consideration that the Group could be required to repay.

5.5.1.4 Impairment

The Group recognises an allowance for expected credit losses (ECLs) for all debt instruments not held at fair value through profit or loss. ECLs are based on the difference between the contractual cash flows due in accordance with the contract and all the cash flows that the Group expects to receive, discounted at an approximation of the original effective interest rate.

The expected cash flows will include cash flows from the sale of collateral held or other credit enhancements that are integral to the contractual terms. For trade and other receivables (if any), the Group applies a simplified approach in calculating ECLs. Therefore, the Group does not track changes in credit risk, but instead recognises a loss allowance based on lifetime ECLs at each reporting date. The Group has established a provision matrix that is based on its historical credit loss experience, adjusted for forward-looking factors specific to the debtors and the economic environment. For other assets including deposits, accrued interest and bank balances that are held with reputational banks and other third parties, the Group applies low credit risk simplifications. At each reporting date, the Group evaluates whether these assets are considered to have low credit risk using all reasonable and supportable information that is available without un-due cost or effort including their credit ratings assessed by reputable agencies and therefore assessed to have immaterial impact of allowances for ECL.

The Group considers a financial asset in default when contractual payments are past due over the agreed credit terms. However, in certain cases, the Group may also consider a financial asset to be in default when internal or external information indicates that the Group is unlikely to receive the outstanding contractual amounts in full before taking into account any credit enhancements held by the Group. A financial asset is written off when there is no reasonable expectation of recovering the contractual cash flows.

5.5.2 Financial liabilities

5.5.2.1 Initial recognition and measurement

Financial liabilities are classified, at initial recognition, as financial liabilities at fair value through profit or loss, loans and borrowings, payables, or as derivatives designated as hedging instruments in an effective hedge, as appropriate.

For the year ended June 30, 2023

All financial liabilities are recognised initially at fair value and, in the case of loans and borrowings and payables, net of directly attributable transaction costs.

5.5.2.2 Subsequent measurement

The measurement of financial liabilities depends on their classification, as described below:

a) Financial liabilities at fair value through profit or loss

Financial liabilities at fair value through profit or loss include financial liabilities held for trading and financial liabilities designated upon initial recognition as at fair value through profit or loss. Gains or losses on liabilities held for trading are recognised in the profit or loss. Financial liabilities designated upon initial recognition at fair value through profit or loss are designated at the initial date of recognition, and only if the criteria in IFRS 9 are satisfied.

b) Loans and borrowings

After initial recognition, interest-bearing loans and borrowings are subsequently measured at amortised cost using the EIR method. Gains and losses are recognised in profit or loss when the liabilities are derecognised as well as through the EIR amortisation process.

Amortised cost is calculated by taking into account any discount or premium on acquisition and fees or costs that are an integral part of the EIR. The EIR amortisation is included as finance costs in the profit or loss.

5.5.2.3 Derecognition

A financial liability is derecognised when the obligation under the liability is discharged or cancelled or expires. When an existing financial liability is replaced by another from the same lender on substantially different terms, or the terms of an existing liability are substantially modified, such an exchange or modification is treated as the derecognition of the original liability and the recognition of a new liability. The difference in the respective carrying amounts is recognised in the profit or loss.

5.5.3 Offsetting of financial instruments

Financial assets and financial liabilities are offset and the net amount is reported in the financial position if there is a currently enforceable legal right to offset the recognised amounts and there is an intention to settle on a net basis, to realise the assets and settle the liabilities simultaneously.

5.6 Impairment of non-financial assets

The Group assesses at each reporting date whether there is an indication that an asset may be impaired. If any indication exists, or when annual impairment testing for an asset is required, the Group estimates the asset's recoverable amount. An asset's recoverable amount is the higher of an asset's fair value less costs to sell and its value in use. Where the carrying amount of an asset exceeds its recoverable amount, the asset is considered impaired and is written down to its recoverable amount.

In assessing value in use, the estimated future cash flows are discounted to their present value using a pre-tax discount rate that reflects current market assessments of the time value of money and the risks specific to the asset. The fair value less costs to sell calculation is based on available data from binding sales transactions, conducted at arm's length, for similar assets or observable market prices less incremental costs to sell of the asset.

In determining fair value less costs to sell, the recent market transactions are taken into account. If no such transactions can be identified, an appropriate valuation model is used. These calculations are corroborated by valuation multiples, quoted share prices for publicly traded companies or other fair value indicators.

For the year ended June 30, 2023

Goodwill is tested for impairment annually at year end and when the circumstances indicate that the carrying value may be impaired. Impairment is determined for goodwill by assessing the recoverable amount of each cash generating unit (CGU) or group of CGUs to which the goodwill relates. When the recoverable amount of CGU is less than its carrying amount, an impairment loss is recognised.

