It gives me great pleasure to present to our valued members the performance of TPL Trakker Limited ("the Company") and its Board of Directors for the financial year ended June 30, 2025. During the year, the Company operated in a persistently challenging macroeconomic environment that continued to impact businesses across sectors. Despite these external pressures, the Board remained focused on prudent governance, operational discipline, and the pursuit of long-term strategic objectives. I would like to place on record my appreciation for the continued commitment and diligence of the Company's management and employees, whose efforts have been instrumental in driving performance, operational resilience, and alignment with our core values.

During the year, a 100% stake in TPL Security Services was successfully acquired by the Company. The acquisition was undertaken to broaden the product portfolio, generate synergies through integrated technology and service offerings, and optimize costs to achieve greater efficiency and value, thereby contributing to additional revenue streams and appreciation in investment value.

Furthermore, 50.1% equity in the Company's subsidiary, Trakker Middle East LLC, was acquired by the Gargash Group. This strategic partnership represents a significant milestone in the Company's regional growth strategy and is expected to enhance operational synergies, support expansion across the Middle Eastern market, and further strengthen the regional presence of the Company's advanced IoT solutions.

The Board of Directors of the Company comprises individuals with diverse expertise, industry knowledge, and leadership experience, which collectively provide invaluable guidance to the management team. This diversity of perspective enables the Board to offer informed and balanced oversight, fostering the continued progress of the Company. The Board remains committed to the highest standards of transparency, accountability, and corporate governance in the discharge of its duties. Throughout the year, the Board's sub-committees met regularly to ensure the effective implementation of internal audit processes, sound human resource management, and fair remuneration structures across the organization.

On behalf of the Board of Directors, I would like to express my sincere appreciation to our valued shareholders, management, employees, and all other stakeholders for their continued trust, dedication, and support. Their collective commitment remains integral to the Company's stability and ongoing journey toward sustainable progress. We look forward to building on this foundation and steering the Company toward a stronger and more prosperous future.

Chairman's Review

Mr. Jameel Yusuf S.St.

As we conclude another transformative year at TPL Trakker, I reflect on the challenges that tested our agility and the resilience that propelled us forward. The conclusion of our Safe Transport Environment (STE) business in late 2024 marked a strategic turning point; one that enabled us to recalibrate our focus and lay the foundation for sustainable, diversified growth. Through swift adaptation and disciplined execution, we emerged stronger, refining our strategy and enhancing operational efficiency.

With stabilizing interest rates and renewed optimism in the automotive sector, we anticipate increased activity in motor vehicle production and imports - a trend that reinforces demand for our telematics and IoT solutions. Building on this momentum, we are expanding our presence in the IoT industry through advanced analytics and cutting-edge connected technologies designed to drive smarter, safer, and more efficient mobility.

Our revamped mobile app elevated the user experience, while a vehicle recovery rate exceeding 90% continued to set an industry benchmark. We also strengthened partnerships with government and institutional entities to deliver smarter, more efficient monitoring solutions nationwide.

Internationally, Trakker Middle East (TME) achieved significant milestones, including a strategic investment from the Gargash Group to accelerate regional growth and expansion into Africa, a step forward in realizing our global vision.

As we move ahead, we remain steadfast in our mission to lead IoT-led innovation, explore new frontiers, and create lasting value for our stakeholders while driving the future of connected technology across Pakistan and beyond.

Shaping the future through collaboration

Corporate Social Responsibility

Empowering Communities to Create Impact

Annual Giving

At TPL, our dedication to uplifting communities remains unwavering. Through our Annual Giving initiatives, we actively support a wide range of charitable causes and organizations. Over time, we have consistently invested our resources to empower communities, tackle pressing societal challenges, and create meaningful, lasting impact.

Above PKR 8.0mn contributed

Community Partners

We work in close collaboration with non-profits, welfare institutions, and advocacy groups to deliver initiatives that uplift communities and promote lasting societal progress. This year, our support reached a broad network of respected partners, each making a meaningful contribution toward positive change:

- Sindh Institute of Urology and Transplantation (SIUT)
- Zafar & Atia Foundation Charitable Trust
- · The Health Foundation
- Patients Welfare Foundation (Creek General Hospital)
- Society for the Prevention & Cure of Blindness
- SADA Welfare Foundation
- Saylani Welfare Trust (SWT)
- Patients Aid Foundation
- · Indus Hospital & Health Network

Education Empowerment

Through sustained collaborations with reputable educational institutions, TPL has helped thousands of students from underserved communities progress in their learning journeys. From enabling a child to write their first word to empowering a teenager with a disability to complete high school, we remain committed to ensuring every learner has the opportunity to succeed.

- The Citizens Foundation (TCF)
- Family Educational Services Foundation (Deaf Reach School)
- Green Crescent Trust
- SOS Children's Village
- Ida Rieu Welfare Association
- Network of Organizations Working For People With Disabilities Pakistan (NOWPDP)

Volunteer Program

Throughout the year, our employees actively volunteered at NGOs and charitable institutions, working to create positive change in society. Since its inception, the program has recorded over 654 volunteer hours, reflecting our collective commitment to community service and empowerment.

Blood Donation Drive:

In collaboration with Indus Hospital, TPL organized a three-day Blood Donation Drive to help address seasonal shortages in the national blood supply. 30 employees from across TPL volunteered to donate blood, each with the potential to save up to three lives, contributing to this life-saving initiative.

90 Lives Saved

International Day of Sign Languages

TPL volunteers celebrated the International Day of Sign Languages by engaging with over 200 students at Deaf Reach School through interactive sessions that fostered empathy and inclusivity. The initiative was driven by 15 dedicated volunteers from TPL.

55 Volunteer Hours

World Children's Day

TPL hosted 40 children from SOS Children's Village at the Mangrove Biodiversity Park (MBP) for an engaging environmental education session. Through nature walks, mangrove planting, and journaling, the children discovered the wonders of coastal ecosystems, supported by 8 volunteers from TPL.

24 Volunteer Hours

World Down Syndrome Day

TPL volunteers engaged with neurodiverse individuals at KDSP on World Down Syndrome Day, promoting empathy, inclusion, and self-expression through meaningful one-on-one activities.

20 Volunteer Hours

International Day of Women and Girls in Science

TPL hosted a career counseling session for aspiring female scientists and technologists, led by senior women leaders. The session inspired over 40 participants from schools, championing gender equality and encouraging greater participation of women in STEM fields.

6 Volunteer Hours

Fundraising Ride: Cycle for Change

As a Silver Saddle Sponsor, TPL supported The Citizens Foundation's "Cycle for Change" fundraiser, which brought together 80+ cyclists. The initiative funded a full year of education for underprivileged children, underscoring TPL's belief in education as a catalyst for lasting change.

Fully Funded Education for 15 Underprivileged Students

International Day of Persons with Disabilities

TPL partnered with NOWPDP to host a two-day capacity building workshop for 20 hearing and speech impaired individuals, focusing on personal grooming, communication skills, and workplace readiness. The sessions were supported by interpretation services and 3 dedicated TPL volunteers.

5 Volunteer Hours

Employee Well-being

At TPL Corp, we believe a healthy and supported workforce is key to both organizational success and positive societal impact. Our holistic approach prioritizes physical, mental, and emotional well-being, empowering employees to prosper in both their personal and professional lives.

Mental Wellness Workshop

TPL partnered with DoctHers to conduct wellness sessions on mindfulness and emotional health, offering interactive one-hour workshops designed to strengthen mental resilience through science-backed techniques. The workshop also included wellness corners at multiple TPL offices, featuring activities such as painting, clay potting, reading, and journaling. These dedicated spaces provided mental breaks for over 250 employees, while fostering creativity and strengthening team connections.

Over 240 Hours of Involvement

World Diabetes Day

In collaboration with RIMS Trauma Hospital and Saylani Welfare Trust, TPL organized a series of diabetes awareness and screening sessions across its offices, including Hyderabad. These initiatives offered employees free screenings along with expert guidance on prevention and healthy lifestyle practices.

Over 200 Employees Screened

Breast Cancer Awareness

In partnership with Bait-ul-Sukoon Cancer Hospital & Hospice (BSCHH), TPL organized cancer awareness sessions for both male and female employees, promoting early detection and proactive health management.

Progress & Impact

Through awards and accolades across diverse domains, TPL's commitment to excellence, innovation, and positive societal contribution has been reaffirmed. These honors not only validate our efforts but also inspire us to set higher benchmarks, creating lasting impact for our stakeholders and communities.

Scaling for Impact

Over the years, TPL has supported over 50 non-profit organizations, educational institutes, and charitable trusts across Pakistan, ranging from local charities to international NGOs and universities. At TPL, we believe a collective change begins with understanding the challenges faced by our communities.

Directors' Report

On behalf of the Board of Directors of TPL Trakker Limited, we are pleased to present the audited financial statements with the performance review of the Group for the year ended 30th June 2025.

ECONOMIC OUTLOOK

During FY 2024-25, Pakistan's economy showed measured stabilization under the IMF-supported reform program. Real GDP growth is provisionally estimated at around 2.7%, driven by recovery in services and large-scale manufacturing, while agriculture maintained moderate growth.

Inflation averaged around 4.49%, which is lowest in the last three years, reflecting fiscal discipline, stable exchange rates, and improved food supplies. In response, the State Bank of Pakistan reduced the policy rate from 22% (June 2024) to 11% (July 2025), stimulating private-sector credit and investor sentiment.

Fiscal consolidation efforts also advanced, supported by revenue growth and expenditure control. The current account registered a surplus of US\$ 2.1 billion in FY 2024-25, owing to strong remittances, disciplined import management, and a gradual recovery in exports.

The Pakistan Stock Exchange mirrored this macroeconomic stabilization, sustaining strong bullish momentum and closing at a record level of around 125,600 points by June 2025, compared to approximately 78,500 points in comparative period last year. This robust performance reflected improved market liquidity, lower interest rates, and renewed investor confidence following monetary easing and reform-driven stability.

Looking ahead, the outlook remains cautiously optimistic, supported by stable macroeconomic indicators, monetary relaxation, and ongoing reform implementation. However, elevated debt servicing requirements, inefficiencies in the energy sector, and persistent global market uncertainties continue to pose key challenges to sustained growth.

During FY 2024-25, Pakistan's automobile sector also reflected signs of recovery, supported by improved macroeconomic stability, lower interest rates, and renewed consumer confidence. Passenger car and LCV sales increased by approximately 43% year-on-year in FY 2024-25, driven by easing financing conditions and new model launches. However, the sector continues to face challenges from high input costs, localization constraints, and evolving import and energy policies.