Intangible assets with indefinite useful lives are tested for impairment annually at year end either individually or at the CGU level, as appropriate, and when circumstances indicate that the carrying value may be impaired.

For assets excluding goodwill, an assessment is made at each reporting date as to whether there is any indication that previously recognised impairment losses may no longer exist or may have decreased. If such indication exists, the Group estimates the asset's recoverable amount.

A previously recognised impairment loss is reversed only if there has been a change in the assumptions used to determine the asset's recoverable amount since the last impairment loss was recognised. The reversal is limited so that the carrying amount of the asset does not exceed its recoverable amount, nor exceed the carrying amount that would have been determined, net of depreciation, had no impairment loss been recognised for the asset in prior years. Such reversal is recognised in the profit or loss.

Impairment losses relating to goodwill are not reversed in future periods.

- 5.7 Investments in subsidiaries and associates
 - 5.7.1 Investments in subsidiaries

Investment in subsidiaries are stated at fair value through other comprehensive income.

5.7.2 Investments in associates

An associate is an entity over which the Group has significant influence. Significant influence is the power to participate in the financial and operating policy decisions of the investee, but is not control or joint control over those policies. The considerations made in determining significant influence or joint control are similar to those necessary to determine control over subsidiaries.

The Group's investment in its associate is accounted at cost less accumulated impairment losses, if any, under the exemption available in relevant accounting standards.

5.8 Stock-in-trade

Stock-in-trade is valued at the lower of cost, determined on a first-in-first-out basis and net realisable value. Items in transit are valued at cost comprising invoice value plus other charges incurred thereon.

Spare parts and loose tools are valued at lower of weighted average cost and net realisable value, except items in transit, which are stated at cost. Spare parts and loose tools are charged to cost of goods sold on an estimated consumption pattern.

Net realisable value is the estimated selling price in the ordinary course of business less estimated costs of completion and estimated costs necessarily to be incurred to make the sale.

5.9 Cash and cash equivalents

Cash and cash equivalents are stated at cost and are defined as cash in hand, cash at banks and short-term highly liquid investments that are readily convertible to known amounts of cash and subject to insignificant risk of changes in value. For the purpose of statement of cash flows, cash and cash equivalents comprise of bank balances including short-term deposits net of bank overdraft, if any.

For the year ended June 30, 2023

5.10 Staff retirement benefits - Defined contribution plan

The Group operates a recognised provident fund (defined contribution scheme) for its permanent employees who have completed the minimum qualifying period of service. Equal monthly contributions are made, both by the Group and the employees at the rate of 8.33 percent of the basic salary. The contribution from the Group is charged to the statement of profit or loss for the year.

5.11 Taxation

Current

Provision for current taxation is computed on taxable income at the current rates of taxation, after taking into account tax credits and rebates available, if any, in accordance with the provision of the Income Tax Ordinance, 2001. It also includes any adjustment to tax payable in respect of prior years. However, for income covered under final tax regime, taxation is based on applicable tax rates under such regime.

Deferred

Deferred tax is recognised using the balance sheet method, on all temporary differences arising at the reporting date between the tax bases of assets and liabilities and their carrying amounts for financial reporting purposes.

Deferred tax liabilities are recognised for all taxable temporary differences, while deferred tax assets are recognised for all deductible temporary differences, carry-forward of unused tax losses and unused tax credits, to the extent that it is probable that taxable profit will be available against which the deductible temporary differences, carry forwards of unused tax losses and unused tax credits can be utilised.

The carrying amount of deferred tax assets is reviewed at each reporting date and reduced to the extent that it is no longer probable that sufficient taxable profit will be available to allow all or part of the deferred tax asset to be utilised. Unrecognised deferred tax assets are reassessed at each reporting date and are recognised to the extent that it has become probable that future taxable profits will allow deferred tax asset to be recovered.

Deferred tax assets and liabilities are measured at the tax rates that are expected to apply to the period when the asset is realised or the liability is settled, based on tax rates (and tax laws) that have been enacted or substantially enacted at the reporting date. Deferred tax is charged or credited to the statement of profit or loss.

Deferred tax relating to items recognised directly in the other comprehensive income is recognised in the other comprehensive income and not in profit or loss.

Deferred tax assets and deferred tax liabilities are offset only if there is a legally enforceable right to offset current tax assets and liabilities and they relate to the income tax levied by the same tax authority.

5.12 Provisions

Provisions are recognised when the Group has a present (legal or constructive) obligation as a result of past events and it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation and a reliable estimate of the obligation can be made. Provisions are reviewed at each reporting date and accordingly adjusted to reflect current best estimates.

5.13 Ijarah arrangements

Payments made under ijarah arrangements / agreements are charged to the statement of profit or loss on a straight line basis over the ijarah term.

For the year ended June 30, 2023

5.14 Revenue recognition

5.14.1 Revenue from contracts with customers

The Group is in the business of sale of equipment and provides associated monitoring and other services. Revenue from contracts with customers is recognised when control of the goods and services are transferred to the customer at an amount that reflects the consideration to which the Group expects to be entitled in exchange for those goods and services. The Group has generally concluded that it is the principal in its revenue arrangements because it typically controls the goods and services before transferring them to the customer.

- Revenue from sale of goods is recognised at the point in time when control of the goods is transferred to the customer i.e. when goods are installed.
- Revenue from rendering of monitoring services is recognised over the time i.e. as and when services are rendered, revenue from rendering of other associated services are recognised at the point in time when services are rendered.
- For maps navigation business, revenue from sale of goods and rendering of map navigation services are recognised at the point in time when control of the goods and services are transferred to the customer, generally on delivery of goods and rendering of services for installation of goods.

The Group considers whether there are other promises in the contract that are separate performance obligations to which a portion of the transaction price needs to be allocated (e.g., right of returns, volume rebates). In determining the transaction price for the sale of goods and rendering of services, the Group considers the effects of variable consideration, the existence of significant financing components, non-cash consideration, and consideration payable to the customer (if any).

- 5.14.2 Other revenues
 - a) Rental income from equipment is recognised on accrual basis.
 - b) Income on bank accounts are recognised using effective interest rate.
 - c) Dividend income is recognised when the right to receive the dividend is established and other income, if any is recognised on accrual basis.

5.15 Foreign currency translation

Transactions in foreign currencies are translated into Pakistani Rupee at the rate ruling at the date of the transaction. Monetary assets and liabilities denominated in foreign currencies are retranslated at the exchange rate ruling at the reporting date. Exchange gains and losses are recognised in the statement of profit or loss. Non-monetary items that are measured in terms of historical cost in a foreign currency are translated using the exchange rates as at the dates of the initial transactions. Non-monetary items measured at fair value in a foreign currency are translated using the exchange rates at the date when the fair value was determined.

5.16 Borrowing costs

Borrowing and other related costs directly attributable to the acquisition, construction or production of qualifying assets, which are assets that necessarily take a substantial period of time to get ready for their intended use, are added to the cost of those assets, until such time as the assets are substantially ready for their intended use. All other borrowing costs are recognised as an expense in the period in which they are incurred.

5.17 Dividend and appropriation to reserves

Dividend and appropriation to reserves are recognised in the financial statements in the period, in which these

are approved. However, if these are approved after the reporting period but before the financial statements are authorised for issue, they are disclosed in the notes to these consolidated financial statements.

5.18 Government grant

Government grant is recognised where there is reasonable assurance that the grant will be received and all attached conditions will be complied with. When the grant related to an expense item, it is recognised in the statement of profit or loss on a systematic basis over the periods that the related costs, for which it is intended to compensate, are expensed. When the grant relates to an asset, it is recognised as income in equal amounts over the expected useful life of the related asset.

5.19 Segment reporting

Operating segments are reported in a manner consistent with the internal reporting provided to the Chief Operating Decision Maker (i.e. a single segment at the Group level). Segment results, assets and liabilities include items directly attributable to a segment. Segment capital expenditure is the total cost incurred during the year to acquire property, plant and equipment and intangible assets.

5.20 Employees share option plan

Eligible employees of the Group receive remuneration in the form of share-based payments, whereby employees render services as consideration for equity instruments (equity-settled transactions). The cost of share option transactions is determined using intrinsic value method. That cost is recognised in salaries and benefits expense, together with a corresponding increase in equity (other capital reserves), over the period in which the service and, where applicable, the performance conditions are fulfilled (the vesting period). The cumulative expense recognised for equity-settled transactions at each reporting date until the vesting date reflects the extent to which the vesting period has expired and the Group's best estimate of the number of equity instruments that will ultimately vest. The expense or credit in the statement of profit or loss for the year represents the movement in cumulative expense recognised as at the beginning and end of that year. The dilutive effect of outstanding options is reflected as additional share dilution in the computation of diluted earnings per share.

7.2 Impairment testing of goodwill and intangibles with indefinite lives

Goodwill acquired through business combinations and intangibles with indefinite useful lives have been allocated and monitored at the Group level (tracking business - excluding non-operating assets). Intangible assets with indefinite useful lives include customer and marketing related intangibles assets. The Group has performed its annual impairment test as at June 30, 2023. The recoverable amount of the Group is determined based on using cash flow projections from financial budgets approved by the senior management covering a five year period. The discount rate applied to cash flow projections is 22.9% (2022: 15.7%). The growth rate used to extrapolate the cash flows beyond the five-year period is 8% (2022: 5.8%). As a result of this assessment, the management did not identify any impairment for the cash generating unit to which these assets are allocated.