For the financial year ending June 30, 2025, the Company reported consolidated revenue of PKR. 1,832 million, reflecting a 43% decline compared to the same period last year. This decrease is primarily attributable to the conclusion of the Safe Transport Environment (STE) project with Pakistan Customs / Federal Board of Revenue (FBR), which ended on December 31, 2024, as well as the elimination of Trakker Middle East's (TME) revenue from consolidation following the change in its classification from a subsidiary to an associated Company. The decline in consolidated revenue also impacted on gross profitability, which decreased to PKR. 703.2 million, compared to PKR. 1,413.9 million in the corresponding period last year.

On a standalone basis, the Company reported an operating profit of PKR 280.7 million and a loss before tax of PKR 14.4 million, reflecting a notable improvement in operational performance compared to the nine-month period ended March 31, 2025, when the Company recorded an operating profit of PKR 191 million and a loss before tax of PKR 51.5 million. This improvement was primarily driven by enhanced cost controls, improved operational efficiencies, and prudent resource management initiatives implemented during the period.

Future Outlook - Telematics, IIoT & Trakker Middle East LLC (TME)

During the year, Pakistan's automotive sector showed encouraging recovery, supported by improved macroeconomic stability and stronger consumer confidence. Total vehicle sales (cars, jeeps, and pickups) reached approximately 148,000 units, while passenger car sales stood at around 112,000 units, reflecting year-on-year growth of 43% and 38%, respectively.

The outlook for FY 2025-26 remains strongly positive, supported by lower interest rates, easing financing conditions, and sustained consumer demand. The reduction in the policy rate from 22% to 11% has significantly improved vehicle affordability, while the government's tariff rationalization and EV incentives are expected to attract new investment, encourage market entrants, and promote a shift toward cleaner, technology-driven mobility.

In this supportive environment, the Company's Telematics segment maintained its steady growth trajectory which reflects sustained demand and successful initiatives at expanding volumes, enhancing customer retention, and improving service quality through focused marketing, digital innovation, operational efficiencies and improving customer experience.

In addition to Telematics, the Company continued to strengthen its strategic focus on the Internet of Things (IoT) segment, recognizing it as a key enabler of long-term scalability and sustainable revenue growth. During the year, efforts centered on broadening the product portfolio, enhancing operational efficiency, and leveraging advanced technologies to reinforce the Company's leadership in telematics and connected solutions. These initiatives are designed to mitigate the impact of the STE Project loss and drive future growth through diversified, innovation-led revenue streams.

Trakker Middle East (TME)

During the year, Trakker Middle East (TME) entered a strategic equity partnership with the Gargash Group, which injected fresh capital and acquired a 50.1% shareholding in TME. As a result, the Company's ownership was diluted, and TME was reclassified from a subsidiary to an associate, in accordance with applicable accounting standards and regulatory requirements. This transaction has strengthened TME's financial position, enhanced operational capacity, and established a solid foundation for regional expansion through strategic collaboration.

The integration with Gargash Group has driven notable progress across operations, sales, marketing, and technology, combining TME's telematics expertise with Gargash's strong regional footprint and financial strength. These synergies have translated into annualized growth of 36%, reflecting the success of this partnership in unlocking new business opportunities.

This alliance positions the Company for sustained long-term growth, enabling deeper market penetration across the GCC and other key regions while strengthening competitiveness through shared innovation, resource optimization, and strategic market alignment.

Digital Mapping & Location-Based Services (LBS)

During the year, focused initiatives to reduce costs, enhance profitability, strengthen partnerships, and expand the client base continued to progress across key strategic areas. Leading clients from the food, allied, telecommunications, and ride-hailing sectors were onboarded, reinforcing the business's leadership in Location-Based Services (LBS) and driving wider adoption of the Location Intelligence (LI) platform among banking, FMCG, and corporate clients. Ongoing initiatives focused on operational efficiency, and product innovation are expected to further strengthen competitiveness and support sustainable growth. Continued emphasis on improving data accuracy, expanding enterprise integrations, and leveraging strategic collaborations will position the business to capture emerging opportunities across the digital mapping, mobility, and ride-hailing ecosystems.

The Company is also pursuing a strategic alliance with a leading technology organization in Pakistan to strengthen market positioning and diversify revenue streams across domestic and international markets. A targeted growth plan has been developed for the upcoming period, focusing on small and mid-sized restaurants, QSRs, and

food delivery platforms, supported by lead-generation campaigns, enhanced brand visibility, and new strategic partnerships for integrated geolocation and delivery-tracking solutions.

TPL Security Services

During the year, the Company acquired 100% shareholding of TPL Security Services (Pvt.) Limited to strengthen its integrated solutions portfolio and broaden its customer base. This strategic acquisition enables the Company to leverage synergies across its Telematics, IoT, and digital platforms, enhancing its ability to deliver comprehensive security, monitoring, and risk management solutions to corporate and institutional clients.

Pakistan's private security industry is evolving rapidly, driven by rising demand for professional, technology-enabled protection services and stronger collaboration between private agencies and state law enforcement. The sector is witnessing growing investment in Al-based surveillance, access control, and executive protection services, particularly across major urban and industrial centers.

Looking ahead, the Company aims to strengthen its leadership position by offering technology-driven, reliable, and comprehensive security solutions, aligned with global best practices and evolving market needs.

یہ ہمارے لئے باعث مِسرت ہے کہ ٹی پی ایل ٹر کیر کمیٹڈ کے بورڈ آف ڈائر کیٹر زکی جانب سے 30 جون 2025 کوختم ہونے والے مالی سال کے لئے مالیاتی گوشوار سے بشمول گروپ کی کار کردگی کا جائزہ آپ کے گوش گزار کریں۔

معاشي جائزه

مالی سال25-2024 کے دوران، پاکستان کی معبیشت نے آئی ایم ایف کے تعاون سے چلنے والے اصلاحاتی پروگرام کے تحت استحکام کامظاہرہ کیا۔رئیل GDP کی گروتھ کا تنجیبنہ عارضی طور پر تقریباً 7.2 فیصد لگایا گیاہے، جو کہ خدمات اور بڑے بیانے پر مینوفیکچر نگ میں بحالی سے کار فرماہے، جبکہ زراعت نے معتدل ترقی کو برقرار رکھا۔

افراط زر کی اوسط 4.49 فیصد ہے جو کہ گزشتہ تین سالوں میں سب ہے کم ہے، جو مالیاتی نظم وضبط، مستحکم شرح مباد لہ اورخوراک کی بہتر فراہمی کو ظاہر کرتی ہے۔اس کے جواب میں،اسٹیٹ بینک آف پا کستان نے پالیسی ریٹ کو 22 فیصد (جون 2024) سے کم کر کے 11 فیصد (جولائی ڈ202) کردیا، جس سے نجی شُعبے کے قرضے اور سرمایہ کاروں کے جذبات کو تنقویت ملی۔

مالیاتی استحکام کی کوششیں بھی آ گے بڑھیں، جن کی مدد سے محصول میں اضافہ اور اخراجات پر قابو یا یا گیا۔ کرنٹ اکاؤنٹ نے مالی سال 25-2024 میں 2.1 بلین امر کی ڈالر کاسر پلس رجسٹر ڈ کیا، جس کی وجہ مضبوط ترسیلات زر،نظم وضبط میتعلق در آمدی انتظام،اور بر آمدات میں بتدریج بحالی ہے۔

یا کستان اسٹاک ایجیجنجے نے اس میکروا کنا مک استخام کی عکاس کی، مستخام مضبوط تیز رفتار کو برقرار رکھااور جون 2025 تک تقریباً 125,600 ایوائنٹس کی ریکارڈسطے پر بند ہوا،جو کہ گزشتہ سال کے نقابلی مدے میں تَقْرِيباً 78,500 پوائنٹس کے مقابلے میں تھا۔اس مضبوط کار کردگی نے مارکیٹ میں بہتر لیکویڈیٹی، کم شرح سود،اور مالیاتی نزمی اوراصلاحات پڑ بنی استحکام کے بعد سرمایہ کاروں کے اعتاد کی تجدید کی عکاسی کی۔

آ گے نظر رکھتے ہوئے، آؤٹ لک مختاط طور پر پُرامیدرہتاہے، جس کی حمایث تحکم میکروا کنا مک اشاریے، مالیاتی نرمی،اور جاری اصلاحات کے نفاذ سے ہوتی ہے۔ تاہم، خدمت کے شعبے میں بلند قرضہ جات، توانائی کے شعبے میں نااہلیاں،اورمسلس عالمی مارکیٹ کی غیر تقینی صورتحال پائیدار ترقی کے لیے کلیدی چیلنجوں کا باعث بنی ہوئی ہے۔

مالی سال 25-2024 کے دوران، یا کتان کے آٹو موبائل سیکٹر نے بھی بحالی کے آثار کی عکائٹی کی، جس کی مدد ہے میکروا کنا مک استحکام، کم شرح سود،اورصار فین کااعتباد بحال ہوا۔ مالی سال 25-2024 میں مسافر کاروں اور LCV کی فروخت میں سال بیسال تقریباً 43 فیصد کااضافہ ہوا، جس کی وجہ مالیاتی شرائط میں نرمی اور نئے ماڈل کی لانچنگ ہے۔ تاہم، اس شعبے کو اعلیٰ ان پیٹ لاگت، لو کلائزیشن کی رکاوٹوں، در آمداور توانائی کی ترقی کی پالیسیوں سے چیلنجوں کاسامناکر ناپڑر ہاہے۔

سال کے دوران، پاکستان کے آٹوموٹیوسکٹر نے حوصلہ افزا بحالی کامظاہرہ کیا، جس کی مدد ہے میکروا کنا مک استخکام میں بہتری اور صارفین کامضبوط اعتاد تھا۔ گاڑیوں کی کل فروخت (کاریں، جیپ،اور کپاپ) تقریباً 148,000 یونٹس تک پہنچ گئی، جبکہ مسافر کاروں کی فروخت تقریباً 112,000 ایونٹس رہی، جو کہ بالترتیب 43 فیصد اور 38 فیصد کی سال بسیال نمو کو ظاہر کرتی ہے۔

مالی سال 26۔2025 کے لیے آؤٹ لک مضبوطی سے مثبت ہے، جس میں سود کی کم شرح، مالیاتی حالات میں نرمی، اور صارفین کی مسلسل مانگ کی حمایت حاصل ہے۔ پالیسی ریٹ میں 22 فیصد سے ا کے فیصد تک کی سے گاڑیوں گیستی میں نمایاں بہتری آئی ہے، جب کہ حکومت کے ٹیرف ریشنلائزیشن اور EV مراعات سے توقع کی جاتی ہے کہ وہ فئی سرمایہ کاری کو راغب کریں گے، مارکیٹ میں داخل ہونے والوں کی حوصلہ افزائی کریں گے، اور صاف تھرا، ٹیکنالوجی سے چلنے والی نقل وحرکت کی طرف تبدیلی کوفروغ دیں گے۔