For the year ended June 30, 2023

Key assumptions used in discounted cashflow calculations

The calculation of discounted cashflow is most sensitive to the following assumptions:

- Discount rates
- Key business assumptions

Discount rates

The discount rate reflects current market assessment of the rate of return required for the business and is calculated using the Capital Asset Pricing Model. The discount rate reflects the Weighted Average Cost of Capital of the Group.

Key business assumptions

These assumptions are based on industry data for growth rates and management assess how the unit's position might change over the projected period. Management expects revenues and margins to improve on the basis of multiple strategies planned including increase in vehicle tracking sales volume and greater focus on container tracking business.

Sensitivity to changes in assumptions

Management believes that after considering the various scenarios no reasonably possible change in any of the above key assumptions would cause the carrying value of the unit to materially exceed its recoverable amount.

7.2.1 The Group has also determined the recoverable amount based on fair value less cost to sell considering the relationship between its market capitalization, using the Level 1 input of the fair value hierarchy - quoted prices of the Group, and its book value, among other factors. As a result of this analysis also, the management did not identify any impairment for the cash generating unit to which goodwill and intangible asset with indefinite useful lives are allocated.

			▶2023	►2022
		Note	Rup	bees
7.3	Intangible assets under development			
	Balance as at July 01 Additions during the year Balance as at June 30	7.3.1 & 7.3.2	940,064,721 61,412,967 1,001,477,688	914,859,367 25,205,354 940,064,721

- 7.3.1 This represents expenditure incurred for development of map database including business intelligence and application solutions, SaaS Platform encompassing the SaaS Core System, Fleet Telematics & IoT Platform, APIs, and Mobile Apps for both Android and iOS etc. which is expected to be completed earliest by the last quarter of the fiscal year 2023-2024. The Group has estimated that the total cost required to complete the development of these intangible assets aggregates to Rs. 1,740 million, out of which Rs. 1,001 million has been incurred by the Group as of the reporting date.
- 7.3.2 The management has carried out an annual impairment assessment for intangible assets under development based on the discounted cashflow calculations. The discount rate applied to the cashflow projections is 26.9% (2022: 15.7%) and the growth rate used to extrapolate the cashflows beyond the five year period is 5% (2022: 5.8%). As a result of this assessment, the management did not identify any impairment in the carrying value of intangible assets under development as of reporting date.

Key assumptions used in discounted cashflow calculations

For the year ended June 30, 2023

The calculation of discounted cashflow is most sensitive to the following assumptions:

- Discount rates
- Key business assumptions

Discount rates

The discount rate reflects current market assessment of the rate of return required for the business and is calculated using the Capital Asset Pricing Model. The discount rate reflects the target Weighted Average Cost of Capital of the Group.

Key business assumptions

These assumptions are based on industry data for growth rates, management assess how the technology might change over the projected period. Management expects revenues and margins to improve on the basis of multiple strategies planned including, greater focus on development of new databases, applications and solutions, and expected increase in navigation business.

Sensitivity to changes in assumptions

Management believes that after considering the various scenarios no reasonably possible change in any of the above key assumptions would cause the carrying value of the unit to materially exceed its recoverable amount.

- 7.3.3 The Group has also determined the recoverable amount based on fair value less cost to sell considering the relationship between its market capitalisation, using the Level 1 input of the fair value hierarchy quoted prices of the holding company, and its book value, among other factors. As a result of this analysis also, the management did not identify any impairment for the cash generating unit to which intangible assets under development are allocated.
- 7.4 Amortisation charge for the year has been allocated as follows:

		▶2023	►2022	
	Note	Rupees		
Cost of sales and services Distribution expenses Administrative expenses	36 37 38	9,534,227 307,556 1,507,136 11,348,919	13,135,627 423,730 2,076,433 15,635,790	

7.5 This includes fully amortized intangible assets having cost of Rs. 374.077 million (2022: Rs. 355.581 million).

- 9.2 The loans are provided to employees of the Group for the purchase of furniture and fixtures, renovation of house and marriage of self / children in accordance with the terms of employment and carrying mark up at the rate of 5% (2022: 5%) per annum. Further, it also includes loans provided on interest free basis amounting to Rs. 1.875 million (2022: Rs. 0.936 million). All loans are repayable over a period of two years in equal monthly instalments and are secured against salaries and provident fund balances of the employees. The management of the Group has not discounted these loans to their present value, as they consider the impact is immaterial to these consolidated financial statements taken as whole.