اس معاون ماحول میں، تمپینی کے ٹیلی میٹکس سیگنٹ نے اپنی مسلسل ترقی کی رفتار کو برقر ارر کھاجو حجم کو بڑھانے، تسٹمر زکی تعداد کو بڑھانے،اورفوسٹرمارکیڈنگ، ڈیجیٹل اختراع، آپیشنل افادیت اورتسٹمر ئے تجربے کو بہتر بنانے کے ذریعے سروس کے معیار کو بہتر بنانے کے لیے سلسل مانگ اور کامیاب اقدامات کی عکاسی کر تاہے۔

ٹیلی میٹکس کے علاوہ تمپنی نے انٹر نیٹ آف تھنگز (١٥٦) سیکنٹ پر اپنی اسٹریٹجک توجہ کومضبوط کرناجاری رکھا، اور اسے طویل مدتی اسکیل بیبلٹی اور یائیدار آمدنی میں اضافے کے کلیدی اہل کار کے طور پرتسلیم کیا سال کے دوران، کوششیں پروڈ کٹ پورٹ فولیو کووسیع کرنے، آپریشنل کارکرد گی کوبڑھانے، اور ٹیلی میٹکس اور مر بوط حلوں میں کمپنی کی قیادت کو تقویت دینے کے لیے جدید ئىكنالوجى ئے فائدُ ہاٹھانے پرمر کوز تھیں۔ان اقد امات کو ایس ٹی ای پروجیک کے نقصان کے انژات کو کم کرنے اورمتنوع،اختراع کی قیادت میں آمدنی کے سلسلے کے ذریعے تعقبل کی ترقی کو آگے بڑھانے کے لیے ڈیزائن کیا گیاہے۔

ٹر کیرمڈل ایسٹ (TME)

سال کے دوران، Trakker Middle East (TME) نے گر گاش گروپ کے ساتھ ایک اسٹریٹجک ایکویٹی پارٹنزشپ میں داخل کیا، جس نے تازہ سرمایہ لگایا اور TME میں 50.1 فیصد شیئر ہولڈ نگ حاصل کی۔نیتجناً، نمپنی کی ملکیت کو کم کر دیا گیا،اور TME کو قابل اطلاق ا کاؤنٹنگ معیارات اور ریگولیٹری نقاضوں کے مطابق، ذیلی نمپنی سے ایک ایسوسی ایٹ کے لیے دوباره درجه بندی کردیا گیا۔اس لین دین نے TME کی مالی پوزیش کومضبوط کیاہے، آپریشنل صلاحیت میں اضافہ کیاہے، اوراسٹریٹجک تعاون کے ذریعے علاقائی توسیعے کے لیے ایک مضبوط مبنیاد قائم

گر گاش گروپ کے ساتھ انضِام نے آپریشنز ، سینز ، میلز ، مارکیٹنگ اور ٹیکنالوجی میں قابل ذکر میش رفت کی ہے، جس میس ٹی ایم ای ٹیلی مینٹس مہارت کو گر گاش کے مضبوط علاقائی نقش اور مالیاتی طاقت کے ساتھ ملایا گیائے۔اس ہم آ ہنگی نے 36 فیصد کی سالانہ گروتھ کیا ہے،جو نئے کاروباری مواقع کو کھو لئے میں اس شراکت کی کامیابی کی عکاسی کرتا ہے۔

بیہ اتحاد کمپنی کو طویل مدتی ترقی کے لیے یوزیشن میں رکھتا ہے، جس سے جی سی می اور دیگر کلیدی خطوں میں مارکیٹ کی گہرائی تک رسائی کوممکن بنایا جاتا ہے جبکہشتر کہ حدت، وسائل کی اصلاح، اور اسٹریٹجک مارکیٹ کی صف بندی کے ذریعے مسابقت کو تقویت ملتی ہے۔

د یجینل مینیگ اور لوکیشن بسید سر وسز (LBS)

سال کے دوران، لاگت کو کم کرنے، منافع میں اضافہ، شراکت داری کومضبوط بنانے اور کلائنٹ میں کو بڑھانے کے لیے توجیم کوز کیے گئے اقدامات نے اہم اسٹریٹجک شعبوں میں ترقی جاری رکھی۔ فوڈ، الائیڈ، ٹیلی کمیونیکیشن، اور رائیڈ ہیلنگ سیکٹر ز کےسرکر دہ کلائنٹس کو آن بورڈ کیا گیا، جس ہےلوکیشن ہیپڈسروسز (LBS) میں کاروبار کی قیادت کو تقویت ملی اور بینکنگ، FMCG، اور کار پوریٹ کائنٹس کے درمیان لوکیشن نٹیلی جنس (L1) پلیٹ فارم کو وسیع تراپنانے میں مدد ملی۔ آپیشنل کار کردگی اور مصنوعات کی جدت پرتوجہم کوز کرنے والے جاری اقدامات سے مسابقت کو مزید

تقویت دیناور پائیدارترقی کی حمایت کی توقع ہے۔ڈیٹاک درنگی کو بہتر بنانے،انٹر پرائزانضام کو بڑھانے،اوراسٹریٹجک تعاون کافائد ہاٹھانے مسلسل زور کاروبار کو ڈیجیٹل میپنگ نقل وحرکت،اور رائیڈ ہیلنگ ایکوسٹم میں ابھرتے ہوئے مواقع حاصل کرنے کے لیے پوزیش میں لائے گا۔

کمپنی مارکیٹ کی بوزیشننگ دمضبوط بنانے اورمکلی اور بین الاقوامی منڈیوں میں رپونیو کے سلسلے کومتنوع بنانے کے لیے یا کستان میں ٹیکنالوجی کی ایک سرکر د تنظیم کے ساتھ اسٹریٹجک اتحادیر بھی عمل پیرا ہے۔ آئندہ مدت کے لیے ایک ہدفی ترقی کامنصوبہ تیار کیا گیاہے، جس میں چھوٹے اور درمیانے درج کے ریستوران، QSRs،اورفوڈ ڈیلیوری پکیٹ فارمز پرتوجہ مرکوزگ گئ ہے، جس کی مدولیڈ جزیش مہوں، بہتر برانڈ کی نمائش،اورمر بوط جغرافیائی محل و قوع اورتر سیل ہے باخبر رہنے کے حل کے لیےنٹی اسٹریٹنگ شراکت داری ہے۔

ٹی بی ایل سیکیورٹی سروسز

Independent Auditor's Review Report To The Members Of Tpl Trakker Limited

Review Report On The Statement Of Compliance Contained In Listed Companies (Code Of Corporate Governance) Regulations, 2019

Grant Thornton Anjum Rahman

Ist & 3rd Floor, Modern Motors House, Beaumont Road, Karachi, Pakistan.

T +92 21 35672951-56

We have reviewed the enclosed Statement of Compliance with the Listed Companies (Code of Corporate Governance) Regulations, 2019 (the Regulations) prepared by the Board of Directors of TPL Trakker Limited (the Company) for the year ended 30 June 2025 in accordance with the requirements of regulation 36 of the Regulations

The responsibility for compliance with the Regulations is that of the Board of Directors of the Company. Our responsibility is to review whether the Statement of Compliance reflects the status of the Company's compliance with the provisions of the Regulations and report if it does not and to highlight any non-compliance with the requirements of the Regulations. A review is limited primarily to inquiries of the Company's personnel and review of various documents prepared by the Company to comply with the Regulations

As part of our audit of the financial statements, we are required to obtain an understanding of the accounting and internal control systems sufficient to plan the audit and develop an effective audit approach, We are not required to consider whether the Board of Directors' statement on internal control covers all risks and controls or to form an opinion on the effectiveness of such internal controls, the Company's corporate governance procedures and risks

The Regulations require the Company to place before the Audit Committee, and upon recommendation of the Audit Commijtee, place before the Board of Directors for their review and approval, its related party transactions We are only required and have ensured compliance of this requirement to the extent of the approval of the related party transactions by the Board of Directors upon recommendation of the Audit Committee

Based on our review, nothing has come to our attention which causes us to believe that the Statement of Compliance does not appropriately reflect the Company's compliance, in all material respects, with the requirements contained in the Regulations as applicable to the Company for the year ended 30 June 2025

Further, we highlight below instance of non-compliance with the requirements of the Regulations as stated in the Statement of Compliance

S. No.	Regulation reference	Description
1	6	The Board composition does not meet the minimum requirement of independent directors as prescribed under the Regulations, which require at least one-third or a minimum of two independent directors, whichever is higher. The Board currently includes only one independent director.

Statement of Compliance with Listed Companies (Code Of Corporate Governance) Regulations, 2019

Name of company TPL Trakker Limited Year ended: June 30, 2025

The company has complied with the requirements of the Regulations in the following manner:

1. The total number of Directors fixed for the Board is Eight (08):

Male	Female
7	1

2. The Board of Directors comprised eight (08) members. During the year, two directors resigned from the Board and, as of June 30, 2025, the position remains vacant. The composition of the Board as of June 30, 2025 is as follows:

Category	Names
Executive Director	Mr. Amjad Waqar
	Brigadier (R) Muhammad Tahir Chaudhry
Non-Executive Directors	Mr. Jameel Yusuf Ahmed S. St
	Mr. Mohammad Riaz
	Mr. Imran Husain
Female Director (Independent)	Ms. Nausheen Javaid Amjad

NOTE: With regard to compliance with Regulation 6 of the Listed Companies (Code of Corporate Governance) Regulations, 2019, it is noted that due to the vacancy arising from the resignation of an independent director, the number of independent directors on the Board as of June 30, 2025, falls below the requirement prescribed under the said regulation. However, the Board currently comprises four non-executive directors, including one independent director, who are not engaged in the day-to-day management of the Company, as compared to only two executive directors holding executive positions. This composition reflects the Company's commitment to maintaining a strong presence of non-executive perspectives on the Board, thereby ensuring balanced and diverse decision-making in the best interest of all stakeholders.

- The directors have confirmed that none of them is serving as a director on more than seven listed companies, including this Company.

We have audited the annexed unconsolidated financial statements of TPL Trakker Limited (the Company) which comprise the unconsolidated statement of financial position as at 30 June 2025, the unconsolidated statement of profit or loss and other comprehensive income, the unconsolidated statement of changes in equity, the unconsolidated statement of cash flows for the year then ended, and notes to the unconsolidated financial statements, including a summary of significant accounting policies and other explanatory information, and we state that we have obtained all the information and explanations which, to the best of our knowledge and belief, were necessary for the purposes of the audit.

In our opinion and to the best of our information and according to the explanations given to us, the unconsolidated statement of financial position, the unconsolidated statement of profit or loss, the unconsolidated statement of comprehensive income, the unconsolidated statement of changes in equity and the unconsolidated statement of cash flows together with the notes forming part thereof conform with the accounting and reporting standards as applicable in Pakistan and give the information required by the Companies Act, 2017 (XIX of 2017), in the manner so required and respectively give a true and fair view of the state of the Company's affairs as at 30 June 2025 and of the loss, total comprehensive loss, the changes in equity and its cash flows for the year then ended.