	Less: Current portion shown under current liabilities	30	-	(55,760,703)

25.1 The Company and the Parent Company (TPL Corp Limited) has obtained long-term financing from a commercial bank of Rs. 150 million under Refinance Scheme for payment of Wages & Salaries by State Bank of Pakistan. Out of total facility limit, Rs. 96.7 million was availed by the Company and Rs. 51.7 million was availed by the parent company. It carries a flat mark-up at the rate of 3% per annum and is repayable in 8 quarterly instalments commencing from January 2021 discounted at effective rate of interest of 9.72% to 11.31% per annum.

The differential mark-up has been recognised as government grant which will be amortised to interest income over the period of the facility. The facility is secured against existing charge over Company's current assets, fixed assets and pledge of shares of TPL Insurance Limited and TPL Properties Limited. During the year, the Company repaid the outstanding balance in full and charge on this facility was released.

25.2 The Company has obtained long-term financing from a commercial bank of Rs. 98 million under Refinance Scheme for payment of Wages and Salaries by State Bank of Pakistan. Out of total facility limit, Rs. 97.8 million was availed by the Company. It carries a flat mark-up at the rate of 3% per annum and is repayable in 8 quarterly instalments commencing from January 2021 discounted at effective rate of interest of 10.25% to 10.26% per annum. The differential mark-up has been recognised as government grant which will be amortised to interest income over the period of the facility. The facility is secured against ranking charge over current assets of the Company and pledge of shares of TPL Corp Limited and TPL Properties Limited of Rs. 163.333 million with 40% margin. During the year, the Company repaid the outstanding balance in full and charge on this facility was released.

34. CONTINGENCIES AND COMMITMENTS

34.1 Contingencies

34.1.2 The Holding Company is defending various suits filed against it in various courts in Pakistan for sums, aggregating to Rs. 13.279 million (2021: 13.279 million), related to its business operations. The legal counsel is confident that these suits are expected to be decided in the favor of the Holding Company and, accordingly, no provision has been made for any liability against these law suits in these financial statements. Details of these legal cases are given below:

Court	Factual Description	Date of institution	Party	Relief Sought
High Court of Sindh	Dispute arising on the reimbursement on return of tracking device and un-utilised monitoring charges	April 01, 2011	Geofizyka Krakow Limited vs TPL Trakker Limited	Reimbursement of Rs.10.929 million being the price paid for the equipment in respect of returned units and un- utilised monitoring charges
District and Session Court (East)	Dispute arising due to the non-functionality of tracking device	April 08, 2013	Muhammad Aziz Khan vs TPL Trakker Limited	Recovery of Rs. 1.350 million being the cost of the car and Rs.1 million as damages

34.1.2 The Deputy Commissioner, Inland Revenue has passed an Order-in-Orignal u/s 11 (2) of the Sales Tax Act, 1990, dated June 05, 2023, where the difference between sales revenue as declared in financial statements for the year ended June 30, 2017 and the returns filed by the Holding Company for the same tax periods was made taxable, after considering reconciliation submitted by the Holding Company and has raised tax demand of Rs. 56.869 million.

The company has filed an appeal to Commission Appeals (CIR-A) against the aforesaid order, whose hearing is affixed after the reporting year. Based on the advice of the legal advisor, management is confident that the outcome of the case will be in favour of the Holding Company.

34.2 Commitments

34.2.1 Ijarah agreements

The Group has ijarah agreement with Islamic financial institution in respect of purchase of computer equipment for a period upto three years. As of reporting date, total ijarah payments due under the

For the year ended June 30, 2023

agreements are Rs. 71.149 million (2022: Rs. Nil). Taxes and repairs are to be borne by the Group (lessee), however, major repairs and insurance costs are to be borne by the lessors. These payments are secured against promissory notes in favor of the lessors for the entire amount of the ijarah rentals and security deposits of Rs. 18.7 million (2022: Rs. Nil). Future minimal rentals payable under ijarah agreements as at reporting date are as follows:

46.1.1 The carrying values of all financial assets and liabilities reflected in these consolidated financial statements approximate their fair values.

46.2 Market risk

Market risk is the risk that the fair value of future cash flows of a financial instrument will fluctuate because of changes in market prices. Market prices comprise three types of risk: interest rate risk, currency risk and other price risk. The sensitivity analysis in the following sections relate to the position as at June 30, 2023.

46.2.1 Interest rate risk

Interest rate risk is the risk that the fair value or future cash flows of the financial instruments will fluctuate because of changes in market interest rates. The Group's exposure to the risk of changes in market interest rates relates primarily to the Group's long-term and short-term financing arrangements at floating interest rates to meet its business operations and working capital requirements.

46.2.2 Interest rate sensitivity

The following table demonstrates the sensitivity to a reasonably possible change in interest rates, with all other variables held constant, on the Group's loss before tax (through impact on floating rate borrowings). There is no direct impact on Group's equity. This analysis excludes the impact of movement in market variables on the carrying values of provisions and on non-financial assets and liabilities of the Group.

	(Increase) / decrease in basis points	Effect on profit / (loss) before tax (Rupees)
2023	+100	23,661,242
	-100	(23,661,242)
2022	+100	20,507,122
	-100	(20,507,122)

For the year ended June 30, 2023

46.2.3 Currency risk

Currency risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in foreign exchange rates. The Group's exposure to the risk of changes in foreign currency exchange rates primarily relates to the Group's supplier payments and operating activities. The Group manages its currency risk by effective fund management and timely repayment of its current liabilities. The Group, however, has not hedged its foreign currency liabilities as the management has assessed that it will not be cost beneficial. The Group's exposure to currency risk is as follows:

	2023	2022	2023	2022
	Foreign Cu	irrency	Equivalen	t Rupees
Assets				
Advances (USD)	-	43,215	-	8,878,522
Liabilities				
Trade creditors (USD)	(468,506)	(373,179)	(134,273,184)	(76,348,617)
Trade creditors (EUR)	(45,000)	(90,000)	(14,098,334)	(19,262,673)

The exchange rates applied during the year and at year end were as follows:

	Averag	Average rate		rate
	2023	2022	2023	2022
	Rup	ees	Rupe	ees
US Dollar	245.59	179.50	286.60	204.59
Euro	263.66	206.00	313.30	214.03

Sensitivity analysis

Every 5% increase or decrease in exchange rate, with all other variables held constant, will decrease or increase profit / (loss) before tax for the year by Rs 7.418 million (2022: Rs 4.338 million).

46.2.4 Other price risk

Other price risk is the risk that the fair value of future cash flows of the financial instruments will fluctuate because of changes in market prices such as equity price risk. Equity price risk is the risk arising from uncertainties about future values of investment securities. As at reporting date, the Group is not exposed to equity price risk.

46.3 Credit risk

46.3.1 Credit risk is the risk that one party to a financial instrument will cause a financial loss for the other party by failing to discharge an obligation. The financial assets excludes statutory assets and includes deposits, trade and other receivables, interest accrued, investments, due from related parties and cash and bank balances. Out of the total financial assets of Rs. 2,159.935 million (2022: Rs. 2,243.090 million), the financial assets which are subject to credit risk amounted to Rs. 2,155.955 million (2022: Rs. 2,240.229 million). The Group's credit risk is primarily attributable to its trade debts and bank balances. The Group has large number of customers, including corporate and individuals, due to large number and diversity of its customer base, concentration of credit risk with respect to trade debtors is limited. Further, the Group manages its credit risk by obtaining advance monitoring fee for device and service charges and effective implementation of credit policy for its customers.

The credit quality of financial assets that are past due but not impaired is disclosed in note 13.5 to these financial statements. As at the reporting date, there are no financial assets that would otherwise be past due or impaired whose terms have been renegotiated.

46.3.2 The Group monitors the credit policy of its financial assets with reference to historical performance of such assets and available external credit ratings. The carrying values of financial assets which are neither past due nor impaired are as under:

For the year ended June 30, 2023

		▶2023	▶2022

46.3.3 The credit quality of Group's bank balances can be assessed with reference to external credit ratings as follows:

			▶2023	▶2022
		Note	Rupees	
Bank Balances by short-term rating category	Rating Agency			
A-1+ A-1 A-1+ A-1	VIS VIS PACRA PACRA		881,881 20,052 122,842,713 17,013,132 140,757,778	774,820 966 111,952,539 9,447,501 122,175,826

46.4 Liquidity risk

Liquidity risk represents the risk that a Group will encounter difficulties in meeting obligations with the financial liabilities. The financial liabilities excludes statutory liabilities and provisions and includes long-term and short-term financing, trade and other payables, accrued mark-up and due to related parties. The Group's objective is to maintain a balance between continuity of funding and flexibility through the use of various financing facilities. The table below summarizes the maturity profile of the Group's financial liabilities (excluding statutory liabilities) at June 30, 2023 and 2022 based on contractual undiscounted payment dates and present market interest rates:

	On demand	Less than 3 months	3 to 12 months	More than 1 year	Total

46.5 Capital management

The primary objective of the Group's capital management is to ensure that it maintains healthy capital ratios in order to support its business sustain future development of the business and maximize shareholders value. No changes were made in the objectives, policies or processes during the year ended June 30, 2023. The parent company is committed to provide full support to the Group, as and when required.