Basis for Opinion

We conducted our audit in accordance with International Standards on Auditing (ISAs) as applicable in Pakistan. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the unconsolidated financial statements section of our report. We are independent of the Company in accordance with the International Ethics Standards Board for Accountants' Code of Ethics for Professional Accountants as adopted by the Institute of Chartered Accountants of Pakistan (the Code) and we have fulfilled our other ethical responsibilities in accordance with the Code. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Emphasis of matter

We draw attention to note 11.1 to the unconsolidated financial statements, which states that deferred tax asset has been recognized on the basis of the Company's financial projections for the next 5 years. The preparation of financial projections involves management's assumptions regarding future business plan and any significant change in such assumptions may have an effect on the realizability of the deferred tax asset. Our opinion is not modified in respect of this matter.

Key Audit Matters

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the unconsolidated financial statements of the current period. These matters were addressed in the context of our audit of the unconsolidated financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters. Following are the key audit matters:

Key audit matter	How the matter was addressed in our audit		
First year audit			
We have been engaged to perform the audit of the Company for the first time i.e., for the year ended 30 June 2025. Initial audit engagements involve a number of considerations not associated with recurring audits.	We performed various procedures to obtain sufficient appropriate audit evidence regarding opening balances including the following:		

Key audit matter

Additional planning activities and considerations necessary to establish an appropriate audit strategy and audit plan include gaining an initial understanding of the Company and its business, obtaining sufficient audit evidence regarding the opening balances including the selection and application of accounting principles and communicating with the previous auditors.

How the matter was addressed in our audit

- reviewed the predecessor auditor's work papers and made additional inquiries from predecessor auditors about matters that may affect our audit in the current year.
- evaluated the key accounting matters from prior
- evaluated whether accounting policies reflected in the opening balances have been consistently applied in the current year's unconsolidated financial statements and adequately presented and disclosed in accordance with the financial reporting standards.

Impairment of intangible assets

As disclosed in note 8.1.1 to the unconsolidated financial statements, intangible assets with indefinite useful life amount to Rs.1,272.47 million as of 30 June 2025. In accordance with the Company's accounting policy, these assets are tested for impairment on an annual basis. The impairment assessment for such assets involves significant judgments and estimates about key business assumptions and discount rate. Changes in these assumptions may lead to a significant change in the carrying values of the related assets and accordingly, we have considered this as a key audit matter.

Our audit procedures included the following:

- assessed the methodology adopted management for impairment testing, including the determination of CGU to which intangible assets relate.
- evaluated the key assumptions used by management such as forecasted revenue, cash flows, growth rates, discount rate and compared these with historical performance, approved business plans and industry trends.
- performed sensitivity analysis to assess the impact of possible changes in key assumptions on the recoverable amounts and challenged management on the outcomes.
- iv) assessed the adequacy and appropriateness of disclosures for compliance with the requirements of applicable financial reporting framework.

Valuation of investments

As disclosed in note 9 to the unconsolidated financial statements, the carrying value of the Company's investment in Subsidiaries and associate amount to Rs. 1,354.58. These investments are measured at fair value which is determined using the income approach. We have considered the valuation of investments as a key audit matter due to significant judgments involved in determining the fair value.

Our audit procedures included the following:

- obtained an understanding of management's valuation process and assessed whether the methodologies applied are consistent with generally accepted valuation techniques and prior periods.
- evaluated the appropriateness of key assumptions used in the valuation models such as projected cash flows, discount rates, historical performance and management's business strategy.
- iii) assess the reasonableness of the valuation approach, key inputs and the classification of investments within the fair value hierarchy (Levels 1, 2, and 3).
- iv) assessed the adequacy and appropriateness of disclosures for compliance with the requirements of applicable financial reporting framework.

Information Other than the unconsolidated financial statements and Auditor's Report Thereon

Management is responsible for the other information. The other information comprises the information included in the annual report, but does not include the unconsolidated financial statements and our auditor's report.

Our opinion on the unconsolidated financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the unconsolidated financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements, or our knowledge obtained in the audit or otherwise appears to be materially misstated. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Responsibilities of Management and Board of Directors for the unconsolidated financial statements

Management is responsible for the preparation and fair presentation of the unconsolidated financial statements in accordance with the accounting and reporting standards as applicable in Pakistan and the requirements of Companies Act, 2017(XIX of 2017) and for such internal control as management determines is necessary to enable the preparation of unconsolidated financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the unconsolidated financial statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

Board of Directors are responsible for overseeing the Company's financial reporting process.

Auditor's Responsibilities for the Audit of the unconsolidated financial statements

Our objectives are to obtain reasonable assurance about whether the unconsolidated financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with ISAs as applicable in Pakistan will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these unconsolidated financial statements.

As part of an audit in accordance with ISAs as applicable in Pakistan, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the unconsolidated financial statements, whether due
 to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that
 is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement
 resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional
 omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Company's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on
 the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast
 significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty
 exists, we are required to draw attention in our auditor's report to the related disclosures in the unconsolidated

financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.

• Evaluate the overall presentation, structure and content of the unconsolidated financial statements, including the disclosures, and whether the unconsolidated financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with the Board of Directors regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide the Board of Directors with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with the Board of Directors, we determine those matters that were of most significance in the audit of the unconsolidated financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the benefits of public interest such communication.

Report on Other Legal and Regulatory Requirements

Based on our audit, we further report that in our opinion:

- a) proper books of account have been kept by the Company as required by the Companies Act, 2017 (XIX of 2017);
- b) the unconsolidated statement of financial position, the unconsolidated statement of profit or loss and other comprehensive income, the unconsolidated statement of changes in equity and the unconsolidated statement of cash flows together with the notes thereon have been drawn up in conformity with the Companies Act, 2017 (XIX of 2017) and are in agreement with the books of account and returns;
- investments made, expenditure incurred and guarantees extended during the year were for the purpose of the Company's business; and
- d) no zakat was deductible at source under the Zakat and Ushr Ordinance, 1980(XVIII of 1980).

Other Matter

The unconsolidated financial statements of the Company for the year ended 30 June 2024 were audited by another auditor who expressed an unmodified opinion on those statements dated 6 November 2024.

The engagement partner on the audit resulting in this independent auditor's report is Khurram Jameel.

2 BASIS OF PREPARATION

2.1 Statement of compliance

These unconsolidated financial statements have been prepared in accordance with the accounting and reporting standards as applicable in Pakistan. The accounting and reporting standards applicable in Pakistan comprise of:

- International Financial Reporting Standards (IFRSs) issued by the International Accounting Standards Board (IASB) as notified under the Act;
- Islamic Financial and Accounting standards (IFAS) issued by the Institute of Chartered Accountants of Pakistan and;
- Provisions of and directives issued under the Act.

Where provisions of and directives issued under the Act differ from IFRSs or IFAs, the provisions of and directives issued under the Act have been followed.

2.2 Basis of measurement

These unconsolidated financial statements have been prepared under the historical cost convention unless stated otherwise.

For the year ended June 30, 2025

2.3 **Functional and presentation currency**

The unconsolidated financial statements are presented in Pakistani Rupees, which is the functional and presentation currency of the Company.

NEW ACCOUNTING STANDARDS 3

3.1 Accounting standards effective for the year

There are certain new standards and amendments that are mandatory for the Company's accounting period beginning on 01 July 2024, but are considered either to be not relevant or to not have any significant effect on the Company's operations and are, therefore, not detailed in these financial statements.

3.2 Accounting standards not yet effective

There are certain new standards and amendments to the approved accounting standards that will be mandatory for the Company's accounting periods beginning on / after 01 July 2025. However, the Company expects that these standards will not have any material impact on the future financial statements of the Company.

SIGNIFICANT ACCOUNTING JUDGEMENTS AND ESTIMATES 4

The preparation of the unconsolidated financial statements in conformity with the accounting and reporting standards requires the use of certain critical accounting estimates and assumptions. It also requires management to exercise its judgement in the process of applying the Company's accounting policies. Estimates, assumptions and judgements are continually evaluated and are based on historical experience and other factors, including expectations of future events that are believed to be reasonable under the circumstances. Revisions to accounting estimates are recognised in the period in which the estimate is revised and in any future periods affected. In the process of applying the Company's accounting policies, the management has made following accounting estimates, judgements and assumptions that are significant to these unconsolidated financial statements:

-	Classification and valuation of investments	5.5, 5.6 & 9
-	Impairment of intangible assets	5.2 , 5.7 & 8
-	Reconginition of deffered tax asset	5.12 & 11

SUMMARY OF MATERIAL ACCOUNTING POLICY INFORMATION

Property and equipment

Operating fixed assets

These are stated at cost less accumulated depreciation and accumulated impairment losses, if any. Depreciation is recognised in the unconsolidated statement of profit or loss applying the straight-line method. Depreciation on additions during the year is charged from the month of addition, whereas, depreciation on disposals is charged upto the month in which the disposal takes place. Major renewals and improvements for assets are capitalized, if recognition criteria is met and the assets so replaced, if any, are retired. Maintenance and normal repairs are recognised in the unconsolidated statement of profit or loss. Assets residual values, useful lives and method of depreciation are reviewed and adjusted, if appropriate at each reporting date. Initially recognized is derecognized upon disposal or when no future economic benefits are expected from its use or disposal. Gain or loss on derecognition of an asset represented by the difference between the sale proceeds and the carrying amount of the asset, is recognised in the unconsolidated statement of profit or loss.

Capital work-in-progress

These are stated at cost less accumulated impairment losses, if any, and consist of Expenses incurred in respect of operating fixed assets in the course of their acquisition, erection, construction and installation. The assets are transferred to relevant category of operating fixed assets when they are available for use.

5.2 Intangible assets

Operating intangibes

Intangible assets other than goodwill, customers related intangible assets and marketing related intangible assets are stated at cost less accumulated amortisation and accumulated impairment losses, if any. Goodwill, customers related intangible assets and marketing related intangible assets are stated at cost less accumulated impairment losses, if any, as their useful life is indefinite and are tested for impairment annually. For other intangibles, amortisation is charged to the profit or loss applying the straight line method, whereby, the cost of intangible asset is written off over its useful economic life. Full month's amortisation is charged in the month of addition when the asset is available for use, whereas, amortisation on disposals is charged upto the month in which the disposal takes place.

Note

For the year ended June 30, 2025

Intangible under development

These are stated at cost less accumulated impairment losses, if any, and consist of Expenses incurred in the course of their acquisition, erection, development and installation. The assets are transferred to relevant category of intangible assets when they are available for use.

5.3 Right of use assets

The Company recognizes right-of-use assets at the commencement date of the lease. These are measured at cost, less any accumulated depreciation and impairment losses, and adjusted for any remeasurement of lease liabilities. The cost of right-of-use assets includes the amount of lease liabilities recognized, initial direct costs incurred, and lease payments made at or before the commencement date less any lease incentives received. These are depreciated on a straight-line basis over the lease term.

5.4 Leases

The Company recognizes lease liabilities measured at the present value of lease payments to be made over the lease term. In calculating the present value of lease payments, the Company uses the incremental borrowing rate at the lease commencement date. In addition, the carrying amount of lease liabilities is remeasured if there is a modification, a change in the lease term, a change in the in-substance fixed lease payments or a change in the assessment to purchase the underlying asset.

5.5 Investments

Investments in subsidiaries and associates are stated at fair value (refer note 5.6.1).

5.6 Financial instruments

A financial instrument is any contract that gives rise to a financial asset of one entity and a financial liability or equity instrument of another entity.

5.6.1 Financial assets

a) Initial recognition and measurement

On initial recognition, financial assets are measured at amortised cost, Fair value through other comprehensive income (FVOCI) and Fair value through profit or loss (FVTPL). The classification of financial assets at initial recognition depends on the financial asset's contractual cash flow characteristics and the Company's business model for managing them. The Company initially recognises a financial asset at its fair value plus, in the case of a financial asset not at FVTPL, transaction costs. Purchases or sales of financial assets that require delivery of assets within a time frame established by regulation or convention in the market place (regular way trades) are recognised on the trade date i.e. the date that the Company commits to purchase or sell the asset.

b) Subsequent measurement

Financial assets are subsequently measured as follows:

i) Financial assets at amortised cost

The Company measures financial assets at amortised cost if both of the following conditions are met:

- The financial asset is held within a business model with the objective to hold financial assets in order to collect contractual cash flows; and
- The contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

These are subsequently measured using the effective interest rate (EIR) method and are subject to impairment. Gains and losses are recognised in the unconsolidated statement of profit or loss when the asset is derecognised, modified or impaired.

ii) Financial assets at FVOCI

Equity instruments designated at FVOCI are measured at fair value, with all subsequent changes in fair value recognized in other comprehensive income and never reclassified to statement of profit or loss, while dividends are recognized in statement of profit or loss when the Company's right to receive payment is established.

iii) Financial assets at FVTPL

The Company does not have any assets at FVTPL during the current and last year and as of the reporting date.

For the year ended June 30, 2025

c) Derecognition

A financial asset (or, where applicable, a part of a financial asset or a part of a group of similar financial assets) is derecognised where the rights to receive cash flows from the asset have expired, or the Company has transferred its rights to receive cash flows from the asset, or has assumed an obligation to pay the received cash flows in full without material delay to a third party under a pass-through arrangement and the Company has:

a) Transferred substantially all of the risks and rewards of the asset; or

b) Neither transferred nor retained substantially all the risks and rewards of the asset, but has transferred control of the asset

When the Company has transferred its right to receive cash flows from an asset (or has entered into a pass-through arrangement), and has neither transferred nor retained substantially all of the risks and rewards of the asset nor transferred control of the asset, the asset is recognised to the extent of the Company's continuing involvement in the asset. In that case, the Company also recognises an associated liability. The transferred asset and the associated liability are measured on a basis that reflects the rights and obligations that the Company has retained.

d) Impairment of financial assets

The Company measures expected credit losses (ECLs) for all financial assets not held at FVTPL. ECLs are based on the difference between the contractual cash flows due in accordance with the contract and all the cash flows that the Company expects to receive, discounted at an approximation of the original effective interest rate. The expected cash flows will include cash flows from the sale of collateral held or other credit enhancements that are integral to the contractual terms. The Company applies a simplified approach in calculating ECLs. Therefore, the Company does not track changes in credit risk but instead recognizes a loss allowance based on lifetime ECLs at each reporting date. As per IFRS 9 the simplified approach, a provision matrix is applied on its historical credit loss experience, adjusted for forward-looking factors and the economic environment. A financial asset is written off when there is no reasonable expectation of recovering the contractual cash flows.

5.6.2 Financial liabilities

a) Initial recognition and measurement

On initial recognition, financial liabilities are measured at amortised cost and FVTPL. The classification of financial liabilities is determined by the nature of the contractual terms and, where relevant, the Company's designation at initial recognition. Financial liabilities are initially recognised at fair value, and in the case of financial liabilities not at FVTPL, net of transaction costs.

b) Subsequent measurement

Financial liabilities are subsequently measured as follows:

i) At amortized cost

These are subsequently measured using the EIR method. Gains and losses are recognised in statement of profit or loss when the liability is derecognised or modified.

i) At FVTPL

The Company does not have any liabilities at FVTPL during the current and last year and as of the reporting date.

5.6.2.1 Derecognition

A financial liability is derecognised when the obligation under the liability is discharged or cancelled or expires. Gains and losses on derecognition are recognised in statement of profit or loss.

5.6.3 Offsetting of financial instruments

Financial assets and financial liabilities are offset and the net amount is reported in the unconsolidated statement of financial position if there is a currently enforceable legal right to offset the recognised amounts and there is an intention to settle on a net basis, to realise the assets and settle the liabilities simultaneously.

5.7 Impairment of non-financial assets

The carrying amounts of non-financial assets other than inventories and deferred tax assets are assessed at date of statement of financial position to ascertain whether there is any implication of impairment. If such an indication exists, the asset's recoverable amount is estimated to determine the extent of impairment loss, if any. An impairment loss is recognised, as an Expenses in the statement of profit or loss. The recoverable amount is higher of an asset's fair value less cost to sell and value in use. Value in use is ascertained through discounting of the estimated future cash flows using a discount rate that reflects current market assessments of the time value of money and the risk specific to the assets.

For the year ended June 30, 2025

5.8 Stock-in-trade

These are stated at lower of cost or the Net Realizable Value (NRV). NRV is estimated with reference to the estimated selling price in the ordinary course of business less the estimated costs of completion and estimated costs necessary to make the sale.

5.9 Cash and cash equivalents

These are stated at cost and consist of cash and bank balances net of short term running finance.

5.10 Contract liabilities

A contract liability is the obligation to transfer goods or services to a customer for which the Company has received consideration (or an amount of consideration is due) from the customer. If a customer pays consideration before the Company transfers goods or services to the customer, a contract liability is recognised when the payment is made. Contract liabilities are recognised as revenue when the Company performs under the contract.

5.11 Staff retirement benefits

The Company operates an recognised provident fund (defined contribution scheme) for its permanent staff. Equal monthly contributions are made, both by the Company and the employees at the rate of 8.33% of basic salary.

5.12 Taxation

Current / Levies

The charge for current taxation is computed in accordance with Income Tax Ordinance, 2001 (the Ordinance). The Company has elected to designate the amount computed in accordance with the Ordinance as an income tax within the scope of IAS 12 'Income Taxes' and recognize it as current income tax Expenses. Any excess over the amount designated as income tax is recognized as a levy.

Deferred

Deferred tax is provided using the liability method on temporary differences between the tax bases of assets and liabilities and their carrying amounts for financial reporting purposes at the reporting date. Deferred tax liabilities are recognized for all taxable temporary differences and deferred tax assets are recognized for all deductible temporary differences, unused tax losses and unused tax credits to the extent that it is probable that future taxable profits will be available against which these can be utilized. The carrying amount of deferred tax assets is reviewed at each statement of financial position date and adjusted to the extent that it is no longer probable that sufficient taxable profit will be available to allow all or part of the deferred tax assets to be utilized

5.13 Provisions

Provisions are recognised when the Company has a present (legal or constructive) obligation as a result of past events and it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation and a reliable estimate of the obligation can be made. Provisions are reviewed at each reporting date and accordingly adjusted to reflect current best estimates.

5.14 Revenue recognition

Revenue from contracts with customers is recognised when control of the goods and services are transferred to the customer at an amount that reflects the consideration to which the Company expects to be entitled in exchange for those goods and services. The Company has generally concluded that it is the principal in its revenue arrangements because it typically controls the goods and services before transferring them to the customer.

- Revenue from sale of goods is recognised at the point in time when control of the goods is transferred to the customer i.e. when goods are installed.
- Revenue from rendering of monitoring services is recognised over the time i.e. as and when services are rendered, revenue from rendering of other associated services are recognised at the point in time when services are rendered.
- Rentals from tracking devices is recongnized on accrual basis.
- Return on investments and bank accounts is recognized on accrual basis.
- Dividend income is recognized when the right to receive dividend is established.

5.15 Foreign currency translation

Transactions in foreign currencies are translated into Pakistani Rupee at the rate ruling at the date of the transaction. Monetary assets and liabilities denominated in foreign currencies are retranslated at the exchange rate ruling at the reporting date. Exchange gains and losses are recognised in the statement of profit or loss. Non-monetary items that are measured in terms of historical cost in a foreign currency are translated using the exchange rates as at the dates of the initial transactions. Non-monetary items measured at fair value in a foreign currency are translated using the exchange rates at the date when the fair value was determined.

Impairment testing of goodwill and intangibles with indefinite lives 8.1.1

As of the reporting date, the goodwill and intangibles with indefinite useful life amounting to Rs. 1,146 million. These assets have been allocated and monitored at the Company level. The Company has performed its annual impairment test as at 30 June 2025 and the recoverable amount is determined using cash flow projections covering a five year period (approved by the Board of Directors of the Company). The discount rate applied to cash flow projections is 16.7% (2024: 26.3%) and the growth rate used to extrapolate the cash flows beyond the five-year period is 4.5% (2024: 8%). As a result of the assessment, the management did not identify any impairment for the cash generating unit to which these assets are allocated.

Key assumptions used in discounted cashflow calculations

The calculation of discounted cashflow is most sensitive to the following assumptions:

- Discount rate
- Key business assumptions

The discount rate reflects current market assessment of the rate of return required for the business and is calculated using the Capital Asset Pricing Model. This represent the Weighted Average Cost of Capital of the Company.

For the year ended June 30, 2025

Key business assumptions

These assumptions are based on industry data for growth rates and management assess how the unit's position might change over the projected period. Management expects revenues and margins to improve on the basis of multiple strategies.

Sensitivity to changes in assumptions

Management believes that after considering the various scenarios, no reasonably possible change in any of the above key assumptions would cause the carrying value of the unit to materially exceed its recoverable amount.

8.2 Assets under development

Represent expenses incurred for the development of a SaaS Platform encompassing the SaaS Core System, Fleet Telematics and IoT Platform, APIs, and Mobile Apps for both Android and iOS. The Company has performed its annual impairment test as at 30 June 2025 and the recoverable amount is determined using cash flow projections covering a five year period (approved by Board of Directors of the Company). The discount rate applied to cash flow projections is 16.7% (2024: 26.3%) and the The growth rate used to extrapolate the cash flows beyond the five-year period is 4.5% (2024: 8%). As a result of this assessment, the management did not identify any impairment for the cash generating unit to which these assets are allocated as of the reporting date.