The Group manages its capital structure and makes adjustment to it in the light of changes in economic conditions. The Group monitors capital using a debt equity ratio, which is net debt divided by total capital plus net debt. Equity comprises of share capital and reserves. The gearing ratio as at June 30, 2023 and 2022 are as follows:

		▶2023	▶2022

47. FAIR VALUE OF FINANCIAL INSTRUMENTS

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The fair value measurement is based on the presumption that the transaction to sell the asset or transfer the liability takes place either:

- in the principal market for the asset or liability; or
- in the absence of a principal market, in the most advantageous market for the asset or liability.

For the year ended June 30, 2023

The principal or the most advantageous market must be accessible by the Company.

The fair value of an asset or a liability is measured using the assumptions that market participants would use when pricing the asset or liability, assuming that market participants act in their economic best interest.

A fair value measurement of a non-financial asset takes into account a market participant's ability to generate economic benefit by using the asset in its highest and best use or by selling it to another market participant that would use the asset in its highest and best use.

The Company uses valuation techniques that are appropriate in the circumstances and for which sufficient data are available to measure fair value, maximising the use of relevant observable inputs and minimising the use of unobservable inputs. All assets and liabilities for which fair value is measured or disclosed in the financial statements are categorised within the fair value hierarchy, described as follows, based on the lowest level input that is significant to the fair value measurement as a whole:

Level 1: Quoted market price

Level 2: Valuation techniques (market observable)

Level 3: Valuation techniques (non-market observables)

- 49.1 All transactions with related parties are entered into at agreed terms duly approved by the Board of Directors of the Group. The related parties status of outstanding receivables / payables as at June 30, 2023 and 2022 are disclosed in the respective note to these consolidated financial statements.
- 49.2 Certain employees of the group companies provide services to the Group and accordingly, their cost are proportionately charged to the Group on agreed terms. In addition, certain common expenses (other than salaries and other benefits) are also allocated within the group companies on agreed basis and terms.

50. SEGMENT REPORTING

For management purposes, the activities of the Group are organized into one operating segment i.e. tracking and other digital business. The Group operates in the said reportable operating segment based on similar business, nature of the products, risks and returns, services, organizational and management structure and internal financial reporting systems. The operating interests of the Group are confined to Pakistan and UAE in terms of its business operations. Accordingly, the information and figures reported in these consolidated financial statements are related to the Group's reportable segment in Pakistan and UAE.

The details of customers with whom the revenue from sales transactions amount to 10% or more of the Group's overall revenue is as follows:

				▶2023	►2022

Agenda Item No. 9:

To circulate the annual audited financial statements to its members through QR enabled code and weblink:

In pursuance of S.R.O. 389 (I)/2023 dated March 21, 2023 of the Securities and Exchange Commission of Pakistan ("the SECP"), the members are requested to authorize the Company to circulate the annual audited financial statements to its members through QR enabled code and weblink.

Considering the optimum use of advancements in technology and in order to fulfil the Company's corporate social responsibility to the environment and sustainability, the Company seeks to discontinue the circulation of the Annual Report through CDs in the future. Consequently, the Board of Directors of the Company has recommended that the ordinary resolution, as set out in the notice, be passed by the members for approving the circulation of the Annual Report (including annual audited financial statements and other reports contained therein) to the members of the Company through QR enabled code and weblink.

It is pertinent to mention that if any member seeks to obtain a hard copy of the Annual Report, such member will be provided a printed version of the same free of cost in accordance with the aforementioned SRO. No change to that right / privileged is being proposed.

None of the Directors of the Company have any personal interest in the aforesaid special business, except in their capacity as members and Directors of the Company.

Agenda Item No. 10:

To offer, issue and allot shares under TPL Trakker Limited Employee Stock Option Scheme 2020 (the Scheme):

With an objective to attract, retain and motivate the best talent, the Board of Directors (the Board) of the Company has proposed to issue, offer, and allot options exercisable into equity shares of the Company of nominal value of Rs.10 each up to 2,000,000 shares under TPL Trakker Limited Employee Stock Option Scheme 2020 (the ESOP scheme), to the employees, duly determined by the Board and its Human Resource & Remuneration/Compensation Committee for the vesting period of 2 years at market price as of August 15, 2023 i.e. Rs. 7.69 per share exercisable within a period of 6 months.

ANY OTHER BUSINESS

11. To transact any other business with the permission of the Chairman.

By Order of the Board

Shayan Mufti Company Secretary

Karachi, October 02, 2023

Notes:

1. Registration to attend Annual General Meeting through Electronic Means:

a. In the light of relevant guidelines issued by the Securities and Exchange Commission of Pakistan (SECP) from time to time, including vide letter No. SMD/SE/2/(20)/2021/117 date December 15, 2021, members are encouraged to participate in the Annual General Meeting ("AGM") through electronic facility organized by the Company.