11.1 The Company has recognized a deferred tax asset based on its assessment of future taxable profits. At each reporting date, management and the Board of Directors reassess its recoverability, considering updated financial projections for the next five years, which incorporate key assumptions that may impact its realizability. A significant portion of the Company's revenue was derived from the Safe Transport Environment project with the Federal Board of Revenue (FBR), which concluded on 31 December 2024. However, management remains confident that the Company will generate sufficient taxable profits to realize the deferred tax asset in future years.

40 FINANCIAL RISK MANAGEMENT OBJECTIVES AND POLICIES

The Company's activities are exposed to a variety of financial risks namely credit risk, liquidity risk, and market risk. The Company manage these risk through monitoring and controlling activities which are primarily set up to be performed based on limits established by the management. The Board of Directors supervises the overall risk management framework of the Company.

40.1 Credit risk

Credit risk is the risk that one party to a financial instrument will fail to discharge an obligation and cause the other party to incur a financial loss. As of the reported date, the Company is mainly exposed to such risk in respect of the following:

Long term advances and deposits Trade debts Due from related parties Accrued mark-up Bank balances

▶2025	▶2024
Rup	ees
821,097,508 329,040,438 383,982,915 409,985,578 125,824,898 2,069,931,337	824,066,319 565,130,495 469,827,212 463,709,975 159,535,426 2,482,269,427

40.2 Market risk

Market risk is the risk that the fair value of future cash flows of a financial instrument will fluctuate because of changes in market prices. Market prices comprise three types of risk: interest rate risk, currency risk and other price risk.

40.2.1 Interest rate risk

Interest rate risk is the risk that the fair value or future cash flows of the financial instruments will fluctuate because of changes in the market interest rates. The Company's interest rate risk arises from long-term financing and short-term borrowings obtained with floating rates. The following figures demonstrate the sensitivity to a reasonably possible change in interest rate, with all other variables held constant, of the Company's loss before tax:

	(Increase) / decrease in basis points	Effect on (loss) before tax Rupees
2025	+100 -100	14,503,051 (14,503,051)
2024	+100 -100	15,891,168 (15,891,168)

Concentration of credit risk exists when changes in economic or industry factors affect the group of counterparties whose aggregate credit exposure is significant in relation to the Company's total credit exposure.

The table below analyses the credit quality of Company's exposure with respect to bank balances:

Rating category	Rating Agency	▶2025	▶2024

Long term advances and deposits, trade debts, due from related parties and accrued mark-up are neither past due nor impaired.

For the year ended June 30, 2025

40.2.2 Currency risk

Foreign currency risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of the changes in foreign exchange rates. The Company's exposure to the risk of changes in foreign exchange rates relates primarily to the Company's operating activities.

	2025	2024	2025	2024
	Foreign c	urrency	Equivalent	Rupees
Creditors (USD) Creditors (EUR)	(473,885) (42,950)	(455,987) (31,500)	(133,870,222) (14,281,949)	(127,032,031) (9,384,628)

The exchange rates applied during the year and at year end were as follows:

	Average rate		Spot	rate
	2025 2024		2025	2024
US Dollar	280.54	283.84	282.50	278.59
Euro	315.22	308.01	332.53	297.92

Sensitivity analysis

Every 5% increase or decrease in exchange rate, with all other variables held constant, will decrease or increase (loss) / profit before tax for the year by 7.408 million (2024: Rs 6.820 million).

40.2.3 Other price risk

Other price risk is the risk that the fair value of future cash flows of the financial instruments will fluctuate because of changes in market prices such as equity price risk. Equity price risk is the risk arising from uncertainties about future values of investments securities. As at reporting date, the Company is not exposed to equity price risk.

40.3 Liquidity risk

Liquidity risk is the risk that the Company will not be able to meet its financial obligations as they fall due. The Company finances its operations through amount of working capital and equity. The table below summarizes the maturity profile of the Company's financial liabilities based on contractual payments.

FAIR VALUE OF FINANCIAL INSTRUMENTS 42

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

When measuring the fair value of an asset or a liability, the Company uses market observable data as far as possible. Fair values are categorized into different levels in a fair value hierarchy based on the inputs used in the valuation techniques as follows:

Fair value hierarchy

Financial instruments carried at fair value are categorized as follows:

- Level 1: Quoted prices in active markets for identical assets or liabilities;
- Level 2: Inputs other than quoted prices included in Level 1 that are observable for the asset or liability, either directly (as prices) or indirectly (derived from prices); and

Level 3: Inputs for the asset or liability that are not based on observable market data.

The following table shows the carrying amounts and fair values of financial assets and financial liabilities, including their levels in the fair value hierarchy.

INDEPENDENT AUDITOR'S REPORT To the members of TPL Trakker Limited

Report on the Audit of the Consolidated Financial Statements

Grant Thornton Anjum Rahman

1st & 3rd Floor, Modern Motors House, Beaumont Road, Karachi, Pakistan.

T +92 21 35672951-56

Opinion

We have audited the annexed consolidated financial statements of TPL Trakker Limited (the Group) which comprise the consolidated statement of financial position as at 30 June 2025, the consolidated statement of profit or loss and other comprehensive income, the consolidated statement of changes in equity, the consolidated statement of cash flows for the year then ended, and notes to the consolidated financial statements, including a summary of significant accounting policies and other explanatory information, and we state that we have obtained all the information and explanations which, to the best of our knowledge and belief, were necessary for the purposes of the audit.

In our opinion and to the best of our information and according to the explanations given to us, the consolidated statement of financial position, the consolidated statement of profit or loss, and comprehensive income, the consolidated statement of changes in equity and the consolidated statement of cash flows together with the notes forming part thereof conform with the accounting and reporting standards as applicable in Pakistan and give the information required by the Companies Act, 2017 (XIX of 2017), in the manner so required and respectively give a true and fair view of the state of the Group's affairs as at 30 June 2025 and of the loss, total comprehensive loss, the changes in equity and its cash flows for the year then ended.

Basis for Opinion

We conducted our audit in accordance with International Standards on Auditing (ISAs) as applicable in Pakistan. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the consolidated financial statements section of our report. We are independent of the Group in accordance with the International Ethics Standards Board for Accountants' Code of Ethics for Professional Accountants as adopted by the Institute of Chartered Accountants of Pakistan (the Code) and we have fulfilled our other ethical responsibilities in accordance with the Code. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Emphasis of matter

We draw attention to note 11.1 to the consolidated financial statements, which states that deferred tax asset has been recognized on the basis of the financial projections for the next 5 years. The preparation of financial projections involves management's assumptions regarding future business plan and any significant change in such assumptions may have an effect on the realizability of the deferred tax asset. Our opinion is not modified in respect of this matter.

Key Audit Matters

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the consolidated financial statements of the current period. These matters were addressed in the context of our audit of the consolidated financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters. Following are the key audit matters:

Key audit matter

How the matter was addressed in our audit

First year audit

We have been engaged to perform the audit of the Group for the first time i.e., for the year ended 30 June 2025. Initial audit engagements involve a number of considerations not associated with recurring audits. Additional planning activities and considerations necessary to establish an appropriate audit strategy and audit plan include gaining an initial understanding of the Group and its business, obtaining sufficient audit evidence regarding the opening balances including the selection and application of accounting principles and communicating with the previous auditors.

We performed various procedures to obtain sufficient appropriate audit evidence regarding opening balances including the following:

- reviewed the predecessor auditor's work papers and made additional inquiries from predecessor auditors about matters that may affect our audit in the current year.
- ii) evaluated the key accounting matters from prior years.
- iii) evaluated whether accounting policies reflected in the opening balances have been consistently applied in the current year's consolidated financial statements and adequately presented and disclosed in accordance with the financial reporting standards.

Impairment of intangible assets

As disclosed in note 8.1.1 to the consolidated financial statements, intangible assets with indefinite useful life amount to Rs.1,272.47 million as of 30 June 2025. In accordance with the Group's accounting policy, these assets are tested for impairment on an annual basis. The impairment assessment for such assets involves significant judgments and estimates about key business assumptions and discount rate. Changes in these assumptions may lead to a significant change in the carrying values of the related assets and accordingly, we have considered this as a key audit matter.

Our audit procedures included the following:

- assessed the methodology adopted by management for impairment testing, including the determination of CGU to which intangible assets relate.
- ii) evaluated the key assumptions used by management such as forecasted revenue, cash flows, growth rates, discount rate and compared these with historical performance, approved business plans and industry trends.
- iii) performed sensitivity analysis to assess the impact of possible changes in key assumptions on the recoverable amounts and challenged management on the outcomes.
- iv) assessed the adequacy and appropriateness of disclosures for compliance with the requirements of applicable financial reporting framework.

Information Other than the unconsolidated financial statements and Auditor's Report Thereon

Management is responsible for the other information. The other information comprises the information included in the annual report, but does not include the consolidated financial statements and our auditor's report.

Our opinion on the consolidated financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the consolidated financial statements, our responsibility is to read the other information

and, in doing so, consider whether the other information is materially inconsistent with the financial statements, or our knowledge obtained in the audit or otherwise appears to be materially misstated. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Responsibilities of Management and Board of Directors for the consolidated financial statements

Management is responsible for the preparation and fair presentation of the consolidated financial statements in accordance with the accounting and reporting standards as applicable in Pakistan and the requirements of Companies Act, 2017(XIX of 2017) and for such internal control as management determines is necessary to enable the preparation of consolidated financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the consolidated financial statements, management is responsible for assessing the Group's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Group or to cease operations, or has no realistic alternative but to do so.

Board of Directors are responsible for overseeing the Group's financial reporting process.

Auditor's Responsibilities for the Audit of the consolidated financial statements

Our objectives are to obtain reasonable assurance about whether the consolidated financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with ISAs as applicable in Pakistan will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these consolidated financial statements.

As part of an audit in accordance with ISAs as applicable in Pakistan, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the consolidated financial statements, whether due to
 fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is
 sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement
 resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional
 omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Group's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Group's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the consolidated financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Group to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the consolidated financial statements, including the disclosures, and whether the consolidated financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with the Board of Directors regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide the Board of Directors with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with the Board of Directors, we determine those matters that were of most significance in the audit of the consolidated financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the benefits of public interest such communication.

Report on Other Legal and Regulatory Requirements

Based on our audit, we further report that in our opinion:

- a) proper books of account have been kept by the Group as required by the Companies Act, 2017 (XIX of 2017);
- b) the consolidated statement of financial position, the consolidated statement of profit or loss and other comprehensive income, the consolidated statement of changes in equity and the consolidated statement of cash flows together with the notes thereon have been drawn up in conformity with the Companies Act, 2017 (XIX of 2017) and are in agreement with the books of account and returns;
- c) investments made, expenditure incurred and guarantees extended during the year were for the purpose of the Group's business; and
- d) $\,\,\,$ no zakat was deductible at source under the Zakat and Ushr Ordinance, 1980(XVIII of 1980).

Other Matter

The consolidated financial statements of the Group for the year ended 30 June 2024 were audited by another auditor who expressed an unmodified opinion on those statements dated 6 November 2024.

The engagement partner on the audit resulting in this independent auditor's report is Khurram Jameel.

BASIS OF PREPARATION

Statement of compliance 2.1

These consolidated financial statements have been prepared in accordance with the accounting and reporting standards as applicable in Pakistan. The accounting and reporting standards applicable in Pakistan comprise of:

- International Financial Reporting Standards (IFRSs) issued by the International Accounting Standards Board (IASB) as notified under the Act:
- Islamic Financial and Accounting standards (IFAs) issued by the Institute of Chartered Accountants of Pakistan and;
- Provisions of and directives issued under the Act.

Where provisions of and directives issued under the Act differ from IFRSs or IFAs, the provisions of and directives issued under the Act have been followed.

2.2 **Basis of measurement**

These consolidated financial statements have been prepared under the historical cost convention, unless otherwise specifically stated.

2.3 Functional and presentation currency

The consolidated financial statements are presented in Pakistani Rupees, which is the functional and presentation currency of the Group.

2.4 **Basis of consolidation**

These consolidated financial statements include the financial statements of the Holding Company and the financial statements of subsidiary companies from the date on which control of the subsidiary companies by the Holding Company commences until the date control ceases. The financial statements of the subsidiary companies are incorporated on a lineby-line basis and the investment held by the Holding Company is eliminated against the corresponding share capital and pre-acquisition reserve of subsidiary companies in these consolidated financial statements.

3 **NEW ACCOUNTING STANDARDS**

3.1 Accounting standards effective for the year

There are certain new standards and amendments that are mandatory for the Group's accounting period beginning on 01 July 2024, but are considered either to be not relevant or to not have any significant effect on the Group's operations and are, therefore, not detailed in these financial statements.

3.2 Accounting standards not yet effective

There are certain new standards and amendments to the approved accounting standards that will be mandatory for the Group's accounting periods beginning on / after 01 July 2025. However, the Group expects that these standards will not have any material impact on the future financial statements of the Group.

SIGNIFICANT ACCOUNTING JUDGEMENTS AND ESTIMATES

The preparation of financial statements requires management to make judgments, estimates and assumptions that affect the application of policies and reported amounts of assets and liabilities, income and expenses. The estimates and associated assumptions are based on historical experience and various other factors that are believed to be reasonable under the circumstances, the result of which form the basis of making judgments about carrying values of assets and liabilities. The estimates and underlying assumptions are reviewed on an ongoing basis. The estimates and judgements that have significant effect on the financial statements are disclosed in the relevant notes.

For the year ended June 30, 2025

5 MATERIAL ACCOUNTING POLICIES

5.1 Property and equipment

Operating fixed assets

These are stated at cost less accumulated depreciation and accumulated impairment losses, if any. Depreciation is recognised in the consolidated statement of profit or loss applying the straight- line method. Depreciation on additions during the year is charged from the month of addition, whereas, depreciation on disposals is charged upto the month in which the disposal takes place. Major renewals and improvements for assets are capitalized, if recognition criteria is met and the assets so replaced, if any, are retired. Maintenance and normal repairs are recognised in the consolidated statement of profit or loss. Assets residual values, useful lives and method of depreciation are reviewed and adjusted, if appropriate at each reporting date. Initially recognized is derecognized upon disposal or when no future economic benefits are expected from its use or disposal. Gain or loss on derecognition of an asset represented by the difference between the sale proceeds and the carrying amount of the asset, is recognised in the consolidated statement of profit or loss.

Capital work-in-progress

These are stated at cost less accumulated impairment losses, if any, and consist of expenses incurred in respect of operating fixed assets in the course of their acquisition, erection, construction and installation. The assets are transferred to relevant category of operating fixed assets when they are available for use.

5.2 Intangible assets

Operating intangibles

Intangible assets other than goodwill, customers related intangible assets and marketing related intangible assets are stated at cost less accumulated amortisation and accumulated impairment losses, if any. Goodwill, customers related intangible assets and marketing related intangible assets are stated at cost less accumulated impairment losses, if any, as their useful life is indefinite and are tested for impairment annually. For other intangibles, amortisation is charged to the profit or loss applying the straight line method, whereby, the cost of intangible asset is written off over its useful economic life. Full month's amortisation is charged in the month of addition when the asset is available for use, whereas, amortisation on disposals is charged upto the month in which the disposal takes place.

Intangible assets under development

These are stated at cost less accumulated impairment losses, if any, and consist of expenses incurred in the course of their acquisition, erection, development and installation. The assets are transferred to relevant category of intangible assets when they are available for use.

5.3 Right of use assets

The Group recognizes right-of-use assets at the commencement date of the lease. These are measured at cost, less any accumulated depreciation and impairment losses, and adjusted for any remeasurement of lease liabilities. The cost of right-of-use assets includes the amount of lease liabilities recognized, initial direct costs incurred, and lease payments made at or before the commencement date less any lease incentives received. These are depreciated on a straight-line basis over the lease term.

5.3 Leases

The Group recognizes lease liabilities measured at the present value of lease payments to be made over the lease term. In calculating the present value of lease payments, the Group uses the incremental borrowing rate at the lease commencement date. In addition, the carrying amount of lease liabilities is remeasured if there is a modification, a change in the lease term, a change in the in-substance fixed lease payments or a change in the assessment to purchase the underlying asset.

5.4 Investments

Investment in associate is accounted for using equity method of accounting.

5.5 Financial instruments

A financial instrument is any contract that gives rise to a financial asset of one entity and a financial liability or equity instrument of another entity.

For the year ended June 30, 2025

5.5.1 **Financial assets**

a) Initial recognition and measurement

On initial recognition, financial assets are measured at amortised cost, Fair value through other comprehensive income (FVOCI) and Fair value through profit or loss (FVTPL). The classification of financial assets at initial recognition depends on the financial asset's contractual cash flow characteristics and the Group's business model for managing them. The Group initially recognises a financial asset at its fair value plus, in the case of a financial asset not at FVTPL, transaction costs. Purchases or sales of financial assets that require delivery of assets within a time frame established by regulation or convention in the market place (regular way trades) are recognised on the trade date i.e. the date that the Group commits to purchase or sell the asset.

Subsequent measurement b)

Financial assets are subsequently measured as follows:

i) Financial assets at amortised cost

The Group measures financial assets at amortised cost if both of the following conditions are met:

- The financial asset is held within a business model with the objective to hold financial assets in order to collect contractual cash flows; and
- The contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

These are subsequently measured using the effective interest rate (EIR) method and are subject to impairment. Gains and losses are recognised in the consolidated statement of profit or loss when the asset is derecognised, modified or impaired.

ii) Financial assets at FVOCI

Equity instruments designated at FVOCI are measured at fair value, with all subsequent changes in fair value recognized in other comprehensive income and never reclassified to statement of profit or loss, while dividends are recognized in statement of profit or loss when the Group's right to receive payment is established.

iii) Financial assets at FVTPL

The Group does not have any assets at FVTPL during the current and last year and as of the reporting date.

c) **Derecognition**

A financial asset (or, where applicable, a part of a financial asset or a part of a group of similar financial assets) is derecognised where the rights to receive cash flows from the asset have expired, or the Group has transferred its rights to receive cash flows from the asset, or has assumed an obligation to pay the received cash flows in full without material delay to a third party under a pass-through arrangement and the Group

a) Transferred substantially all of the risks and rewards of the asset; or

b) Neither transferred nor retained substantially all the risks and rewards of the asset, but has transferred control of the asset

When the Group has transferred its right to receive cash flows from an asset (or has entered into a passthrough arrangement), and has neither transferred nor retained substantially all of the risks and rewards of the asset nor transferred control of the asset, the asset is recognised to the extent of the Group's continuing involvement in the asset. In that case, the Group also recognises an associated liability. The transferred asset and the associated liability are measured on a basis that reflects the rights and obligations that the Group has retained.

d) Impairment of financial assets

The Group measures expected credit losses (ECLs) for all financial assets not held at FVTPL. ECLs are based on the difference between the contractual cash flows due in accordance with the contract and all the cash

For the year ended June 30, 2025

flows that the Group expects to receive, discounted at an approximation of the original effective interest rate. The expected cash flows will include cash flows from the sale of collateral held or other credit enhancements that are integral to the contractual terms. The Group applies a simplified approach in calculating ECLs. Therefore, the Group does not track changes in credit risk but instead recognizes a loss allowance based on lifetime ECLs at each reporting date. As per IFRS 9 the simplified approach, a provision matrix is applied on its historical credit loss experience, adjusted for forward-looking factors and the economic environment. A financial asset is written off when there is no reasonable expectation of recovering the contractual cash flows.

5.5.2 Financial liabilities

a) Initial recognition and measurement

On initial recognition, financial liabilities are measured at amortised cost and FVTPL. The classification of financial liabilities is determined by the nature of the contractual terms and, where relevant, the Group's designation at initial recognition. Financial liabilities are initially recognised at fair value, and in the case of financial liabilities not at FVTPL, net of transaction costs.

b) Subsequent measurement

Financial liabilities are subsequently measured as follows:

i) At amortized cost

These are subsequently measured using the EIR method. Gains and losses are recognised in statement of profit or loss when the liability is derecognised or modified.

ii) At FVTPL

The Group does not have any liabilities at FVTPL during the current and last year and as of the reporting date.

5.5.2.1 Derecognition

A financial liability is derecognised when the obligation under the liability is discharged or cancelled or expires. Gains and losses on derecognition are recognised in statement of profit or loss.

5.5.3 Offsetting of financial instruments

Financial assets and financial liabilities are offset and the net amount is reported in the consolidated statement of financial position if there is a currently enforceable legal right to offset the recognised amounts and there is an intention to settle on a net basis, to realise the assets and settle the liabilities simultaneously.

5.6 Impairment of non-financial assets

The carrying amounts of non-financial assets other than inventories and deferred tax assets are assessed at date of statement of financial position to ascertain whether there is any implication of impairment. If such an indication exists, the asset's recoverable amount is estimated to determine the extent of impairment loss, if any. An impairment loss is recognised, as an Expenses in the statement of profit or loss. The recoverable amount is higher of an asset's fair value less cost to sell and value in use. Value in use is ascertained through discounting of the estimated future cash flows using a discount rate that reflects current market assessments of the time value of money and the risk specific to the assets.

5.7 Stock-in-trade

These are stated at lower of cost or the Net Realizable Value (NRV). NRV is estimated with reference to the estimated selling price in the ordinary course of business less the estimated costs of completion and estimated costs necessary to make the sale.

5.8 Cash and cash equivalents

These are stated at cost and consist of cash and bank balances net of short term running finance.