To attend the AGM through electronic means, the Members are requested to register themselves by providing the following information through email at company.secretary@tplholdings.com at least forty-eight (48) hours before the AGM.

Name Shareholder	of	CNIC/NTN No.	Folio No/CDC A/c No.	Cell Number	Email Address

- b. Members will be registered, after necessary verification as per the above requirement, and will be provided a video-link by the Company via email.
- c. The login facility will remain open from 11:20 a.m. till the end of AGM.

2. Closure of Share Transfer Books:

The Share Transfer Book of the Company will remain closed from October 16, 2023 to October 23, 2023, (both days inclusive). Share Transfers received at THK Associates (Pvt.) Limited, Plot No. 32-C, Jami Commercial Street 2, D.H.A., Phase VII, Karachi-75500, Pakistan by the close of business hours (5:00 PM) on October 13, 2023, will be treated as being in time for the purpose of above entitlement to the transferees.

3. Participation in the AGM:

All members, whose names appear in the register of members of the Company as on October 13, 2023, are entitled to attend (in person or by video link facility or through Proxy) the AGM and vote there at. A proxy duly appointed shall have such rights as respect to the speaking and voting at the

AGM as are available to a member. Duly filled and signed Proxy Form must be received at the Registrar of the Company, THK Associates (Pvt.) Limited, Plot No. 32-C, Jami Commercial Street 2, D.H.A., Phase VII, Karachi-75500, Pakistan, not less than 48 hours before the AGM.

4. For Attending the AGM:

- i. In case of individual, the Account holder and/or Sub-account holder whose registration details are uploaded as per the CDC regulations, shall authenticate his/her identity by providing copy of his/her valid CNIC or passport along with other particulars (Name, Folio/CDS Account Number, Cell Phone Number) via email to aforementioned ID and in case of proxy must enclose copy of his/her CNIC or passport.
- ii. In case of corporate entity, the Board of Directors' resolution / power of attorney with specimen signature of the nominee shall be provided via email to aforementioned ID.

5. Change of Address:

Members are requested to immediately notify the change, if any, in their registered address to the Share Registrar, THK Associates (Pvt.) Limited, Plot No. 32-C, Jami Commercial Street 2, D.H.A., Phase VII, Karachi-75500, Pakistan.

6. Conversion of Physical Shares into the Book Entry Form:

The SECP through its letter No. CSD/ED/Misc/2016-639-640 dated March 26, 2021 has advised listed companies to adhere to provisions of Section 72 of the Companies Act, 2017 by replacing physical shares issued by them into book entry form.

The shareholders of the Company having physical folios / share certificates are requested to convert their shares from physical form into book-entry form as soon as possible. The shareholders may contact their Broker, CDC Participant or CDC Investor Account Service Provider for assistance in opening a CDS Account and subsequent conversion of the physical shares into book-entry form. It would facilitate the shareholders in many ways including safe custody of shares, avoidance of formalities required for the issuance of duplicate shares, etc. For further information and assistance, the shareholders may contact our Share Registrar, THK Associates (Private) Limited.

7. Video Conferencing Facility

The Company shall provide video conference facility to its members for attending the AGM at places other than the town in which the AGM is taking place, provided that if members, collectively holding 10% (ten percent) or more shareholding residing at a geographical location, provide their consent to participate in the meeting through video conference at least 7 days prior to date of the AGM, the Company shall arrange video conference facility in that city, subject to availability of such facility in that city.

In this regard, please fill the enclosed form and submit the same to the registered address of the Company 7 days before holding of the AGM. The Company will, if such facility is available, intimate members regarding venue of video conference facility at least 5 days before the date of EOGM along with complete information necessary to enable them to access such facility.

8. For Voting for Special Agenda Items:

a. Voting through Ballot Paper:

In accordance with regulation 8(2) of the Companies (Postal Ballot) Regulations, 2018, Members have the option to cast their votes using the enclosed ballot paper, a copy of which is also accessible on the Company's website. The duly filled in ballot paper should reach the chairman of the meeting through email at <u>chairman@tpltrakker.com</u> or through post to 20th Floor, Sky Tower-East Wing, Dolmen City, HC-3, Block 4, Abdul Sattar Edhi Avenue, Clifton, Karachi, no later than one day prior to the AGM, during working hours.

b. Electronic Voting:

In accordance with Regulation 4(4) of the Companies (Postal Ballot) Regulations, 2018, Members also have the option to cast their votes through e-voting. To facilitate this, THK Associates (Private) Limited, the e-voting service provider, will send an email on October 18, 2023, to members containing the web address, login details, password, and other necessary information. The facility for e-voting shall open on October 18, 2023 and shall close at 1700 hours (Pakistan Standard Time) on October 22, 2023.