5.9 Contract liabilities

A contract liability is the obligation to transfer goods or services to a customer for which the Group has received consideration (or an amount of consideration is due) from the customer. If a customer pays consideration before the Group transfers goods or services to the customer, a contract liability is recognised when the payment is made. Contract liabilities are recognised as revenue when the Group performs under the contract.

For the year ended June 30, 2025

5.10 Staff retirement benefits

The Group operates an recognised provident fund (defined contribution scheme) for its permanent staff. Equal monthly contributions are made, both by the Group and the employees at the rate of 8.33% of basic salary.

The Group operates an unfunded gratuity scheme. As of reporting date, no actuarial valuation of scheme has been carried out since the management believes that the effect of actuarial valuation would not be materially different.

5.11 **Taxation**

Current / levies

The charge for current taxation is computed in accordance with Income Tax Ordinance, 2001 (the Ordinance). The Group has elected to designate the amount computed in accordance with the Ordinance as an income tax within the scope of IAS 12 'Income Taxes' and recognize it as current income tax Expenses. Any excess over the amount designated as income tax is recognized as a levy.

Deferred

Deferred tax is provided using the liability method on temporary differences between the tax bases of assets and liabilities and their carrying amounts for financial reporting purposes at the reporting date. Deferred tax liabilities are recognized for all taxable temporary differences and deferred tax assets are recognized for all deductible temporary differences, unused tax losses and unused tax credits to the extent that it is probable that future taxable profits will be available against which these can be utilized. The carrying amount of deferred tax assets is reviewed at each statement of financial position date and adjusted to the extent that it is no longer probable that sufficient taxable profit will be available to allow all or part of the deferred tax assets to be utilized

5.12 **Provisions**

Provisions are recognised when the Group has a present (legal or constructive) obligation as a result of past events and it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation and a reliable estimate of the obligation can be made. Provisions are reviewed at each reporting date and accordingly adjusted to reflect current best estimates.

5.13 **Revenue recognition**

Revenue from contracts with customers

Revenue from contracts with customers is recognised when control of the goods and services are transferred to the customer at an amount that reflects the consideration to which the Group expects to be entitled in exchange for those goods and services. The Group has generally concluded that it is the principal in its revenue arrangements because it typically controls the goods and services before transferring them to the customer.

- Revenue from sale of goods is recognised at the point in time when control of the goods is transferred to the customer i.e. when goods are installed.
- Revenue from rendering of services is recognised over the time i.e. as and when services are rendered.
- Rentals from tracking devices is recongnized on accrual basis.
- Return on investments and bank accounts is recognized on accrual basis.
- Dividend income is recognized when the right to receive dividend is established.

Foreign currency translation

Transactions in foreign currencies are translated into Pakistani Rupee at the rate ruling at the date of the transaction. Monetary assets and liabilities denominated in foreign currencies are retranslated at the exchange rate ruling at the reporting date. Exchange gains and losses are recognised in the statement of profit or loss. Non-monetary items that are measured in terms of historical cost in a foreign currency are translated using the exchange rates as at the dates of the initial transactions. Non-monetary items measured at fair value in a foreign currency are translated using the exchange rates at the date when the fair value was determined.

As of the reporting date, the goodwill and intangibles with indefinite useful life amounting to Rs. 1,146 million. These assets have been allocated and monitored at the Group level. The Group has performed its annual impairment test as at 30 June 2025 and the recoverable amount is determined using cash flow projections covering a five year period (approved by the Board of Directors of the Company). The discount rate applied to cash flow projections is 16.7% (2024: 26.3%) and the growth rate used to extrapolate the cash flows beyond the five-year period is 4.5% (2024: 8%). As a result of the assessment, the management did not identify any impairment for the cash generating unit to which these assets are allocated.

For the year ended June 30, 2025

Key assumptions used in discounted cashflow calculations

The calculation of discounted cashflow is most sensitive to the following assumptions:

- Discount rates
- Key business assumptions

Discount rates

The discount rate reflects current market assessment of the rate of return required for the business and is calculated using the Capital Asset Pricing Model. The discount rate reflects the Weighted Average Cost of Capital of the Company.

Key business assumptions

These assumptions are based on industry data for growth rates and management assess how the unit's position might change over the projected period. Management expects revenues and margins to improve on the basis of multiple strategies.

Sensitivity to changes in assumptions

Management believes that after considering the various scenarios no reasonably possible change in any of the above key assumptions would cause the carrying value of the unit to materially exceed its recoverable amount.

8.2 Assets under development

Represents expenditure incurred for development of map database including business intelligence and application solutions, SaaS Platform encompassing the SaaS Core System, Fleet Telematics & IoT Platform, APIs, and Mobile Apps for both Android and iOS etc. The Company has performed its annual impairment test as at 30 June 2025 and the recoverable amount is determined using cash flow projections covering a five year period (approved by Board of Directors of the Company). The discount rate applied to cash flow projections is 16.7% (2024: 26.3%) and the The growth rate used to extrapolate the cash flows beyond the five-year period is 4.5% (2024: 8%). 25. **CONTINGENCIES AND COMMITMENTS**

25.1 **Contingencies**

- The Group is defending various suits filed against it in various courts in Pakistan for sums, aggregating to Rs. 13.279 million, related to its business operations. The Group, in view of a legal advice, expects a favorable outcome, accordingly, no provision has been made in these unconsolidated financial statements.
- During the year ended 2023, The Deputy Commissioner, Inland Revenue has passed an Order-in-Original u/s 11 (2) of the Sales Tax Act, 1990, where the difference between sales revenue as declared in financial statements for the year ended 30 June 2017 and the returns filed by the Group for the same tax periods was made taxable, after considering reconciliation submitted by the Group and has raised tax demand of Rs. 56.869 million. However, the Group has filed an appeal to Commission Appeals (CIR-A) against the aforesaid order, whose hearing is affixed after the reporting year. The Group, in view of a legal advice, expects a favorable outcome, accordingly, no provision has been made in these unconsolidated financial statements

For the year ended June 30, 2025

40 FINANCIAL RISK MANAGEMENT OBJECTIVES AND POLICIES

The Group's activities are exposed to a variety of financial risks namely credit risk, liquidity risk, and market risk. The Group manage these risk through monitoring and controlling activities which are primarily set up to be performed based on limits established by the management. The Board of Directors supervises the overall risk management framework of the Group.

40.1 **Credit risk**

Credit risk is the risk that one party to a financial instrument will fail to discharge an obligation and cause the other party to incur a financial loss. As of the reported date, the Group is mainly exposed to such risk in respect of the following:

	72020	72027
	Rupees	
	48,188,706	51,157,517
	460,063,546	742,189,695

	1,241,414,122	1,746,050,923

▶2025

N2024

Concentration of credit risk exists when changes in economic or industry factors affect the group of counterparties whose aggregate credit exposure is significant in relation to the Group's total credit exposure.

For the year ended June 30, 2025

The table below analyses the credit quality of Group's exposure with respect to bank balances:

Bank Balances by short-term rating category	Rating Agency		
A-1+	VIS	14,202,483	1,643,712
A-1	VIS	8,752	8,752
A-1+	PACRA	120,888,666	155,067,402
A-1	PACRA	711,254	2,815,559
		135.811.155	159.535.426

Long term advances and deposits, trade debts, due from related parties and accrued mark-up are neither past due nor impaired.

40.2 **Market risk**

Market risk is the risk that the fair value of future cash flows of a financial instrument will fluctuate because of changes in market prices. Market prices comprise three types of risk: interest rate risk, currency risk and other price risk.

40.2.1 Interest rate risk

Interest rate risk is the risk that the fair value or future cash flows of the financial instruments will fluctuate because of changes in the market interest rates. The Group's interest rate risk arises from long-term financing and short-term borrowings obtained with floating rates. The following figures demonstrate the sensitivity to a reasonably possible change in interest rate, with all other variables held constant, of the Group's loss before tax:

	(Increase) / decrease in basis points	Effect on (loss) before tax Rupees
2025	+100	18,005,341
2025	-100 =	(18,005,341)
2024	+100	20,135,347
2024	-100	(20,135,347)

40.2.2 Currency risk

Foreign currency risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of the changes in foreign exchange rates. The Group's exposure to the risk of changes in foreign exchange rates relates primarily to the Group's operating activities.

	2025	2024	2025	2024
	Foreign c	urrency	Equivalent	Rupees
Creditors (USD) Creditors (EUR)	(473,885) (42,950)	(455,987) (31,500)	(133,870,222) (14,281,949)	(127,032,031) (9,384,628)

The exchange rates applied during the year and at year end were as follows:

	Average rate		Spot rate	
	2025	2024	2024 2025	
			Rupees	
US Dollar	280.54	283.84	282.50	278.59
Euro	315.22	308.01	332.53	297.92

Sensitivity analysis

Every 5% increase or decrease in exchange rate, with all other variables held constant, will decrease or increase (loss) / profit before tax for the year by 7.408 million (2024: Rs 6.820 million).

For the year ended June 30, 2025

40.2.3 Other price risk

Other price risk is the risk that the fair value of future cash flows of the financial instruments will fluctuate because of changes in market prices such as equity price risk. Equity price risk is the risk arising from uncertainties about future values of investments securities. As at reporting date, the Group is not exposed to equity price risk.

40.3 Liquidity risk

Liquidity risk is the risk that the Group will not be able to meet its financial obligations as they fall due. The Group finances its operations through amount of working capital and equity. The table below summarizes the maturity profile of the Group's financial liabilities based on contractual payments.

42 **FAIR VALUE OF FINANCIAL INSTRUMENTS**

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

When measuring the fair value of an asset or a liability, the Group uses market observable data as far as possible. Fair values are categorized into different levels in a fair value hierarchy based on the inputs used in the valuation techniques as follows:

Fair value hierarchy

Financial instruments carried at fair value are categorized as follows:

- Level 1: Quoted prices in active markets for identical assets or liabilities;
- Level 2: Inputs other than quoted prices included in Level 1 that are observable for the asset or liability, either directly (as prices) or indirectly (derived from prices); and

Level 3: Inputs for the asset or liability that are not based on observable market data.

The following table shows the carrying amounts and fair values of financial assets and financial liabilities, including their levels in the fair value hierarchy.

	Total	Level 1	Level 2	Level 3

43 **CAPITAL RISK MANAGEMENT**

The primary objective of the Group's capital management is to ensure that it maintains healthy capital ratios in order to support and sustain future development of its business operations and maximize shareholders' value.

The Group manages its capital structure and makes adjustment to it in the light of changes in economic conditions. The Group monitors capital using a debt equity ratio which is net debt divided by total equity. Equity comprises of share capital, capital reserve and revenue reserve. The gearing ratio as at 30 June 2025 and 30 June 2024 are as follows:

Long-term financing Lease liabilities Short-term borrowings Accrued markup Total debts Less: cash and bank balances Net debt Total equity
